**Cold War Mary** Peter Jan Margry,2021-01-28 One hardly known but fascinating aspect of the Cold War was the use of the holy Virgin Mary as a warrior against atheist ideologies After the Second World War there was a remarkable rise in the West of religiously inflected rhetoric against what was characterised as godless communism The leaders of the Roman Catholic Church not only urged their followers to resist socialism but along with many prominent Catholic laity and activist movements they marshaled the support of Catholics into a spiritual holy war In this book renowned experts address a variety of grassroots and Church initiatives related to Marian politics the hausse of Marian apparitions during the Cold War period and the present day revival of Marian devotional culture By identifying and analysing the militant side of Mary in the Cold War context on a global scale for the first time Cold War Mary will attract readers interested in religious history history of the Cold War and twentieth century international history      **The Saturday Review of Politics, Literature, Science and Art** ,1894      National Union Catalog ,1978 Includes entries for maps and atlases      Mediaeval and Modern Saints and Miracles George Perkins Marsh,1876      **A Midsummer Drive Through the Pyrenees** Edwin Asa Dix,2022-09-16 In A

*The Forbidden* Benito Pérez Galdós, 2009-03-26 Benito Pérez Galdós considered Spain's most important novelist after Cervantes wrote 77 novels several works of theater and a number of other tomes during his lifetime 1843-1920 His works have been translated into all major languages of the world and many of his most highly regarded novels those of the contemporary period have been translated into English two three and even four times over Of the few contemporary novels of Galdós that until now have not come to light in English *The Forbidden* is certainly among the most noteworthy The story line concerns a wealthy philanderer Jos Mar a Bueno de Guzmán who attempts to buy the favors of his three beautiful married cousins He is successful with the first Eloísa a grasping materialist who falls deeply in love with him Then he rejects her in order to attempt to seduce the youngest Camila Meanwhile the third the pseudo intellectual Mar a Juana jealous seduces Jos Mar a But it is Camila healthy impetuous and wild who resists his temptations and holds our attention The novelist and critic Leopoldo Alas Galdós's contemporary calls her the most feminine graceful lively female character that any modern novelist has painted As a naturalistic study in the manner of Balzac in particular principal characters of Galdós's other novels El doctor Centeno La de Bringas La familia de León Roch become fleetingly visible in *The Forbidden* In addition the entire Bueno de Guzmán family gives evidence of the naturalistic emphasis on heredity they all display certain physical or mental disorders Eloísa has a morbid fear of feathers Mar a Juana often feels that she has a tiny piece of cloth caught in her teeth Jos Mar a suffers bouts of depression an uncle is a kleptomaniac one of the relatives writes letters to himself etc At the same time this novel shows the foibles of Spanish society where status is determined by one's associates by the wearing of finery and by living on borrowed money In their history of Spanish literature Chandler and Schwartz call Galdós the greatest novelist of the nineteenth century and the only one who deserves to be mentioned in the same breath with great novelists like Balzac Dickens and Dostoevsky *The Forbidden* written at the height of the author's creative powers is a major work and its publication for an English speaking audience is long overdue **Bulletin of Hispanic Studies**, 1953 *Hispanic/Latino Theology* Ada María Isasi-Díaz, Fernando F. Segovia, 1996-01-01 U.S. Hispanic/Latino voices have emerged in the last ten years to become one of the strongest and most creative theological movements in the Americas Fully ecumenical and organized in systematic collaborative framework this major volume features Hispanic theology's sources the Bible church history cultural memory literature oral tradition pentecostalism loci urban barrios Puerto Rico exile liberation social sciences Latina feminists and rich and vigorous expressions mujerista theology popular religion theopoetics Hispanic/Latino Theology not only celebrates the full flowering of U.S. Latino work it also splendidly reveals the exciting possibilities and future shape of contextual theologies in close touch with the daily realities of struggling people

*The Righteous and People of Conscience of the Armenian Genocide* Gérard Dédéyan, Ago Demirdjian, Nabil Saleh, 2023-06-29 This book tells the stories of the Muslims Christians Jews and others who made a courageous stand against the mass slaughter of Ottoman Armenians in

1915 the first modern genocide Foreigners and Ottomans alike ran considerable risks to bear witness and rescue victims sometimes sacrificing their lives Diplomats humanitarians missionaries lawyers and other visitors to the Empire stood up including Tolstoy's daughter Alexandra Raphael Lemkin the jurist who first established genocide as an international crime and the polar explorer Fridtjof Nansen who recognised and relieved the plight of stateless Armenian refugees Ottoman subjects from officials and officers to ordinary townspeople and villagers faced near certain death for their entire family by resisting orders and helping Armenians Unlike the Righteous of the Holocaust these heroes have been systematically ignored and erased a major injustice Based on fresh research and hoping to repay a moral debt to Ottoman Muslims who braved everything to rescue the authors forebears this book is an important moving testament to a grievously overlooked aspect of the Armenian tragedy

**Framing Mary** Amy Singleton Adams, Vera Shevzov, 2018-04-24 Despite the continued fascination with the Virgin Mary in modern and contemporary times very little of the resulting scholarship on this topic extends to Russia Russia's Mary however who is virtually unknown in the West has long played a formative role in Russian society and culture Framing Mary introduces readers to the cultural life of Mary from the seventeenth century to the post Soviet era It examines a broad spectrum of engagements among a variety of people pilgrims and poets clergy and laity politicians and political activists and the woman they knew as the Bogoroditsa In this collection of well integrated and illuminating essays leading scholars of imperial Soviet and post Soviet Russia trace Mary's irrepressible pull and inexhaustible promise from multiple disciplinary perspectives Focusing in particular on the ways in which both visual and narrative images of Mary frame perceptions of Russian and Soviet space and inform discourse about women and motherhood these essays explore Mary's rich and complex role in Russia's religion philosophy history politics literature and art Framing Mary will appeal to Russian studies scholars historians and general readers interested in religion and Russian culture

**Medical Miracles** Jacalyn Duffin, 2009 Modern culture tends to separate medicine and miracles but their histories are closely intertwined The Roman Catholic Church recognizes saints through canonization based on evidence that they worked miracles as signs of their proximity to God Physician-historian Jacalyn Duffin has examined Vatican sources on 1400 miracles from six continents and spanning four centuries Overwhelmingly the miracles cited in canonizations between 1588 and 1999 are healings and the majority entail medical care and physician testimony These remarkable records contain intimate stories of illness prayer and treatment as told by people who rarely leave traces peasants and illiterates men and women old and young A woman's breast tumor melts away a man's wounds knit a lame girl suddenly walks a dead baby revives Suspicious of wishful thinking or naive enthusiasm skeptical clergy shaped the inquiries to identify recoveries that remain unexplained by the best doctors of the era The tales of healing are supplemented with substantial testimony from these physicians Some elements of the miracles change through time

Duffin shows that doctors increase in number new technologies are embraced quickly diagnoses shift with altered capabilities But other aspects of the miracles are stable The narratives follow a dramatic structure shaped by the formal questions asked of each witness and by perennial reactions to illness and healing In this history medicine and religion emerge as parallel endeavors aimed at deriving meaningful signs from particular instances of human distress signs to explain alleviate and console in confrontation with suffering and mortality A lively sweeping analysis of a fascinating set of records this book also poses an exciting methodological challenge to historians miracle stories are a vital source not only on the thoughts and feelings of ordinary people but also on medical science and its practitioners      *General Catalogue of Printed Books* British Museum.
