The ^AOrigins of Sex Faramerz Dabhoiwala, 2012-05-01 A book that reveals how where and when Western attitudes toward sex were revolutionized and how this has shaped the course of modern history Richardson's 'Clarissa'

and the Eighteenth-Century Reader Tom Keymer, Thomas Keymer, 2004-06-24 Whilst drawing to some extent on recent theoretical studies this book restores Clarissa to its largely neglected eighteenth century context **Novel Minds** R. Tierney-Hynes, 2015-12-11 Eighteenth century philosophy owes much to the early novel Using the figure of the romance reader this book tells a new story of eighteenth century reading The impressionable mind and mutable identity of the romance reader haunt eighteenth century definitions of the self and the seductions of fiction insist on making an appearance in philosophy

Samuel Richardson and the Art of Letter-Writing Louise Curran, 2016-03-17 Examines Samuel Richardson's letters and novels and explores the interconnection between fiction and correspondence in eighteenth century literature

The Expedition of Humphry Clinker (Second International Student Edition) (Norton Critical Editions) Tobias Smollett, 2016-04-04 This revised Norton Critical Edition restores the original full title to the 1771 epistolary and picaresque novel In choosing supporting materials Evan Gottlieb emphasizes the growing recognition of Smollett as both a major British author and a central player in eighteenth century London's vibrant publishing world In his last and finest novel Tobias Smollett uses multiple letter writers to create a very funny and nearly kaleidoscopic vision of life in mid eighteenth century Britain As his protagonists travel about the countryside on their quest to restore patriarchy Matthew Bramble's health they unwittingly succeed in uniting Britain across boundaries of nation class religion and gender The text of this Norton Critical Edition is again based on the first edition of 1771 It is accompanied by explanatory footnotes illustrations by Thomas Rowlandson for the 1793 edition and a map by Charles Scavey A new Backgrounds and Contexts section includes selections from Smollett's popular early poetry as well as important later nonfiction writing on history and the novel and the Anglo Scottish Union among others Criticism is divided into two sections and presents the most important reviews and scholarly assessments of The Expedition of Humphry Clinker Early Reviews and Criticism collects four major reviews from 1771 along with Sir Walter Scott's 1821 preface to the novel Contemporary Criticism focuses on recent scholarship with its emphasis on Smollett's connection and relevance to topics of critical interest including nationalism colonialism the history of the novel gender studies and the histories of religion and medicine Contributors include Eric Rothstein John Zomchick Robert Mayer Charlotte Sussman David Weed Evan Gottlieb Tara Ghoshal Wallace Misty G Anderson and Annika Mann A chronology of Smollett's life and work and a selected bibliography are also included

Samuel Richardson's Published Commentary on Clarissa, 1747-1765 Vol 2 Florian Stuber, Margaret Anne

Doody,2024-10-28 This three volume set brings together all that Samuel Richardson himself published on the composition printing and interpretation of *Clarissa* The various short works reveal Richardson s reactions to the concerns and issues raised by contemporary readers **Persuasion after Rhetoric in the Eighteenth Century and Romanticism** Yasmin Solomonescu,Stefan H. Uhlig,2024-07-18 While the question of how rhetoric lost authority to modern philosophical and scientific inquiry has drawn much scrutiny we have paid less attention to how values that were once bound up with rhetoric were rearticulated after its demise This volume explores how persuasion ceased to be the seemingly self evident objective of rhetoric and became instead a variable and substantive focus for discussion in its own right After rhetoric ceded much of its centrality to logic and empirical procedures the significance and implications of persuasion were the subject of renewed attention in a range of different fields including philosophy law poetry novels botany cultural criticism historiography political thought and public lecturing *Persuasion after Rhetoric in the Eighteenth Century and Romanticism* maps how values of persuasion were adapted and diversified in ways that still resonate with current arguments about conviction understanding and belief Contributors address the figurations of persuasion in a range of theorists and writers from Jean Jacques Rousseau Adam Smith Immanuel Kant Edmund Burke and Mary Wollstonecraft to Samuel Richardson Jane Austen Thomas De Quincey Thomas Campbell William Hazlitt Heinrich Heine William Lloyd Garrison and Frances Ellen Watkins Harper This collection offers a detailed account of persuasive interests at the threshold of modernity It also prompts us to rethink persuasion now that its continued efficacy seems at risk in a fragmented public sphere **The Evolution of Sympathy in the Long Eighteenth Century** Jonathan Lamb,2015-10-06 This work represents a concise history of sympathy in the eighteenth and early nineteenth centuries considering the phenomenon of shared feeling from five related angles charity the market global exploration theatre and torture **Women, Accounting and Narrative** Rebecca E. Connor,2004-04-22 In the early eighteenth century the household accountant was traditionally female Socio linguistic acts of feminized accounting are examined alongside property originality and the development of the early novel *The Oxford Companion to English Literature* Dinah Birch,2009-09-24 Written by a team of more than 150 contributors working under the direction of Dinah Birch and ranging in influence from Homer to the Mahabharata this guide provides the reader with a comprehensive coverage of all aspects of English literature **Clarissa on the Continent** Thomas O. Beebee,2011-08-31 *Clarissa on the Continent* defines and explores two strategies of literary translation creative vs preservative and strong vs weak as they transform one of the most influential English novels Thomas Beebee compares the two opposing strategies as they influence the French translation of *Clarissa* by the novelist Antione Fran ois de Pr vost and the German translation by the G ttingen Orientalist Johann David Michaelis and in doing so he demonstrates that each translator found authority for his procedure within the text itself Each translation is also examined in light of Richardson s other writings and placed in its literary and cultural context This study uses translations in order to interpret *Clarissa* to show how the basis for the novel s

