**As One Struggling Christian to Another** Theodore Tack, 2001 The Christian life is both a challenge and a struggle which can bring great peace to its followers This book speaks about many of the challenges of this life and the struggle needed to meet them from the view of one who knew such a struggle firsthand Augustine of Hippo Augustine had to struggle both to find Christ and to hold on to him Though his world was different from ours it is remarkable how his reflections on the Christian life are relevant for our own time His style is simple human and appealing as he encourages his fellow Christians and us to continue their daily struggle to deepen their knowledge and love for God What are They Saying about Augustine? Joseph T. Kelley, 2014 This book presents an overview of the best of contemporary scholarship on the fourth and fifth century bishop Augustine of Hippo His life his sermons and letters doctrinal writings and pastoral work as well as his own faith and spirituality are reviewed in light of new research This Father of the Church emerges as a dynamic thinker struggling to integrate his Christian faith with the demands of reason and to discern Christian meaning amidst the political and social controversies that plagued the late Roman world The circumstances of his life and the dynamism of his faith are more relevant to the contemporary Christian than one might suspect The early and mid twentieth century saw new scholarly interest in and understanding of Augustine His persistent influence on Christian theology especially in the West was evident mid century at the Second Vatican Council his thought is cited liberally in Council documents Since the Council there has been an explosion in Augustine studies marked largely by the shift from doctrinal to historical approaches and methodologies New appreciations of Augustine s pastoral role have arisen from careful study of his sermons and letters several of which have been rediscovered in the past several decades Controversy about Augustine s teachings on original sin human sexuality and the relationship of church and state continue However contemporary Augustinian scholarship invites a reconsideration of long standing presumptions about Augustine among both those who defend him as well as those who revile him *Wisdom From Africa* Ronald D. Burris, 2016-10-20 This book offers an in depth analysis and theological reflection on the thirteen books of Augustine s Confessions It seeks to cover the major points raised by Augustine in his Confessions and discuss them in a way that will give insight and encouragement to the reader This work does not propose to reflect on every section of every book of the Confessions but rather to discuss the major points noted in each book In addition thoughtful questions are listed at the end of each chapter to stimulate further discussion and hopefully encourage personal questions as well Because Augustine s Confessions are an honest assessment of his failures as well as his final victory in Christ there is something for everyone in the pages of this work **Understanding Religious Conversion** Dong Young Kim, 2012-07-20 Understanding Religious Conversion begins with emphasis on the value of respecting religious theological interpretations of conversion while coordinating social scientific studies of how personal social and cultural issues are relevant to the human transformational process It encourages us to bring together the perspectives of psychology sociology anthropology and

religious studies into critical and mutually informing conversation for establishing a richer and more accurate perception of the complex phenomenon of religious conversion The case of St Augustine s conversion experience superbly illustrates the complicated and multidimensional process of religious change By critically extending the contributions of the literature within Lewis Rambo s interdisciplinary framework Dong Young Kim presents a more integrated picture of how personal social cultural and religious theological components interact with one another in the process of Augustine s conversion In doing so he has struggled with how to relocate more effectively and practically the conversion narrative of Augustine within the context of pastoral care and ministry and the field of the academy in order to facilitate a better understanding of the conversion stories of the church members as well as to enhance the experiences of religious conversion within the Christian community     Augustinus, Homo Religiosus Macario Ofilada,2005     *Readings in Christian Ethics* J. Philip Wogaman,Douglas M. Strong,1996-01-01 Contains 70 readings from the Fathers to Bernard Haring from Catholic and Protestant traditions     **The Idea of a Christian College** Todd C. Ream,Perry L. Glanzer,2013-10-28 In 1975 Arthur F Holmes published *The Idea of a Christian College* At the time he could not have imagined his book would gather such a large following This work s thoughtful yet accessible style made it a long standing choice for reading lists on Christian college and university campuses across the country and around the world Countless numbers of first year students have read and discussed his book as part of their introduction to the Christian college experience However enough has changed since 1975 in both the Church and Academy to now merit a full scale reexamination In this book Todd C Ream and Perry L Glanzer account for changes in how people view the Church and themselves as human agents and propose a vision for the Christian college in light of the fact that so many Christian colleges now look and act more like research universities Including topics such as the co curricular common worship and diversity Ream and Glanzer craft a vision that strives to see into the future by drawing on the riches of the past First year students as well as new faculty members and administrators will benefit from the insights in this book in ways previous generations benefitted from Arthur Holmes s efforts     **The Great Books** Anthony O'Hear,2023-10-17 An illuminating learned well written and entertaining survey of the giants of world literature Busy people and especially the young will be grateful for this useful and concise introduction Paul Johnson Not simply a grand work of reference *The Great Books* is a captivating journey through two and a half millennia of the great Western tradition The eminent British philosopher Anthony O Hear is our capable tour guide taking readers on an exhilarating tour through 2 500 years of books as powerful thrilling erotic politically astute and awe inspiring as any modern bestseller *The Great Books* is a fascinating narrative that encompasses history myth art music theater and more O Hear sweeps us along from Homer s *Iliad* to Goethe s *Faust* covering much ground in between In Homer s poems of epic struggle we discover not only the fascination and pleasure we can derive but also why these works became the fountainhead of Western literature From Greek tragedy we feel the power of the ancient myths while from Plato s *Death of Socrates* we see what may have killed off the tragic spirit In

