Teaching Psychology Douglas A. Bernstein, 2014-06-26 This volume provides thoroughly updated guidelines for preparing and teaching an entire course in psychology Based on best principles and effective psychological and pedagogical research it offers practical suggestions for planning a course choosing teaching methods integrating technology appropriately and effectively developing student evaluation instruments and programs and ideas for evaluation of your own teaching effectiveness While research based this book was developed to be a basic outline of what to do when you teach It is intended as a self help guide for relatively inexperienced psychology teachers whether graduate students or new faculty but also as a core reading assignment for those who train psychology instructors Experienced faculty who wish to hone their teaching skills will find the book useful too

Transforming Traditional Teaching for Today's College Students Amy Driscoll, Dan Shapiro, 2025-01-20 By giving students a greater voice in how their learning is facilitated this book offers a fresh spin on classic college teaching methods Seasoned faculty developers Driscoll and Shapiro cover seven common teaching approaches and how they can be leveraged to support the development of students as co teachers The easily digestible practical strategies throughout each chapter pair powerfully with candid case studies Readers are able to witness firsthand the uncertainties disappointments and successes of the post pandemic classroom as faculty and students work together to overcome challenges and form deep connections While an indispensable resource for those new to teaching this book also serves as an innovative tool for experienced instructors and educational developers alike imparting guidance that will result in more meaningful interactions stronger relationships and a genuine sense of community in the college classroom

Tools for Teaching Barbara Gross Davis, 2009-07-17 This is the long awaited update on the bestselling book that offers a practical accessible reference manual for faculty in any discipline This new edition contains up to date information on technology as well as expanding on the ideas and strategies presented in the first edition It includes more than sixty one chapters designed to improve the teaching of beginning mid career or senior faculty members The topics cover both traditional tasks of teaching as well as broader concerns such as diversity and inclusion in the classroom and technology in educational settings

Effective Grading Barbara E. Walvoord, Virginia Johnson Anderson, 2011-01-13 The second edition of *Effective Grading* the book that has become a classic in the field provides a proven hands on guide for evaluating student work and offers an in depth examination of the link between teaching and

grading Authors Barbara E Walvoord and Virginia Johnson Anderson explain that grades are not isolated artifacts but part of a process that when integrated with course objectives provides rich information about student learning as well as being a tool for learning itself The authors show how the grading process can be used for broader assessment objectives such as curriculum and institutional assessment This thoroughly revised and updated edition includes a wealth of new material including Expanded integration of the use of technology and online teaching A sample syllabus with goals outcomes and criteria for student work New developments in assessment for grant funded projects Additional information on grading group work portfolios and service learning experiences New strategies for aligning tests and assignments with learning goals Current thought on assessment in departments and general education using classroom work for program assessments and using assessment data systematically to close the loop Material on using the best of classroom assessment to foster institutional assessment New case examples from colleges and universities including community colleges When the first edition of Effective Grading came out it quickly became the go to book on evaluating student learning This second edition especially with its extension into evaluating the learning goals of departments and general education programs will make it even more valuable for everyone working to improve teaching and learning in higher education L Dee Fink author Creating Significant Learning Experiences Informed by encounters with hundreds of faculty in their workshops these two accomplished teachers assessors and faculty developers have created another essential text Current faculty as well as graduate students who aspire to teach in college will carry this edition in a briefcase for quick reference to scores of examples of classroom teaching and assessment techniques and ways to use students classroom work in demonstrating departmental and institutional effectiveness Trudy W Banta author Designing Effective Assessment **University Teaching** James J.F. Forest,2014-04-08 University and college teaching is an important topic in the study of higher education around the world This collection of original essays provides a broad perspective on the issue by examining preparation assessment and reward from cross cultural perspectives and exploring the cultural and social influences that affect these dimensions

Instructional Development and Classroom Communication Tamara L. Burk,2005-07-06 This book is about teachers learning about teaching It follows a group of faculty through efforts to make their teaching more interactive and describes the results by reporting the reactions of the first year college students in their classes Cover *The Art and Craft of College Teaching* Robert Rotenberg,2016-06-16 The second edition of Rotenberg s popular guide to college teaching includes additional material on teaching in a digital environment universal design and teaching diverse students As in the first edition the book provides a hands on quick start guide to the complexities of the college classroom for instructors in their first five years of teaching independently The chapters survey the existing literature on how to effectively teach young adults offering specific solutions to the most commonly faced classroom dilemmas The author a former department chair and award winning instructor encourages the new teacher to support their students as individual learners who are engaged in a program of

study beyond their individual class A focus on the choices made during the design of the course helps the instructor coordinate their class with a department or college curriculum An extensive discussion of the relationship between classroom design and class size as well as tips of assessment and grading enable the new instructor to better handle the challenges of contemporary college classrooms **Teaching Psychology** Sandra Goss Lucas,Sandra Goss-Lucas,Douglas A.

