book provides children with several modes to play The modes are described below

- 1 Play vs Time This mode allows parents to choose a specific time period and ask the children to solve riddles in that time This way children can even try to break their own records by striving to solve as many riddles as they can in a particular time To keep the kids motivated and interested we should not choose very long periods of time One hundred twenty seconds seem to be the best time to keep things entertaining
- 2 Play as long as the player doesn't fail an answer This mode can keep the kids engaged and their self confidence can increase by every riddle they solve We can even choose what kind of riddles to play for this mode from easy to hard
- 3 Play a set of 10 questions riddles and then compare the scores This mode can keep all of our children involved at the same time We can set them up individually in a competition or even as teams Being in a competition can motivate them to do better This mode can help children learn teamwork and bonds not just between siblings but also the family can become stronger In the end we can compare who got the highest points and maybe even decide prizes for making this activity more interactive
- 4 Just play having fun This mode frees us of any rules We can play any way we want The aim is just to have fun We can mix up the easy to hard riddles and just enjoy solving them without any competition or setting time limits
