The trail is described in 16 stages with alternative stages covering some popular variants including an optional detour to visit the famed monastery at the Great St Bernard Pass. Each stage includes clear route description and mapping plus notes on local points of interest and accommodation options. An alternative itinerary list of useful contacts, kitlist and glossary can be found in the appendices. The AV1 crosses cols of nearly 3000m as it traverses the side valleys of the main Aosta Valley. **Walking the Galloway Hills** Ronald Turnbull, 2019-07-15. This guide covers 34 day walks and one long distance route in the wild and remote hills of Galloway. Although there are some shorter and easier routes, many of these hill walks are long and on rugged terrain so are more suitable for experienced walkers. The walks cover the evocative areas of The Merrick, The Awful Hand, The Rhinns of Kells, the Minnigaff hills and Cairnsmore of Fleet among others. The guide uses OS 1:50,000 maps with detailed route descriptions and photos accompanying each route. Key information such as distance, time and ascent are given. A harshness grade gives an indication of how rough the ground is expected to be and suggestions of variants, shortcuts and ways to extend each walk are also given. The Galloway Hills are small but special. They stretch just 15 miles from west to east and 25 miles north to south, almost as small as Snowdonia. Within this largely pathless area there are 28 summits over 2000ft/600m, including four Corbetts. Plenty of background information is given on the region's fascinating and important history.

**The Mountains of Romania** Janneke Klop, 2020-02-15. This guide describes 27 short treks of 2-6 days and 10 day walks in the mountains of Romania. Although there is a slight focus on Transylvania, most of the main massifs are included, with chapters covering the Mountains of Maramures, the Eastern Carpathians, the mountains around Brasov, the Fagara, the region between the Olt and the Jiu, the Retezat, the mountains of Banat and the Apuseni. Also included is an ascent of Moldoveanu, Romania's highest peak at 2544m. There is a wealth of advice to help you plan your trip and organise the logistics of your walk or trek. Some routes avail of the network of mountain huts, others offer opportunities to camp in attractive wild locations. Overviews and a route summary table make it easy to choose an appropriate excursion. Each route includes clear description and mapping as well as notes on accommodation and access; some can be accessed by public transport although others require either pre-arranged pick-up or hitchhiking. There are fascinating insights into Romania's colourful culture and history and appendices containing hut listings, useful contacts and a helpful glossary. The graded routes are as varied as Romania's diverse landscapes. They take in rolling hills, craggy karst peaks, glacial lakes and Europe's last virgin forests, with other highlights including Transylvanian castles, wooden churches, the Piatra Craiului ridge and the spectacular Sapte Scari (Seven Ladders) and Turda Gorges. Historic towns such as the medieval towns of Brasov and Sibiu and the spa resort of Vatra Dornei offer easy access to the mountains, other

routes visit remote villages that have changed little over the centuries where self sufficiency is still very much the way of life All in all the guide is a perfect companion to discovering the unspoilt beauty of Romania s enchanting mountain regions
