the many English translations You will find much of the spirit of the original in the translations by Bryant by Lord Derby and by old George Chapman as well as in the admirable prose rendering by Butcher and Lang but you can get none of it in any so called simplified version My object in writing this Story of the Golden Age has been to pave the way if I dare say it to an enjoyable reading of Homer either in translations or in the original I have taken the various legends relating to the causes of the Trojan war and by assuming certain privileges never yet denied to story tellers have woven all into one continuous narrative ending where Homer's story begins The hero of the Odyssey a character not always to be admired or commended is my hero And in telling the story of his boyhood and youth I have taken the opportunity to repeat for your enjoyment some of the most beautiful of the old Greek myths If I have now and then given them a coloring slightly different from the original you will remember that such is the right of the story teller the poet and the artist The essential features of the stories remain unchanged I have all along drawn freely from the old tragedians and now and then from Homer himself nor have I thought it necessary in every instance to mention authorities or to apologize for an occasional close imitation of some of the best translations The pictures of old Greek life have in the main been derived from the Iliad and the Odyssey and will I hope help you to a better understanding of those poems when you come to make acquaintance directly with them Should you become interested in the Story of the Golden Age as it is here related do not be disappointed by its somewhat abrupt ending for you will find it continued by the master poet of all ages in a manner both inimitable and unapproachable If you are pleased with the discourse of the porter at the gate how much greater shall be your delight when you stand in the palace of the king and hearken to the song of the royal minstrel
