Quarterly Essay 16 Breach of Trust Raimond Gaita, 2004-12-01 In the fourth Quarterly Essay of 2004 Raimond Gaita confronts essential questions about politics as it is practised today What do politicians mean when they talk about trust Why is truthfulness important Are we as politically and morally divided as the Americans Does the war on terror authorise leaders to do things that once were considered beyond the pale Gaita argues for a conception of politics in which morality is not an optional extra He discusses why successful politicians must at times be economical with the truth but shows a way beyond cynicism on the one hand and moralising on the other Politics he says is conceivably a noble vocation as well as potentially a tragic one He looks closely at patriotism and its distortions and the temptation to betray our deepest values in the act of protecting ourselves Combining gentle evocation with gloves off argument Breach of Trust is a clarion call from one of Australia's leading thinkers I have never met anyone who believes that politicians should never lie But of course there are limits They are not set in the heavens but in culture Raimond Gaita

Journalism: Critical Issues Allan, Stuart, 2005-01-01. Over the years it has been frequently remarked that journalism is at a crossroads, indeed so often that it risks sounding somewhat clichéd, yet there is every indication that its very forms, practices and institutions are being decisively transformed with startling implications. Accordingly, the principal aim of this book is to help provide the basis for new dialogues to emerge regarding journalism today as well as about where it may be heading tomorrow. *Journalism: Critical Issues* poses a series of important questions afresh, questions deserving of much greater attention than they have typically received to date. Each of the contributors seeks to challenge conventional ways of thinking about the critical issue at stake in their respective chapter. In so doing, it is their intention to further our understanding but also to encourage future explorations with the potential to revitalise journalism studies. In adopting this approach, it is hoped that the book will make for a lively argumentative in the best sense of the word and engaging intervention. *Disasters that Changed Australia* Richard Evans, 2009. From natural phenomenon such as Cyclone Tracy and the Ash Wednesday and Black Friday fires to key moments in our military history such as Flanders in 1917 and the fall of Singapore, this is an essential guide to understanding the people, the ideas and the events that defined the course of Australia's history. **Sport, Culture & Media** Rowe, David, 2003-12-01. Examining the ways in which media sport has insinuated itself into contemporary everyday life, this book traces the rise of the sports media and the economic and political influences on and implications of the media sports cultural complex. Great Australian Sporting Stories Ian Heads, Norman Tasker, 2019-10-29. Heads and Tasker legends themselves set out to write a book that would continue the trail laid by early days sporting scribes of long ago. I could not put it down. John Coates, AC President of the Australian Olympic Committee. I know readers will enjoy the many stories and anecdotes that Heads and Tasker have accumulated over more than a century combined in journalism. Ian Chappell, former Australian cricket Captain. Australia enjoys a rich sporting heritage. Our small population has yielded a disproportionate number of champions. These sports stars have become known worldwide as fierce combatants and honourable competitors achieving soaring victories but also heart-pounding near wins and humbling defeats. Veteran Australian sports journalists Ian Heads and Norman Tasker have seen it all. In these 65 original stories we hear of the

explosive introduction of World Series Cricket in 1977 which turned a genteel endeavour into a high octane contest and the clash of the titans as Packer and Murdoch squared off over the Super League war We see Rugby Union become a battleground for race and the Olympics an arena for sublime acts of courage and achievement We get an insider's perspective on every kind of sporting endeavour from boxing to tennis cricket to AFL athletics to rugby league and not just the action on the field but the change room gossip and clubhouse politics as well Written with wit insight and a wealth of knowledge *Great Australian Sporting Stories* is an enthralling expedition into the combative collegiate entertaining and always exciting world of Australian sport

Rabbit Syndrome Don Watson, 2001-12-01 In the fourth Quarterly Essay Don Watson takes an analytical look at the ways in which the Australian imagination has always been dominated by America Why are they so much better than we are Even when it comes to producing books like the Updike Rabbit sequence that tell us what we are like Why are they also a land of executioners who have nevertheless created the least bad empire the world has seen Can we really expect to be deputies to America And what about our own sacred story the progressive one that we have sold for the sake of the Americanisation of our own society If we can't have a friendly independent relationship with America why don't we go the whole hog and join them In a dark brooding moody essay Don Watson plays on the paradoxes of Australia's feeling about America and offers a scathing view of an Australian culture that is asking to be engulfed by its great and powerful friend because the mental process is already so advanced This is a brilliant meditation round a set of paradoxes that are central to our long term anxieties and hopes this is a Quarterly Essay that plays on our most fundamental fears including the most terrifying of all that we shall cease to exist because we have never been Peter Craven Introduction The Australian story does not work anymore or not well enough to hang the modern story on The most useful thing is to recognise that we took the biggest step we have ever taken towards the American social model And this has profound implications for how we think of Australia and how we make it cohere Don Watson *Rabbit Syndrome*

