Contrasting Ideals and Ends in the American and French Revolutions Miguel A. Faria, Jr., 2024-11-26 This book describes momentous events in the American and French Revolutions The American revolutionaries were nationalist patriots who wanted independence from Great Britain and to create a new nation based on the principles of classical liberalism and Natural Rights theory Their goal was the attainment of life liberty and the pursuit of happiness inherent in the God given or Nature derived rights of free men They did not seek to overturn the basic institutions of society as eventually the French revolutionists did when they destroyed churches desecrated tombs and even renamed the months of the year creating a new revolutionary calendar The French revolutionists adopted the revolutionary slogan Liberté égalité Fraternité but they did not grasp the fact that the leveling of society was incompatible with liberty And regarding fraternity they did not mean the brotherhood of all men because the nobility and common citizens who did not hold the purest aims of Jacobin ideology were exterminated *Handguns and Freedom* Joe Pierre, 2002-12 Of what good are the freedoms spelled out in the Bill of Rights if the people lack the power to enforce them As Thomas Hobbes Noted in 1651 in his book *Leviathan* Covenants without the Sword are but Words and of no strength to secure a man at all The attempts by liberal forces in this country in the last few decades to deprive the American people of their private firearms and thus to deny them their constitutionally guaranteed right to own and carry private means of self defense is an old and infamous pattern of conduct dating back centuries a common practice of tyrants If the people do not resist this effort we are in dire danger of losing not only our other freedoms which are enumerated in the Bill of Rights but also the blessings of liberty which the Preamble proclaimed was one of the main goals of the government established by that document This book is intended to serve as an alarm both to the well meaning but misled who are unwittingly being used by sinister forces who would destroy our freedoms but also for those who are oblivious to the battle for the palladium of our freedoms the Second Amendment to the Constitution [A Citizen's Guide to Politics in America](#) Barry R. Rubin, 2000-06-15 Designed as an antidote for civic apathy and disillusionment this guide takes the reader through the process of successful political action for change from the germ of an idea to finding allies getting the word out and building support to effect the desired result [The Best Defense](#) Robert A. Waters, 1998 *The Best Defense* is a collection of stories of people who have saved themselves from harm by use of a firearm A fascinating collection of human interest stories **Gun Culture or Gun Control?** Peter Squires, 2012-12-06 In 1996 the shooting and killing of 16 young children in a Dunblane primary school provoked wide reaching parliamentary reform to British gun laws Within months virtually all privately owned handguns had been outlawed *Gun Culture or Gun Control* presents the first substantial analysis of the social and political reactions to events in Dunblane and also examines many of the wider issues relating to gun