Virgil's Aeneid we ponder the close connections to and puzzling contrasts with Homer in Dante's terrifying and sublime Divine Comedy we encounter Virgil once again this time as mentor and guide through Hell and in Milton's phantasmagoric Paradise Lost we find the Christian story given epic shape and power And of course in Shakespeare we experience the great dramatist's particular and incomparable genius There is much more beyond from Ovid and Augustine to Chaucer and Cervantes Pascal and Racine The Great Books is a spirited and enlightening guide to the great works of the Western tradition shot through with a love of literature and the author's deeply held belief in its power to enrich and enliven everyone's world

*Augustine of Hippo and Martin Luther on Original Sin and Justification of the Sinner* Jairzinho Lopes Pereira, 2013-12-11

The book is divided into two parts. The first part deals with the development of Augustine's theology of Original Sin and Justification. Here the emphasis is placed on the defining moments of this development process. These moments are the second half of 390s period during which the Church Father wrote two of his key works *De diversis quaestionibus ad Simplicianum* 396-397 and *Confessiones* 397-400 and the last twelve years of his literary career with emphasis on the works he produced in the heat of the long and bitter confrontation with Julian of Aelanus. In the second part Pereira deals with Luther's doctrines of Original Sin and Justification of the sinner. The main source of analysis is Luther's *Lectures on Romans* 1515-1516. There is an intrinsic relation between the two parts of the work. The author demonstrates how Augustine came to break with the patristic soteriology and anthropological theology and adopted the radicalism of grace with which he faced the theologians associated with the fifth century Pelagianism especially Julian of Aelanus. In the second part Pereira argues that it was precisely that radicalism of grace that made of Augustine Luther's favourite theologian. The same radicalism of grace was adopted by Luther in his opposition to the recentiores doctores the Nominalist theologians especially Gabriel Biel. Without overlooking the crucial role played by the Pauline corpus one can accurately say that Augustine's anti-Pelagian thesis were at the core of the young Luther's soteriological and anthropological claims essential to understand what the Lutheran insurgency was all about and were the driving force behind Luther's cry for reformation at least as far as the doctrine of salvation was concerned. When it comes to the doctrine of salvation Augustine found in Luther a prominent reader and a faithful follower. To understand this fact it would suffice a careful analysis of Luther's doctrine of justification by faith alone since it contains a strong and genuine Augustinian tonality. Heythrop Journal, 2001. A select book list appears quarterly.

**Christian Dying** George Kalantzis, Matthew Levering, 2018-07-24. We human beings are mortal. Our lives in this world inevitably terminate in death. This reality however need not cause us to despair since Jesus Christ has gone before us into the far country of death giving us hope that this defining feature of our earthly lives is not the end but instead is an entrance into Christ's presence and a path to the fullness of the Spirit's new creation in which God will be all in all. **Christian Dying** Witnesses from the Tradition is a collection of essays containing reflections from Christian authors whether Catholic, Orthodox or Protestant on the meaning and appropriation of Christian hope in the face of death in conversation with a number of great voices from the Christian tradition.