Bernstein,2004-12-13 Most new psychology instructors enter their first undergraduate classrooms with little or no formal preparation for their role as a teacher The goal of this book is to review the body of teaching research that is available as well as some of the well accepted lore so as to make the first foray into teaching psychology a positive experience Teaching Psychology outlines the major problems and issues confronting psychology teachers It presents an overview of the nuts and bolts of teaching psychology including dealing with troubled and troubling students choosing and using technology developing evaluation instruments and selecting methods for self evaluation Written by two award winning psychology professors with over 50 years of combined teaching experience the book offers a wide range of down to earth suggestions and immediately usable materials intended to help psychology teachers teach better and help students learn more The chapters are organized to roughly parallel the sequence of tasks that new psychology teachers face beginning with goal setting and ending with evaluation of one s teaching Each chapter is chockfull of helpful tools including checklists sample lecture notes writing assignments and grading criteria To make it easier to customize this material these tools are available on an accompanying CD along with a rating sheet for choosing a textbook a student grade record sheet a sample statement on academic integrity and a pool of less than perfect test items to hone item writing skills This book offers guidelines for teaching such as setting goals in line with 10 basic principles of effective teaching planning the basics including choosing a text writing a syllabus and creating a grading system setting a positive tone in the classroom providing tips on asking and answering questions promoting critical thinking and evaluating student performance Intended for psychology graduate students who are learning to teach faculty who train psychology instructors and new psychology faculty at institutions ranging from high schools to universities as well as experienced faculty wishing to hone their teaching skills **Teaching at Its Best** Linda B. Nilson,2010-04-20 Teaching at Its Best This third edition of the best selling handbook offers faculty at all levels an essential toolbox of hundreds of practical teaching techniques formats classroom activities and exercises all of which can be implemented immediately This thoroughly revised edition includes the newest portrait of the Millennial student current research from cognitive psychology a focus on outcomes maps the latest legal options on copyright issues and how to best use new technology including wikis blogs podcasts vodcasts and clickers Entirely new chapters include subjects such as matching teaching methods with learning outcomes inquiry guided learning and using visuals to teach and new sections address Felder and Silverman s Index of Learning Styles SCALE UP classrooms multiple true false test items and much more Praise for the Third Edition of Teaching at Its Best Everyone veterans as well as novices will profit from reading Teaching at

Its Best for it provides both theory and practical suggestions for handling all of the problems one encounters in teaching classes varying in size ability and motivation Wilbert McKeachie Department of Psychology University of Michigan and coauthor McKeachie's Teaching Tips This new edition of Dr Nilson's book with its completely updated material and several new topics is an even more powerful collection of ideas and tools than the last What a great resource especially for beginning teachers but also for us veterans L Dee Fink author Creating Significant Learning Experiences This third edition of Teaching at Its Best is successful at weaving the latest research on teaching and learning into what was already a thorough exploration of each topic New information on how we learn how students develop and innovations in instructional strategies complement the solid foundation established in the first two editions Marilla D Svinicki Department of Psychology The University of Texas Austin and coauthor McKeachie's Teaching Tips **"We Shall Gladly Teach"** Terry L. Seip, American Historical Association, 1999 *The Role of Leadership Educators* Kathy L. Guthrie, Daniel M. Jenkins, 2018-02-01 Leadership as a discipline leadership education as a field and leadership educator as a profession are still in their infancy and rapidly evolving As professionals in higher education we are constantly asked to provide opportunities for students to learn leadership whether that is inside or outside of the classroom However very little if any professional development occurs in how to create such learning opportunities This book provides resources for leadership educators in three sections The first section sets the stage for leadership education and the professional work of leadership educators culminating with a variety of professional development resources for leadership educators The second section introduces a leadership learning framework provides characteristics and examples of strong leadership programs and assessment practices and describes the transformative practice of leadership education The third and final section offers specific instructional and assessment strategies ranging from discussion case study and reflection to team based and service learning to self assessments role play simulation and games to fulfill learning outcomes **ADE Bulletin** Association of Departments of English, 1992 **Teach to the Whole Class** Gonzaga University.
