**Bernhard Schobinger** Bernhard Schobinger, Glenn Adamson, Florian Hufnagl, 2014 This overview of rings made by the Swiss Bernhard Schobinger illustrates why he is considered as one of the most expressive critical and inspiring contemporary exponents of art jewelry **Annelies Štrba** Annelies Štrba, Bernhard Schobinger, Douglas Hyde Gallery, 1999 Bernhard Schobinger , Bernhard Schobinger Roger Fayet, Florian Hufnagl, 2003-07-01 There is no doubt at all about Bernhard Schobinger being a megastar of the contemporary jewelry scene Whereas his earlier jewelry reveals the influence of Punk and the radical negation of middle class values more recent pieces tend to emanate an aura of mysticism An example of the mischievous delight in experimenting is the way he links diamonds with objects that may have been retrieved from a rubbish bin a gesture that brands the glitter of the diamonds as the fallout of the throw away society The indissoluble link between Bernhard Schobinger's jewelry and the photographs by Annelies Štrba a leading contemporary photographer and video artist has been forged by Štrba's documentary approach to recording these pieces In presenting an apposite selection of Štrba's photographs of jewelry this book not only clarifies the features that the two media have in common but also reveals the differences between the two areas of artistic achievement Text in English and German The Prize of Success Jonas Berthod, 2024-04-02 In the small world of Swiss graphic design prizes such as the Swiss Design Awards SDA are followed closely The winners works are admired envied and emulated The generous prize money allows designers to launch their careers and focus on lesser paid but critically recognised work Awards thus play the role of bellwethers of the scene However criticisms inevitably arise Speaking in hushed tones designers speculate as to why a colleague won over another Rumours have it that jury members favour their inner circles and exclude competitors Analysing this universe in detail Jonas Berthod retraces the recent history of the SDA and the emergence of a new design culture in Switzerland *Bernhard Schobinger, postindustrielle schmuckobjekte* , 1999 *Layout Workbook* Kristin Cullen, 2007-05 An inspired resource for creating meaningful design A Layout Workbook is one of five volumes in Rockport's series of practical and inspirational books that cover the fundamental areas of graphic design In this edition author Kristin Cullen tackles the often perplexing job of nailing down a layout that works A More than a collection of great examples this book is a valuable resource for students designers and creative professionals who seek design understanding and inspiration The book illuminates the broad category of layout communicating specifically what it takes to design with excellence It also addresses the how and why of the creative process A Cullen approaches layout with a series of step by step fundamental chapters addressing topics such as design function inspiration process intuition structure organization the interaction of visual elements typography and design analysis **Shades of Time with Bernhard Schobinger** Annelies Štrba, 1999 **500 Wedding Rings** Lark Books, Marthe Le Van, 2007 Presents a wide range of creative wedding ring designs from the world's most innovative designers and jewelers showcasing a collection of contemporary handmade wedding bands and engagement

One of the significant advantages of Bernhard Schobinger books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes.
