Classification Of Institutions Of Higher Education 1994:

The status of academic libraries in the United States results from the 1994 academic library survey with historical comparisons , *Academic Libraries* ,1996 **The Carnegie Classification of Institutions of Higher Education** ,2001 **Education Statistics Quarterly** ,2000 The National Center for Education Statistics NCES fulfills a congressional mandate to collect and report statistics and information showing the condition and progress of education in the United States and other nations in order to promote and accelerate the improvement of American education *A Good Match* Rebecca Watson-Boone,2007 Library personnel managers SLIS recruiters college and university guidance counselors along with those considering LIS as a career gain behind the scenes perspectives on the lives of real liberal arts educated librarians who have chosen this service oriented profession In this seminal research Watson Boone independent researcher and former academic librarian investigates the relationship in the College Alumni Librarians Study CALS surveys 431 librarians who graduated from eight liberal arts colleges Carleton Denison Earlham Grinnell Kalamazoo Lawrence Macalester and Swarthmore from 1962 2000 Following up related studies and connecting to broader library career issues this study complements prior quantitative studies with a qualitative approach covering 39 years Library personnel managers SLIS recruiters college and university guidance counselors and *The Status of Academic Libraries in the United States* Margaret Werner Cahalan,2001 *The Professoriate* Anthony Welch,2005-05-13 This indispensable guide provides a unique insight into the academic profession at a time of major change It is organized both thematically and geographically with attention given to regions rarely covered such as China and Latin America For the first time here is a book that critically assesses the condition of the professoriate at a time of momentous change when the profession is fracturing along fault lines

The status of academic libraries in the United States results from the 1996 academic library survey with historical comparisons , *In Pursuit Of Prestige* Charles A. Goldman,Charles Goldman,Susan M. Gates,Anthony Brewer,Dominic J. Brewer, The heart of the book is an analysis showing how these strategies are carried out based on site visit data from 26 highly diverse colleges and universities This broad sampling covers all geographic regions of the country and every type of institution from elite research universities to community colleges The authors then consider what strategies are possible in particular markets and how they affect students and competing institutions Their conclusions draws out the implications of strategy and competition for the various customers of the U S higher education industry Groundbreaking and genuinely exploratory in methodology In Pursuit of Prestige will be essential reading for anyone concerned with the future of higher education **BOOK JACKET** **Two-Year Colleges for Women and Minorities** Barbara Townsend,2002-12-24 This book focuses upon approximately 250 nonprofit two year colleges with a student body that is entirely female or at least 25 percent black Hispanic or Native American These special focus colleges include two year colleges historically black colleges HBC s Hispanic serving institutions HIS s and tribal colleges with some of these schools

being church affiliated Many of these schools serve as shining examples of how a genuine commitment to access and achievement for female students of color can enhance these students academic success **Science & Engineering**

Indicators ,2004 *Mapping the Higher Education Landscape* F. van Vught,2009-03-28 An important contribution to the international discussion on higher education globalization and worldwide rankings of higher education institutions this volume criticizes the existing one dimensional and aggregated international ranking models and suggests an interesting and exciting new approach of multi dimensional mapping of higher education institutions The text gives readers a window on the unique process of developing a new approach to creating effective transparency in the diversity of higher education systems It describes the conceptual practical and methodological frameworks relevant to this new approach whose development was based on theoretical and empirical literature on diversity in higher education The authors report on the design methodology and research that were applied to develop the new instrument and also place it in the context of current supranational and national higher education policies The new system emerged from a top level EU project to design the first European classification of higher education institutions as a tool for mapping the diversity of the higher education landscape The editor and chapter authors are all international leaders in the field who took part in the multi year project They also explore the potential application of the classification in the contexts of the Bologna Process and the European Higher Education and Research Areas EHEA and ERA The book analyzes too how the system can be used at the level of individual higher education institutions where the classification is shown to be a useful instrument for strategic institutional profiling This volume will be of interest to politicians and policy makers in higher education at the supranational national and sub national levels and to leaders and managers of higher education institutions and associations It is also highly relevant to staff members and advisors at different policy levels to higher education researchers and students and to all who are interested in the further development of higher education systems and institutions The Condition of Education ,2005 Includes a section called Program and plans which describes the Center s activities for the current fiscal year and the projected activities for the succeeding fiscal year *Higher Education in the United States* James J. F. Forest,Kevin Kinser,2002-06-21 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs

of providing remedial education to growing numbers of students who are unprepared for postsecondary education Higher Education in the United States provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis *Places Rated Almanac* David Savageau, 2007 In this unique reference every one of America's 379 metropolitan areas is rated by factors that are important to anyone considering a move Divided into nine thoroughly researched main topics this guide derives its information as much from private sources as government sources providing a well rounded description of all that each metro area has to offer ambience housing jobs crime transportation education health care recreation and climate With a personalized quiz to help determine the most important factors of an area this ratings sourcebook provides a wealth of information for those looking to move and the armchair traveler alike *The Innovative Campus* Joy Rosenzweig Kliever, 1999 This 2003 book focuses on species within the genus Homo to investigate the evolutionary origins of characteristic human patterns **Life After College** Alexander C. McCormick, 1999 This report presents findings of the second follow up in the Baccalaureate and Beyond Study a longitudinal study which is tracking students who received a bachelor's degree in academic year 1992-93 Major findings indicated that 1 when they graduated from college 85 percent of the degree recipients expected to earn an advanced degree by 1997 30 percent had actually enrolled 21 percent had either attained a degree or were still enrolled and 9 percent had left without a degree and that 2 overall 89 percent of the original group were employed in April 1997 76 percent were working only another 13 percent were combining school and work 5 percent were enrolled only and 6 percent were neither working nor enrolled Following an executive summary the main body of the report analyzes findings concerning educational expectations in 1993 and 1997 progression to graduate and first professional education and actual participation in graduate and first professional education A compendium presents tables showing data on the employment and enrollment status of 1992-93 college graduates A glossary and technical notes are appended DB International Students at US Community Colleges Gregory Malveaux, Krishna Bista, 2021-07-22 This volume documents the experiences of international students and recent international initiatives at US community colleges to better understand how to support and nurture students potential Offering a range of case studies empirical and conceptual chapters the collection showcases the unique curricula and diverse opportunities for career development that colleges can offer international students International Students at US Community Colleges addresses issues of student access enrolment barriers college choice and challenges relating to integration in academic and professional networks Ultimately the book unpacks institutional factors which inhibit or promote the success of international students at US community colleges to inform faculty student affairs administration and institutional policy With international students declining enrollment this book considers the measures being taken by community college officials to bring continued access and equity to international students Offering insights from a range of international scholars as well as on the ground case studies this text will benefit researchers academics and educators with an interest in multicultural
