Beyond Multicultural Art Education Rachel Mason, Doug Boughton, 1999 Multiculturalism is a term that has been much used in educational texts in recent years Its usage is frequently taken for granted in the rhetoric of curriculum literature However it has recently become clear that there are significant variations of interpretations of multiculturalism in different world regions This book takes a new and deeper look at the notion of multiculturalism through the lens of art education In educational terms art is a unique tool for the investigation of cultural values because it transcends the barrier of language and provides visceral and tacit insights into cultural change In order to address the educational interpretations and methods of implementing multiculturalism in different regions of the world this book contains discussion and analysis of perspectives on art education theory and practice from thirteen countries The authors of each chapter are respected multicultural experts in their geographic locations who are well equipped to provide unique insights into the particular issues of multiculturalism viewed from the perspective of art in educational contexts The book as a whole provides tools for the conceptual analysis of contemporary notions linked with multiculturalism such as interculturalism internationalism and globalisation It also provides strategies for art teaching in relation to these ideas While the term multicultural education is problematic this book presents conceptual frameworks that should assist educators to examine their own teaching on issues of equity and diversity that are central to the multicultural education debate

Celebrating Pluralism F. Graeme Chalmers, 1996-01-01 Educational trends will change and research agendas will shift but art teachers in public institutions will still need to educate all students for multicultural purposes argues Chalmers in this fifth volume in the Occasional Papers series Chalmers describes how art education programs promote cross cultural understanding recognize racial and cultural diversity enhance self esteem in students cultural heritage and address issues of ethnocentrism stereotyping discrimination and racism After providing the context for multicultural art education Chalmers examines the implications for art education of the broad themes found in art across cultures Using discipline based art education as a framework he suggests ways to design and implement a curriculum for multicultural art education that will help students find a place for art in their lives Art educators will find *Celebrating Pluralism* invaluable in negotiating the approach to multicultural art education that makes the most sense to their students and their communities