Sport, Literature, Society Alexis Tadié, J.A. Mangan, Supriya Chaudhuri, 2016-04-08 Sport studies and sports history have witnessed a recent substantial increase in publications However the relationship between literature and sport has been little explored *Sport Literature Society* looks at a wide variety of case studies ranging from Japan to England from India to Australia and covers sports as diverse as cycling football wrestling and boxing It concentrates on historical perspectives The contributors are all academics of international reputation and include historians of sport and literary scholars Literature may shape our perceptions and reactions to sport as much as sport may inform our reading As mimetic practice as aesthetic object as imaginative release sport is analogous to literature and the other arts at the same time it can become the subject of literary visual or musical elaborations Literature often conceptualises the place and role of sport in culture and society Indeed sport inhabits literature in ways that have not been adequately studied Sport studies have investigated the relationships between sport and society education gender nation and class To look again at these relationships through the prism of literature enables us to change

our focus and to assess the centrality of sport in culture This book was published as a special issue of the International Journal of the History of Sport Beyond Belief John Button,2002-02-01 In Beyond Belief John Button looks at what has gone wrong with the Labor Party What has happened to the faith of the True Believers and why is the ALP so bad at recruiting new members He offers a tough minded analysis of what went wrong in the last election and asks why the Labor Party has turned its back on its destiny as a party of reform Here is a very cool account of the factions which seem to stand for nothing but their own power bases and the unions who both give and get little from the ALP In a withering analysis John Button looks at the quality of Labor members and the short sightedness of a party turning its back on ideas This is an essay by a man who still believes in Chifley s light on the hill but who thinks the only hope lies with New Believers Beyond Belief represents one of the coolest and most disheartening accounts of a great political party this country has seen This is the Australian Labor Party seen from the perspective of an elder statesman who has an absolute belief in the moral superiority of the Labor cause but who seriously doubts whether the ALP will ever achieve government again and who distinctly implies that in its present state it is not fit for it Peter Craven Introduction After the election debacle some people blamed the Tampa and September 11 But the simple fact is that the ALP had not built an adequate policy profile or built up sufficient enthusiasm and respect for its style of politics Without these it had no hope of differentiating its position on refugees and asylum seekers from the government s when this became the key issue of the election John Button Beyond Belief This issue also contains correspondence discussing Quarterly Essay 5 Girt by Sea from Alison Broinowski Gerard Henderson John Hirst Philip Ruddock Angela Shanahan Robyn Spencer and Mungo MacCallum **Australia's Sporting Success** John Bloomfield,2003 The extraordinary performances of Australian athletes and the awareness of the system that fostered them came to the world s attention during the Sydney Olympic Games in 2000 Bloomfield traces the development of Australian sport from the early 19th century to the modern day institutions that drive our sporting success **Indigenous People, Race Relations and Australian Sport** Christopher J. Hallinan,Barry Judd,2016-05-06 The Indigenous peoples of Australia have a proud history of participation and the achievement of excellence in Australian sports Historically Australian sports have provided a rare and important social context in which Indigenous Australians could engage with and participate in non Indigenous society Today Indigenous Australian people in sports continue to provide important points of reference around which national public dialogue about racial and cultural relations in Australia takes place Yet much media coverage surrounding these issues and almost all academic interest concerning Indigenous people and Australian sports is constructed from non Indigenous perspectives With a few notable exceptions the racial and cultural implications of Australian sports as viewed from an Indigenous Australian Studies perspective remains understudied The media coverage and academic discussion of Indigenous people and Australian sports is largely constructed within the context of Anglo Australian nationalist discourse and becomes most emphasised when reporting on aspects of racial and cultural explanations of Indigenous

