Bergson Et Le Fait Mystique:

Bergson et le fait mystique Marie Cariou, 1976 **Bergson et le Christ des évangiles** Henri Gouhier, 1999 Les mots philosophie du Christianisme correspondent très exactement à ce qui apparaît dans l'avant dernier chapitre des Deux Sources de la Morale et de la Religion publiées en 1932 Comprendre ces pages ce sera évidemment voir leur rapport à l'œuvre qui les précède or c'est trop peu dire qu'elles la supposent elles la contiennent et l'expriment Chercher leur sens c'est donc se demander comment elles signifient le bergsonisme tout entier L'impression que laisse l'itinéraire de Bergson est celle d'une constante originalité Originalité dont s'aureole chacun de ses livres avec cette différence toutefois qu'elle semble avoir été moins immédiatement et moins vivement sentie pour le dernier d'entre eux Faire ressortir la signification profondément bergsonienne des Deux Sources sera du même coup reconnaître que jusqu'à la fin cette nouvelle philosophie n'a cessé d'être une philosophie nouvelle Bergson, Politics, and Religion Alexandre Lefebvre, Melanie White, 2012-07-16 Bergson Politics and Religion examines the political and religious dimensions of the work of philosopher Henri Bergson Although best known for his ideas on the nature of time memory and evolution in his final book The Two Sources of Morality and Religion 1932 Bergson turned his attention to questions of war moral duty and spirituality The essays in this volume reflect on Bergson as a distinctly political thinker and revitalize his ideas for contemporary political philosophy Contributors include Keith Ansell Pearson Claire Colebrook Leonard Lawlor Paola Marrati Philippe Soulez and Frédéric Worms The Challenge of Bergsonism Leonard Lawlor, 2003-11-01 The Challenge of Bergsonism explores how Bergsonism questions our ways of thinking particularly the concept of reality and ultimately demands a return to ethics The book also includes the first English translation of Jean Hyppolite's highly influential essay Various Aspects of Memory in Bergson **Vestiges of a Philosophy** John Ó Maoilearca, 2022-11-01 In Vestiges of a Philosophy Matter the Meta Spiritual and the Forgotten Bergson John Maoilearca examines the seemingly very different but nonetheless complementary ideas of philosopher Henri Bergson and his occultist sister Mina Bergson aka Moina Mathers to tackle contemporary themes in current materialist philosophy memory studies and the relationship between mysticism and philosophy **Discipline Filosofiche (2008-1)** Barnaba Maj, Rossana Lista, 2008-01-01 **The Philosophical Theology of St. Thomas Aquinas** Elders, 2022-05-20 The philosophical theology of St Thomas Aquinas is the crowning piece of his metaphysics Leo J Elders studies it against the background of the attempts of the great philosophers of the past to penetrate deeper into the knowledge of God While the Introduction treats the nature of philosophical theology according to Aquinas Chapter One presents a concise history of the idea of God in Western philosophical thinking Chapters Two and Three deal with the question of the cognoscibility of God and the Five Ways of St Thomas New solutions are proposed of some difficulties in the Third and Fourth Ways The attributes of God are studied in the order of the Summa theologiae I Chapter Seven considers the grammar of God language The following chapters examine divine knowledge foreknowledge of future events divine will and providence as well as creation

The last chapter deals with the problem of the co existence of God and finite creatures This study shows that the philosophical theology of St Thomas Aquinas is a coherent whole of impressive depth and beauty It has its basis in our daily experience of the world and the general principles of being but its conclusions reach the summits of negative theology

two decades have passed since Chicago published the first volume of this groundbreaking work in the Religion and
Postmodernism series It quickly became influential across a wide range of disciplines and helped to make the tools of
poststructuralist thought available to religious studies and theology especially in the areas of late medieval and early modern
mysticism Though the second volume remained in fragments at the time of his death Michel de Certeau had the foresight to
leave his literary executor detailed instructions for its completion which formed the basis for the present work Together both
volumes solidify Certeau s place as a touchstone of twentieth century literature and philosophy and continue his exploration
of the paradoxes of historiography the construction of social reality through practice testimony and belief the theorization of
speech in angelology and glossolalia and the interplay of prose and poetry in discourses of the ineffable This book will be of

Kelly, 2010-09-29 Examining the revival of Bergsonism for phenomenology leading scholars of both areas inaugurate a dialogue long overdue. By assessing phenomenology's readings of Bergson and Bergsonian challenges to phenomenological methods, the essays in this volume explore anew the issues of central concern in contemporary continental philosophy.

Creative Destruction Lewis Owens, 2003 Owens religious studies Canterbury Christ Church University College seeks to clarify the philosophical and religious views of playwright, journalist and novelist Kazantzakis (1883-1957) arguing that his religious philosophy led him to transcend both communism and nihilism en route to a union with God. Annotation c. Book News, Inc. Portland, OR. bookn. **Early Twentieth-Century Continental Philosophy** Leonard Lawlor, 2012 Early Twentieth Century Continental Philosophy elaborates the basic project of contemporary continental philosophy which culminates in a movement toward the outside. Leonard Lawlor interprets key texts by major figures in the continental tradition including Bergson, Foucault, Freud, Heidegger, Husserl and Merleau-Ponty to develop the broad sweep of the aims of continental philosophy. Lawlor discusses major theoretical trends in the work of these philosophers: immanence, difference, multiplicity and the overcoming of metaphysics. His conception of continental philosophy as a unified project enables Lawlor to think beyond its European origins and envision a global sphere of philosophical inquiry that will revitalize the field. Elan vital et mystique dans la pensée d'Henri Bergson Okpobe Christiane Baka, 2012 La première conception de la religion que nous livre Bergson dans *Les deux sources de la morale et de la religion* semble se révéler un fait anthropologique. Cette religion qu'il décrit comme une réalité statique brouille toute idée de révélation qui se veut pourtant transcendente. L'histoire. La deuxième conception par contre sans être une réflexion systématique sur l'existence d'un Dieu révélateur s'en rapproche par le biais des mystiques. Mais il en reste encore une difficulté pour rejoindre la mystique. Bergson la situe dans le processus volutif d'une réalité naturelle. L'elan vital dont il suit le cours jusqu'à son achèvement. Ainsi se pose la question de la nature transcendantale ou non du fait mystique dans le bergsonisme. La réponse à cette question nécessite non pas seulement une intelligibilité de l'image la plus controversée du vocabulaire bergsonien, l'elan vital, mais surtout une sympathie avec elle qui seule permet d'aller au-delà de la rigidité des mots pour découvrir la vie qui les innerve. Par l'intention d'une marche de l'esprit que le philosophe français recommande comme méthode, la philosophie de l'elan vital se solidarise avec la dure créatrice et devient le langage par lequel l'univers se comprend, le langage de l'amour divin. Il peut alors s'allier avec la mystique sans lui faire perdre sa double essence de réalité humaine et transcendante. **French Xx Bibliography Volume Vi, No.5.
