A Splendid Intelligence Cathy Curtis,2021-11-16 The first biography of the extraordinary essayist critic and short story writer Elizabeth Hardwick author of the semiautobiographical novel Sleepless Nights Born in Kentucky Elizabeth Hardwick left for New York City on a Greyhound bus in 1939 and quickly made a name for herself as a formidable member of the intellectual elite Her eventful life included stretches of dire poverty romantic escapades and dustups with authors she eviscerated in The New York Review of Books of which she was a cofounder She formed lasting friendships with literary notables including Mary McCarthy Adrienne Rich and Susan Sontag who appreciated her sharp wit and relish for gossip progressive politics and great literature Hardwick s life and writing were shaped by a

turbulent marriage to the poet Robert Lowell whom she adored standing by faithfully through his episodes of bipolar illness Lowell's decision to publish excerpts from her private letters in *The Dolphin* greatly distressed Hardwick and ignited a major literary controversy Hardwick emerged from the scandal with the clarity and wisdom that illuminate her brilliant work most notably *Sleepless Nights* a daring lyrical and keenly perceptive collage of reflections and glimpses of people encountered as they stumble through lives of deprivation or privilege *A Splendid Intelligence* finally gives Hardwick her due as one of the great postwar cultural critics Ranging over a broad territory from the depiction of women in classic novels to the civil rights movement from theater in New York to life in Brazil Kentucky and Maine Hardwick's essays remain strikingly original fiercely opinionated and exquisitely wrought In this lively and illuminating biography Cathy Curtis offers an intimate portrait of an exceptional woman who vigorously forged her own identity on and off the page

Teaching Literature and Medicine Anne Hunsaker Hawkins, Marilyn Chandler McEntyre, 2016-01-01 Both the actualities and the metaphorical possibilities of illness and medicine abound in literature from the presence of tuberculosis in Franz Kafka's fiction or childbed fever in Mary Shelley's *Frankenstein* to disease in Thomas Mann's *Death in Venice* or in Harold Pinter's *A Kind of Alaska* from the stories of Anton Chekhov and of William Carlos Williams both doctors to the poetry of nurses derived from their contrasting experiences These are just a few examples of the cross pollination between literature and medicine It is no surprise then that courses in literature and medicine flourish in undergraduate curricula medical schools and continuing education programs throughout the United States and Canada This volume in the MLA series *Options for Teaching* presents a variety of approaches to the subject It is intended both for literary scholars and for physicians who teach literature and medicine or who are interested in enriching their courses in either discipline by introducing interdisciplinary dimensions The thirty four essays in *Teaching Literature and Medicine* describe model courses deal with specific texts authors and genres list readings widely taught in literature and medicine courses discuss the value of texts in both medical education and the practice of medicine and provide bibliographic resources including works in the history of medicine from classical antiquity

The American Essay in the American Century Ned Stuckey-French, 2011-05-31 In modern culture the essay is often considered an old fashioned unoriginal form of literary styling The word essay brings to mind the uninspired five paragraph theme taught in schools around the country or the antiquated Edwardian meanderings of English gentlemen rattling on about art and old books These connotations exist despite the fact that Americans have been reading and enjoying personal essays in popular magazines for decades engaging with a multitude of ideas through this short form means of expression To defend the essay that misunderstood staple of first year composition courses Ned Stuckey French has written *The American Essay in the American Century* This book uncovers the buried history of the American personal essay and reveals how it played a significant role in twentieth century cultural history In the early 1900s writers and critics debated the

