was a major part of the self image and esteem of nearly all Canadians Until suddenly an interloper appeared that was like no other competitor Canada had ever met It was a far off country that lacked advanced equipment and facilities had only recently taken up the sport and had even brazenly decided not as other countries had done to learn the game as mere pupils of the Canadian masters Rather largely through the genius of one remarkable leader this newcomer would blaze its own trail audaciously inventing an entirely new style of play along with a unique approach to skills development and physical conditioning that led to a breathtakingly exciting and effective spectacle that even the game s creators had never conceived Finally and perhaps most significantly this new competitor represented a political system that was openly hostile to the freedom and values taken for granted in the West and openly proclaimed its superiority predicting that it would one day spread throughout and dominate the world Thus to Canadians overcoming this unexpected threat became not only a matter of national honor but also a crusade for the Free World This newcomer was Russia the USSR and the seeming life and death struggle that ensued for four decades is an unbelievable tale that became the greatest sports drama ever known Here is the never before told full story of this historic confrontation told from both sides from the people who lived it and from what was being reported as the events were happening
