The Best-Laid Plans Randal O'Toole, 2007-09-25 Some people think they know all the answers They know how far you should live from your job They know how big your backyard should be They know how cities and forests should grow Government planners claim to know all of that and more They say that if you want to live in pleasant communities enjoy beautiful wilderness and get to work on time you should put them in charge But 30 years of research has convinced Randal O Toole one of Newsweek s top 20 movers and shakers in the West that they re wrong In The Best Laid Plans he shows in case after case that government planning frequently causes the very problems it is intended to solve

Combining theory with case studies to underscore his analysis O Toole calls for repealing federal state and local planning laws and proposes reforms that can help solve social and environmental problems without heavy handed government regulation The Best Laid Plans is a powerful challenge to the conventional wisdom about public lands urban growth and government planning *Best-Laid Plans* Lawrie McFarlane, Carlos Prado, 2002-03-26 Is health care like the BC Ferry Service or Ontario Hydro Lawrie McFarlane and Carlos Prado argue that health care is being treated as though it were just another public utility and that the present crisis in medicare has developed precisely because of this approach In The Best Laid Plans they contend that what health care needs is less centralized management and the restoration of empowerment to both patients and care givers Contrary to recent attempts to reform health care which have been based on the assumption that all health care needs is better management McFarlane and Prado contend that what separates health care from other public services is the complex relationships between the service providers doctors nurses physiotherapists etc and their clients patients and the tendency for these relationships to evolve in unpredictable ways Using Michael Foucault's genealogical and ethical analyses to explain the unpredictable nature of interactions in a high stakes emotionally loaded environment the authors demonstrate how planning administration delivery and reform of a basic public service have gone wrong Best Laid Plans Jessica Halliday Hardie, 2022-08-30 Given the range of possibilities open to women today what futures do adolescent girls dream of and pursue And how do social class and race play into their trajectories In asking young women about their aspirations in three areas school work and family Best Laid Plans demonstrates how future plans are framed by notions of gendered responsibilities and abilities Through her examination of the lives of poor working class and middle class Black and White young women as they navigate the transition to adulthood sociologist Jessica Halliday Hardie defines anew what it means for young women to come of age In particular Hardie shows how social capital either possessed or lacked is not simply a resource for planning for the future but a structure whose form and function varies by social class and race As these inequalities persist into adulthood high aspirations social capital and careful planning bolster some young women while hindering others Drawing on qualitative data from a five year period Best Laid Plans makes the case for why we need to move beyond the individual appeal to dream bigger and plan better and toward systematic changes that will put young people's aspirations within reach *The Best-Laid Plans* Addison Albright, 2019-06-01 A death that wasn't what it seemed A kidnapping that isn't what it seems Time is running out The morning after his wedding night Prince Marcelo thought he'd be embarking on a journey to his own personal fairytale happily ever after with his husband Efren the crown prince of Zioneven But when news arrives indicating his sister's death wasn't as accidental as previously thought that journey becomes fraught with danger Enmeshed in political intrigue death and a kidnapping that might not be what it seems will Efren untangle the web of misleading clues in time to save the naive young man he's already come to admire Or will Marcelo dig deep to discover a previously untapped inner strength and determination to facilitate his own survival *Best Laid Plans* B.
