General introduction. Ascent of Mount Carmel. Dark night of the soul Saint John of the Cross, 1953 *Ascent of Mount Carmel* St. John of the Cross, 2016-12-20 A hauntingly powerful piece about the soul's journey to the place of God known in this work as Mount Carmel. Although this book refers to the Dark Night that the soul must pass through, it also refers to many situations and realities that the soul must pass through in its conflict with this world and union with God.

Theosophy, 1898 **The Scientific & the Divine** James A. Arieti, Patrick A. Wilson, 2004-09-01 There have been many too many attempts over the centuries to bring science and religion into harmony. James A. Arieti and Patrick A. Wilson survey and assess these various efforts from Plato to Aquinas to present day philosophers and theologians. *The Scientific & the Divine* examines the perennial issues that keep science and religion at arm's length, clarify those issues, and fit them into an historical framework. This book is ideal for use as a textbook in any course that discusses the interplay between science and faith. Arieti and Wilson do not push an agenda; they take a critical analytical look at the theories that started when the ancient Greeks realized the religious implications of scientific discovery. *The Scientific & the Divine* shows the historical continuity of both the central issues and the many potential solutions and demonstrates which of these theories comes closest to saving the marriage between science and religion.

London Quarterly Review, 1877 **Prophetic Mysticism of John of the Cross (Collected Works)** John of the Cross, 2023-12-23 In *Prophetic Mysticism of John of the Cross (Collected Works)* the reader is invited into the profound depths of spiritual experience as articulated by one of the most seminal figures in Christian mysticism. This anthology showcases John of the Cross's poetic and theological prowess, characterized by a unique blend of lyrical beauty and philosophical rigor. Anchored in his historical context during the Spanish Counter Reformation, the works illuminate the transformative journey of the soul towards divine union, employing a rich tapestry of symbols and allegorical themes that resonate through the ages. His writings, infused with the essence of mysticism, reveal a path of purification and divine love, offering timeless insights into the struggles and triumphs of the spiritual life. John of the Cross, a Carmelite friar and mystic, faced significant obstacles in his pursuit of a reformed spirituality that emphasized inner transformation. His life experiences, marked by both personal hardship and ecclesiastical opposition, served as a crucible for the deep insights found in his writings. Influenced by earlier medieval mystics, John synthesized elements of theology and personal experience into his works, seeking to articulate the ineffable journey toward God through the trials of darkness and longing. For those undertaking a journey into the interior life, *Prophetic Mysticism of John of the Cross* is an invaluable resource. It invites spiritual seekers and scholars alike to explore the contours of mysticism and reflects a profound understanding of love's transformative power in the soul. This collection is essential for anyone wishing to deepen their relationship with the divine and appreciate the beauty