reception on the Continent was laid and to explore the differences and interactions among three literary and cultural systems of the eighteenth century The close examination of these two important translations enable the formulation of not only a theory of creative vs preservative translation but also the interconnections between literary theory and translation theory Beebe also looks at later translations of Clarissa as products of literary and historical change and at Protestant strategies of the novel

The Rhetoric of Sensibility in Eighteenth-Century Culture Paul Goring, 2004-12-23 The Rhetoric of Sensibility in Eighteenth Century Culture explores the burgeoning eighteenth century fascination with the human body as an eloquent expressive object This wide ranging study examines the role of the body within a number of cultural arenas particularly oratory the theatre and the novel and charts the efforts of projectors and reformers who sought to exploit the textual potential of the body for the public assertion of modern politeness Paul Goring shows how diverse writers and performers including David Garrick James Fordyce Samuel Richardson Sarah Fielding and Laurence Sterne were involved in the construction of new ideals of physical eloquence bourgeois sentimental ideals which stood in contrast to more patrician classical bodily modes Through innovative readings of fiction and contemporary manuals on acting and public speaking Goring reveals the ways in which the human body was treated as an instrument for the display of sensibility and polite values

The Language of the Heart, 1600-1750 Robert A. Erickson, 1997-01-29 Erickson English U of California Santa Barbara examines both scientific and romantic portrayals of the human heart in early modern English literature After reviewing the Biblical heart he considers William Harvey's model of a phallic pump in a feminized body Milton's Paradise Lost Richardson's Clarissa Aphra Behn's Oroonoko as a woman's perspective and other works Annotation copyrighted by Book News Inc Portland OR

Passion and Virtue David Blewett, 2001-01-01 Richardson's novels reveal the conflict of human passion in all its aspects love lust and suffering This conflict is considered and critically analysed in fourteen essays all originally published in Eighteenth Century Fiction

Shakespeare and the Eighteenth-Century Novel Kate Rumbold, 2016-03-08 Explores the significant presence of Shakespeare in major novels of the eighteenth and early nineteenth centuries

Proper Words in Proper Places Robert James Merrett, 2024-04-08 Proper Words in Proper Places Dialectical Explication and English Literary History explores how literary history intertwines cultural political philosophical religious and commercial influences with literary production to create new ways of reading meaning and understanding The text provides a delightful and surprising mix of canonical and non canonical texts that merge many genres and literary allusions to highlight the complexities of literary historiography Simultaneously Proper Words in Proper Places digests the challenges of literary history and prepares readers to formulate for themselves the multiplicity of its nature and function Drawing from texts published between 1670 and 1920 Robert J Merrett demonstrates how the mixing and involvement of literary forms with such influences as painting music theatre natural history and notions of civility and spirituality erode simplistic ideas about the nature of narrative His keen analysis of the traditional and experimental rhetoric of the texts serves to illustrate the

double vision of the humanities and shows how the liberal arts enlighten contemporary moral issues. Additionally, the chapters probe through their diverse models of reading how mixed literary genres oblige us to create textual memories as our readings unfold. Merrett's linguistic and contextual analyses heighten cognitive, psychological, and aesthetic processes, thereby demonstrating that poems, plays, novels, and other literary forms mix lexical registers and interdisciplinary discourses to counter literal mindedness. *Proper Words in Proper Places* is a unique work unsettling notions of periodicity, promoting interdisciplinarity, and countering educational indifference toward literary and aesthetic cultures. Its explanations of the diversity of literary historiography could easily inform new design models for survey courses and help prepare those about to enter teaching professions who are expected to be familiar with the philosophical and contextual problems that motivate literary texts. It promises stimulating and thought provoking study and invites readers to develop a sense of how literature operates as a system based on philosophical contraries and logical paradoxes. **The Tested Woman Plot** Lois E.

Bueler, 2001. In this study, Lois E. Bueler examines in broad literary historical terms what she calls the Tested Woman Plot, a story machine that originated in the ancient Mediterranean world as in the stories of Eve and Lucretia, flourished in English Renaissance drama as in *Much Ado about Nothing* and *The Changeling*, and continued into the novels of the eighteenth and nineteenth centuries as in *Clarissa*, *Adam Bede*, and *The Scarlet Letter*. Encyclopedic in scope, *The Tested Woman Plot* is a provocative look at a key narrative tradition that spans many genres and should appeal to all serious students of literature.
