One Man's Story_revision for Tasha Don Jenkins,2013-04-30 The life of Don

Jenkins written and recorded in his own words **Selling Above and Below the Line** William Miller, 2015-02-11 Most salespeople work hard to become proficient in reaching the frontline managers in their markets However a salesperson who wishes to achieve long lasting success with a client will learn how to also appeal to top level executives from an above the line perspective Master sales trainer Skip Miller shows how to simultaneously sell to both the frontline manager as well as the executive who is more concerned with profit loss indicators such as ROI time saved risk lowered and productivity improved a strategy used by Google Apple Cisco WebEx and other powerhouses In Selling Above and Below the Line you will learn how to Create energy by including executives early in the sales process Ask the right questions and pinpoint big picture financial needs Keep below the line managers from feeling bypassed Uncover value propositions that target each set of decision makers Sales that seem locked in will stall or go dark Customers who have been loyal to you suddenly back out of the relationship due to decisions made above the manager's head This often could have been avoided had the salesperson been intentional to sell both the technical and financial fit In Selling Above and Below the Line learn to effectively communicate both leading to more successful and lucrative deals than ever before You!! The Next Millionaire Jaya Raj Kozandapani, 2014-10-22 Almost everyone in this world wants Wealth Success and Happiness From the perspective of the subconscious mind The Universe is an Extension of The Individual and it is the conscious mind that keeps thinking that one is a part of or belongs to the Universe This book teaches you how to connect to the Universal Mind through your subconscious mind in order to fulfill your intentions and desires After reading this book you will begin to understand that your hard work your background your ethnicity your country your family your teachers and even You from the conscious state of mind plays less than 10% role in determining who you could become It is the subconscious mind which plays 90% of the turns and events that will eventually enable you to realize your desires in realizing any dreams including wealth You begin to to understand the connection between you and the universe and what you do as you merge deeper into your co existence with everything around you You will begin to realize that the current financial situation you are leading is an accumulation of thought patterns and memories imprinting it time and again and channelling itself to the Greater Universal Mind through waves emanating from your subconscious mind This waves and vibrations emanating from your subconscious mind will be the determinant of the magnitude in financial success Why financial success Because you are in the material world and you are using your mind waves to bring about results of materialistic kind You are already tasting everything in your thought but you could not touch your thoughts because it is in immaterial form So now you get it Use your mind connect to the Universal Mind and get what you want in the Material World By proper activation of the thought pattern you channel your desires to the Higher Mind and wait That is all it takes By this you move the Hands of the Universe quicker and more effectively You become active and proactive So does the Universe that embodies you Although many of us are successful in career we still find we are not living our dreams Like Galileo Galilei once said We cannot teach people anything we can only help them