death of the essay claiming it was too traditional to survive the era's growing commercialism labeling it a bastion of British upper class conventions Yet in that period the essay blossomed into a cultural force as a new group of writers composed essays that responded to the concerns of America's expanding cosmopolitan readership These essays would spark the magazine revolution giving a fresh voice to the ascendant middle class of the young century With extensive research and a cultural context Stuckey French describes the many reasons essays grew in appeal and importance for Americans He also explores the rise of E B White considered by many the greatest American essayist of the first half of the twentieth century whose prowess was overshadowed by his success in other fields of writing White's work introduced a new voice creating an American essay that melded seriousness and political resolve with humor and self deprecation This book is one of the first to consider and reflect on the contributions of E B White to the personal essay tradition and American culture more generally The American Essay in the American Century is a compelling highly readable book that illuminates the history of a secretly beloved literary genre A work that will appeal to fiction readers scholars and students alike this book offers fundamental insight into modern American literary history and the intersections of literature culture and class through the personal essay This thoroughly researched volume dismisses once and for all the death of the essay proving that the essay will remain relevant for a very long time to come *Latino Writers and Journalists* Jamie Martinez Wood, 2014-05-14 Provides short biographies of Latino American writers and journalists and information on their works

Reinterpreting the Spanish American Essay Doris Meyer, 2010-06-25 Latin American women have long written essays on topics ranging from gender identity and the female experience to social injustice political oppression lack of educational opportunities and the need for female solidarity in a patriarchal environment But this rich vein of writing has often been ignored and is rarely studied This volume of twenty one original studies by noted experts in Latin American literature seeks to recover and celebrate the accomplishments of Latin American women essayists Taking a variety of critical approaches the authors look at the way women writers have interpreted the essay genre molded it to their

expression and created an intellectual tradition of their own. Some of the writers they treat are Flora Tristan, Gertrudis Gómez de Avellaneda, Clorinda Matto de Turner, Victoria Ocampo, Alfonsina Storni, Rosario Ferré, Christina Peri Rossi, and Elena Poniatowska. This book is the first of a two-volume project that reexamines the Latin American essay from a feminist perspective. The second volume, also edited by Doris Meyer, contains thirty-six essays in translation by twenty-two women authors.

Estranging the Familiar George Douglas Atkins, 1992. In *Estranging the Familiar*, G. Douglas Atkins addresses the often lamented state of scholarly and critical writing as he argues for a criticism that is at once theoretically informed and personal. The revitalized critical writing he advocates may entail but is not limited to a return to the essay the form critical writing once took and the form that is now enjoying a resurgence of popularity and excellence. Atkins contends that to reach a general audience, criticism must move away from the impersonality of modern criticism and contemporary theory without embracing the old-fashioned essay. The venerable familiar essay may remain the basis, Atkins writes, but its conventional openness, receptivity, and capaciousness must extend to theory, philosophy, and the candor that seems to mark the tail end of the twentieth century. In noting the timeliness, if not the necessity, of a return to the essay, Atkins also considers our culture's parallel return to the personal. When the essay combines good writing with the concerns of the personal, Atkins says, it becomes a form of criticism that is readable, vital, and potentially attractive to a large readership. Atkins hopes critics will tap into the revitalized interest the essay now enjoys without ignoring the considerable insights and advances of contemporary theory. He argues that despite claims to the contrary, there is no inherent incompatibility between the essay and modern theory. As Atkins considers various experiments in critical writing from Plato to the present, notably feminist interest in the personal and autobiographical, he contends that these attempts, although undeniably important, fall short of the desired goal when they emphasize the merely expressive and neglect the artful quality good writing can bring to personal criticism. The final third of the book consists of a series of experiments in critical writing that represent the author's own attempts to bridge the gap between theory and popular criticism, between an academic and a general audience. In essays that illustrate the rhetorical power of the form, Atkins describes the reciprocal relationship between his life experience and a reading of *The Odyssey*, explains the role that theory has played in his personal development, and chronicles his attempts to find a voice as a writer.

In Other Words: Literature by Latinas of the United States Roberta Fernández, 1994-01-01. Roberta Fernández has gathered the best and most representative examples of fiction, poetry, drama, and essay currently being written by Latina writers of the United States. The work is arranged by genre, and topics are as varied as the voices and styles of the writers: the challenge of living in two cultures, experiencing marginality as a result of class, ethnicity, and/or gender; Latina feminism; the celebration of one's culture and its people. Most of the pieces are in English, and some are presented bilingually in English and Spanish. A preface and an introduction by the editor, and a foreword by the noted critic of Latin American literature, Jean Franco, serve to contextualize the writers and their work. A primary and secondary bibliography
