The Little Magazine in Contemporary America Ian Morris, Joanne Diaz, 2015-04-09 Little magazines have often showcased the best new writing in America Historically these idiosyncratic small circulation outlets have served the dual functions of representing the avant garde of literary expression while also helping many emerging writers become established authors Although changing technology and the increasingly harsh financial realities of publishing over the past three decades would seem to have pushed little magazines to the brink of extinction their story is far more complicated In this collection Ian Morris and Joanne Diaz gather the reflections of twenty

three prominent editors whose little magazines have flourished over the past thirty five years Highlighting the creativity and innovation driving this diverse and still vital medium contributors offer insights into how their publications sometimes succeeded sometimes reluctantly folded but mostly how they evolved and persevered Other topics discussed include the role of little magazines in promoting the work and concerns of minority and women writers the place of universities in supporting and shaping little magazines and the online and offline future of these publications Selected contributors Betsy Sussler BOMB Lee Gutkind Creative Nonfiction Bruce Andrews L A N G U A G E Dave Eggers McSweeney s Keith Gessen n 1 Don Share Poetry Jane Friedman VQR Amy Hoffman Women s Review of Books and more

The Best of the Best American Poetry David Lehman, Harold Bloom, 1998-04-02 Every year since 1988 a major poet has selected seventy five poems for publication in The Best American Poetry The series has quickly grown in both sales and prestige as poetry itself has seen a remarkable resurgence in popularity and vitality fueled by established poets at the peak of their powers and a new generation of daring voices As we approach the millennium now is the opportune moment to take stock of american poetry and choose the work that will stand the test of time Harold Bloom a commanding presence on the American literary state has read all 750 poems in the series and has picked the best of the best He precedes his selections with a compelling and highly provocative essay on the state of American letters in which he fiercely champions the endangered realm of the aesthetic over the politically correct Diverse in style method and metaphor the seventy five poems Bloom has chosen go a long way toward defining a contemporary canon of American poetry This exciting volume reflects not only the taste of the current editor but the predilections of the all star list of poets who have contributed their time and intellect to make this series what is today a valuable invaluable supervaluable Beloit Poetry Journal record of an ever changing always exciting art

Jorie Graham Thomas Gardner, 2005 Jorie Graham is one of the most important American poets now writing This first book length study brings together thirteen previously published essays and review essays by many of the major critics currently interested in her work and five new essays commissioned for this volume Commenting on each of Graham s eight poetry collections these essays encompass the range of critical thought that her work has attracted both surveying it broadly and engaging closely with individual poems These essays identify three broad concerns that run through each of her strikingly different volumes of poems the movement of the mind in action the role of the body in experiencing the world and the pressures of material conditions on mind and body alike Gardner both shows how Graham is being read at the moment

and charts new areas of investigation likely to dominate thinking about her over the next decade This collection is sure to become the crucial first step for all future work on Graham and on American poetry of the last two decades

Wallace Stevens And The Apocalyptic Mode Malcolm Woodland, 2009-11 Wallace Stevens and the Apocalyptic Mode focuses on Stevens's doubled stance toward the apocalyptic past his simultaneous use of and resistance to apocalyptic language two contradictory forces that have generated two dominant and incompatible interpretations of his work The book explores the often paradoxical roles of apocalyptic and antiapocalyptic rhetoric in modernist and postmodernist poetry and theory particularly as these emerge in the poetry of Stevens and Jorie Graham This study begins with an examination of the textual and generic issues surrounding apocalypse culminating in the idea of apocalyptic language as a form of discursive mastery over the mayhem of events Woodland provides an informative religious historical discussion of apocalypse and engaging with such critics as Parker Derrida and Fowler sets forth the paradoxes and complexities that eventually challenge any clear dualities between apocalyptic and antiapocalyptic thinking Woodland then examines some of Stevens's wartime essays and poems and describes Stevens's efforts to salvage a sense of self and poetic vitality in a time of war as well as his resistance to the possibility of cultural collapse Woodland discusses the major postwar poems *Credences of Summer* and *The Auroras of Autumn* in separate chapters examining the interaction of anti-apocalyptic modes with respectively pastoral and elegy The final chapter offers a perspective on Stevens's place in literary history by examining the work of a contemporary poet Jorie Graham whose poetry quotes from Stevens's oeuvre and shows other marks of his influence Woodland focuses on Graham's 1997 collection *The Errancy* and shows that her antiapocalyptic poetry involves a very different attitude toward the possibility of a radical break with a particular cultural or aesthetic stance *Wallace Stevens and the Apocalyptic Mode* offering a new understanding of Stevens's position in literary history will greatly interest literary scholars and students
