Classic Woodcut Art And Engraving An International Collection And Practical Handbook:

Classic woodcut art and engraving John R. Biggs, 1988 **The Woodcut Artist's Handbook** George Alexander Walker, 2005 A clearly written practical and illustrated handbook to woodcut techniques and printmaking both a how to book and reference for printmakers designers and collectors that includes finished examples by accomplished woodcut artists

The Inverted Line George Alexander Walker, 2000 George A Walker did not make it into An Engraver's Globe and looking through this collection of his wood engravings I see again exactly why An editor should not present as a fool one who has persisted in his folly to become wise if the wisdom cannot really be shown in the space available better to omit than risk making him look silly On the evidence of just a couple of works George Walker does look clumsy in a field where finesse is prized perhaps to excess But give him his head as here and you see an artist of sustained and wacky integrity half way between Posada and Krazy Kat Is the work any good Yes of course it is Of course too if you go for rough trade in wood engraving you end where you began some of this does look like beginner's work But Walker does things with engraving I've not seen anyone else do look at Raguwl Angel of Vengeance His images of people in cars are startlingly expressive he can draw look at The Printer's hand and the break of light around him has Walker bodged the ear here to prove he can't draw so there But he can and does His small images have power and sometimes even humour and tenderness even though he presents himself as an obsessive the Mad Hatter of wood engraving **Waterstone's Guide to Books** Waterstone & Co., Ltd, 1989