sporting excellence and failures associated anomalous behaviour This book investigates the many ways that Indigenous Australians have engaged with Australian sports and the racial and cultural readings that have been associated with these engagements Questions concerning the importance that sports play in constructions of Australian indigeneities and the extent to which these have been maintained as marginal to Australian national identity are the central critical themes of this book This book was published as a special issue of *Sport in Society* *Australian Book Review*, 2005-03 **Aussie Rules For Dummies** Jim Maine, 2012-04-12 Created especially for the Australian customer Facts tips and stats for players spectators and coaches Fully updated with all the latest rule changes and including expanded skills coaching and training chapters Aussie Rules For Dummies 2nd Edition takes you from getting a grip on the basics to more advanced aspects of playing watching and coaching Australia's national game Packed with practical information and fascinating anecdotes this is the simplest clearest and most detailed guide to AFL available Discover how to Understand positions umpires and scoring Gear up correctly and avoid and treat injuries Improve your playing skills and coach effectively Appreciate the clubs competitions and awards *Murderball* Will Swanton, 2009 They call it Murderball An impossibly brutal game that you can't believe is a Paralympic sport Players in reinforced steel chairs smash into each other with deadly intent and animal ferocity You expect massive casualties in every game But as one of the players says What have we got to lose It's not like we're going to break our necks again Australian Ryley Batt a 20 year old who was born with no legs and webbed hands is considered the world's best player He and his colleagues are determined to become the No 1 Murderball team in the world And after what they've been through *Australian National Bibliography*, 1997-10 *"Kangaroo Court"* John Hirst, 2005-05-01 The Family Court was a progressive reform of the 1970s Now it is perhaps the most hated institution in Australia In the Kangaroo Court John Hirst investigates what went wrong This is a measured yet unsparing appraisal which interleaves individual cases with compelling legal and moral argument Hirst takes us deep into the workings of the Court and the domestic apocalypses it sees every day He explores the Court's fervour to uphold the best interests of the child no matter what and traces its chilling consequence a court where malicious allegations regularly go unpunished He notes the Court's enormous power over individual lives as well as its self-proclaimed status as a caring court and wonders at its ability to overlook the defiance of its own authority In closing he considers how to reform an institution that has bred antagonism and extremism and too often entrenched paranoia and despair Lucid and urgent Kangaroo Court is a cautionary tale about the perils of high mindedness when it comes to dealing with the breakdown of families When Family Court judges talk piously of the caring court I wish they could hear the roar of pain that their piety has caused John Hirst Kangaroo Court This issue also contains correspondence discussing Quarterly Essay 16 Breach of Trust from Paul Kelly Paul Bongiorno Mungo MacCallum Natasha Cica Alex Miller and Raimond Gaita *Girt By Sea* Mungo MacCallum, 2002-03-01 In *Girt By Sea* Mungo MacCallum provides a devastating account of the Howard government's treatment of the refugees as well as delineating the factors in

Australian history which have worked towards prejudice and those which have worked against it ranging from Calwell's postwar immigration policy to the recent revelations of beat ups and distortions in the 2001 election campaign This is a powerful account of how the government played on what was ultimately the race issue In an essay which is by terms witty dry and bitingly understated Mungo MacCallum asks what epithets are appropriate for a prime minister who has brought us to this pass He also raises the question of whether Australia's contemporary treatment of refugees has anything in common with the sane and decent policies that have characterised the better moments in our history it will take a long time to recover from the campaign of hate and fear which was deemed to be necessary to return the Howard government in the first year of the new millennium Mungo MacCallum Girt By Sea This most cold eyed of one time Canberra chroniclers brings to this story all his wit and dryness and power of mind It's a sad tale though it is everywhere enlivened by MacCallum's tendency to suggest that spades really are bloody shovels at the end of the day Peter Craven A document of immense power MacCallum's essay will stand as a record of Australia's shame and depravity It will haunt us Julian Burnside Australian Book Review Mungo's assertion that Howard is a man with no vision only division to his name and his recognition that Howard will never have the approval of those elites he so gratuitously desires is a blistering strike at the Liberal man Geoff Parkes Journal of Australian Studies Mungo MacCallum has long been one of Australia's most influential and entertaining political journalists in a career spanning more than four decades Mungo has worked with the Australian the Age the Financial Review Sydney Morning Herald and numerous magazines as well as the ABC SBS Channel Nine and Channel Ten His books include the bestselling Mungo The Man Who Laughs The Good the Bad and the Unlikely Australia's Prime Ministers and The Whitlam Mob
