Australia's Arc of Instability Dennis Rumley, Vivian Louis Forbes, Christopher Griffin, 2006-06-30 The idea for this book emerged from a conversation between Vivian Forbes and Charles Eaton following two seminars held in the Department of Geography at the University of Western Australia given by Trevor Soeld and Christopher Griffin more than ve years ago One seminar involved papers from Charles Eaton and Christopher Griffin on the recent Speight coup in Fiji the other given by Trevor Soeld was on the Solomon Islands The seminars were attended by among others Dennis Rumley who on getting

involved in the conversation suggested the idea of a book and then followed through on its scope structure planning and possible contributors Looking back now we owe a special debt of gratitude to Charles Eaton both for his enthusiasm and his ideas then and for his continued support throughout the whole project Since that time ve years ago many people have boarded and have left the Arc Indeed the very project itself exhibited a degree of instability At times it even looked as though it might not stay a oat Thankfully several early boarders remained rmly anchored Other authors were co opted later some at relatively short notice one or two of them under mild duress We extend our heartfelt thanks to all of these contributors for remaining patient enthusiastic and keeping faith with the project Naturally a project like this dealing with such a large and dynamic region will always be out of date The New Global Politics of the Asia Pacific Michael K.
