professors and researchers The book should become a standard reference tool for art educators at all levels of the field The Journal of Aesthetics and Art Criticism Efland has filled a gap in historical research on art education and made an important contribution to scholarship in the field Studies in Art Education

A Life on the Middle West's Never-Ending Frontier Willard L. Boyd, 2019-05-15 University of Iowa legend Willard L. Sandy Boyd is a proud middle westerner His decades of service to the university began in 1954 when he arrived as a law professor He later became president of the University of Iowa from 1969 to 1981 and led the school through times that were fraught not just for the university but for the country During the intense polarization of the late sixties and early seventies Sandy's compassion and steady leadership ensured that dissent on campus would be honored and would not stop the university's educational mission He quickly became admired not simply for his professional achievements but also for his personal integrity His memoir interspersed with personal wisdom gleaned over more than six decades of service and leadership encapsulates Sandy's shrewd yet optimistic view of the public university as an institution At every stage in his life in the U.S. Navy during World War II while practicing law or teaching and in leadership positions at Chicago's Field Museum and the University of Iowa Sandy relied on his principles of open disclosure inclusiveness and respect for differences to guide him on issues that matter This chronicle of Sandy's experiences throughout his life shows us the evolution both of the University of Iowa and of the nation writ large More importantly this book gives us a lens through which to examine our present situation whether debating free speech on campus the role of the arts and humanities in civil society or the importance of funding for educational and cultural institutions
