seeking support for the Aspen Institute for Humanistic Studies to embark on a policy oriented program in vocational education The reason for the request which was generously granted by the foundation was stated as follows The federal program on vocational education dates from World War I Important changes were made in later legislation in 1963 and 1976 affecting the programs conducted by the Department of Health Education and Welfare The recently enacted Comprehensive Employment and Training Act CETA of the Department of Labor has brought large federal support to efforts to reduce unemployment especially for youth by providing preparatory training It may be an understatement to report that the programs of these two government departments have lacked adequate coordination in Washington or in the field Certainly there is a long way to go in improving both policy and program and an opportunity presents itself in preparing the policies to be proposed to the Congress when the vocational education program next comes up for reconsideration in 1980 and 1981 Responsibility for preparing the administration's position and recommendations lies with the Deputy Assistant Secretary for Planning and Evaluation of HEW Michael O Keefe The Woman Scientist Clarice M.
