Ash A Secret History:

Ash Mary Gentle, 2013-09-24 For the beautiful young woman Ash life has always been arquebuses and artillery swords and armour and the true horrors of hand to hand combat War is her job She has fought her way to the command of a mercenary company and on her unlikely shoulders lies the destiny of a Europe threatened by the depredations of an Infidel army more terrible than any nightmare Winner of the BSFA Award for best novel 2000 **Ash (a Secret History) Poster**

Mary Gentle, 2001-02 **Alternate Histories** Evelyn Saxon, AI, 2025-05-05 Alternate Histories explores the compelling genre of alternate history dissecting how authors build believable what if scenarios The book examines the intricate relationship between historical accuracy imaginative world building and character development within these fictional realms Intriguingly even subtle changes to established timelines can ripple outwards creating vastly different social political and technological landscapes One key insight is that the most compelling narratives are not mere fantasy but carefully constructed explorations of consequence The book analyzes how authors use meticulous research to ground speculative narratives in historical plausibility and create believable character arcs within altered realities It also addresses ethical considerations in reimagining historical events Progressing from theoretical frameworks to literary analysis Alternate Histories examines the cultural impact of these narratives revealing how they inspire critical thinking challenge conventional history and influence contemporary discourse It offers a unique lens through which to examine the nature of causality the fragility of historical outcomes and the enduring impact of human choices *The Cambridge Companion to Fantasy Literature* Edward James, Farah Mendlesohn, 2012-01-26 This is the first introduction to the whole field of modern fantasy literature in the English speaking world The Secret History of Emotion Daniel M. Gross, 2008-11-15 Princess Diana's death was a tragedy that provoked mourning across the globe the death of a homeless person more often than not is met with apathy How can we account for this uneven distribution of emotion Can it simply be explained by the prevailing scientific understanding Uncovering a rich tradition beginning with Aristotle The Secret History of Emotion offers a counterpoint to the way we generally understand emotions today Through a radical rereading of Aristotle Seneca Thomas Hobbes Sarah Fielding and Judith Butler among others Daniel M Gross reveals a persistent intellectual current that considers emotions as psychosocial phenomena In Gross's historical analysis of emotion Aristotle and Hobbes's rhetoric show that our passions do not stem from some inherent universal nature of men and women but rather are conditioned by power relations and social hierarchies He follows up with consideration of how political passions are distributed to some people but not to others using the Roman Stoics as a guide Hume and contemporary theorists like Judith Butler meanwhile explain to us how psyches are shaped by power To supplement his argument Gross also provides a history and critique of the dominant modern view of emotions expressed in Darwinism and neurobiology in which they are considered organic personal feelings independent of social circumstances The result is a convincing work that rescues the study of the passions from science and returns it to the

humanities and the art of rhetoric **Encyclopedia of Fantasy and Horror Fiction** Don D'Amassa, 2015-04-22 Presents articles on the horror and fantasy genres of fiction including authors themes significant works and awards *Secret Histories* David Wyatt, 2010-11-01 *Secret Histories* claims that the history of the nation is hidden in plain sight within the pages of twentieth century American literature David Wyatt argues that the nation s fiction and nonfiction expose a secret history that cuts beneath the straight histories of our official accounts And it does so by revealing personal stories of love work family war and interracial romance as they were lived out across the decades of the twentieth century Wyatt reads authors both familiar and neglected examining double consciousness in the post Civil War era through works by Charles W Chesnutt W E B Du Bois and Booker T Washington He reveals aspects of the Depression in the fiction of F Scott Fitzgerald Anzia Yezierska and John Steinbeck Period by period Wyatt s nuanced readings recover the felt sense of life as it was lived opening surprising dimensions of the critical issues of a given time The rise of the women s movement for example is revived in new appraisals of works by Eudora Welty Ann Petry and Mary McCarthy Running through the examination of individual works and times is Wyatt s argument about reading itself Reading is not a passive activity but an empathetic act of cocreation what Faulkner calls overpassing to love Empathetic reading recognizes and relives the emotional cultural and political dimensions of an individual and collective past And discovering a usable American past as Wyatt shows enables us to confront the urgencies of our present moment **Here Be Dragons** Stefan Ekman, Stefan Ekman, 2013-02-19 First in depth study of the use of landscape in fantasy literature Winner of the Mythopoeic Scholarship Award for Myth and Fantasy Studies 2016 Fantasy worlds are never mere backdrops They are an integral part of the work and refuse to remain separate from other elements These worlds combine landscape with narrative logic by incorporating alternative rules about cause and effect or physical transformation They become actors in the drama interacting with the characters offering assistance or hindrance and making ethical demands In *Here Be Dragons* Stefan Ekman provides a wide ranging survey of the ubiquitous fantasy map as the point of departure for an in depth discussion of what such maps can tell us about what is important in the fictional worlds and the stories that take place there With particular focus on J R R Tolkien s *The Lord of the Rings* Ekman shows how fantasy settings deserve serious attention from both readers and critics Includes insightful readings of works by Steven Brust Garth Nix Robert Holdstock Terry Pratchett Charles de Lint China Miéville Patricia McKillip Tim Powers Lisa Goldstein Steven R Donaldson Robert Jordan and Neil Gaiman and Charles Vess *The Secret History of the World and How to Get Out Alive* Laura Knight-Jadczyk, 2005 Previously published as *Ancient Science* *Secret History* contains 150 pages of new material *The Secret History of The World and How To Get Out Alive* is the definitive book of the real answers where Truth is more fantastic than fiction Laura Knight Jadczyk wife of internationally known theoretical physicist Arkadiusz Jadczyk an expert in hyperdimensional physics draws on science and mysticism to pierce the veil of reality With sparkling humour and wisdom she picks up where Fulcanelli left off sharing over thirty years of research to reveal for the first time The

Great Work and the esoteric Science of the Ancients in terms accessible to scholar and layperson alike Conspiracies have existed since the time of Cain and Abel Facts of history have been altered to support the illusion The question today is whether a sufficient number of people will see through the deceptions thus creating a counter force for positive change the gold of humanity during the upcoming times of Macro Cosmic Quantum Shift Laura argues convincingly based on the revelations of the deepest of esoteric secrets that the present is a time of potential transition an extraordinary opportunity for individual and collective renewal a quantum shift of awareness and perception which could see the birth of true creativity in the fields of science art and spirituality The Secret History of the World allows us to redefine our interpretation of the universe history and culture and to thereby navigate a path through this darkness In this way Laura Knight Jadczyk shows us how we may extend the possibilities for all our different futures in literal terms With over 800 pages of fascinating reading The Secret History of The World and How to Get Out Alive is rapidly being acknowledged as a classic with profound implications for the destiny of the human race With painstakingly researched facts and figures the author overturns long held conventional ideas on religion philosophy Grail legends science and alchemy presenting a cohesive narrative pointing to the existence of an ancient techno spirituality of the Golden Age which included a mastery of space and time the Holy Grail the Philosopher s Stone the True Process of Ascension Laura provides the evidence for the advanced level of scientific and metaphysical wisdom possessed by the greatest of lost ancient civilizations a culture so advanced that none of the trappings of civilization as we know it were needed explaining why there is no evidence of civilization as we know it left to testify to its existence The author s consummate synthesis reveals the Message in a Bottle reserved for humanity including the Cosmology and Mysticism of mankind Before the Fall when as the ancient texts tell us man walked and talked with the gods Laura shows us that the upcoming shift is that point in the vast cosmological cycle when mankind or at least a portion of mankind has the opportunity to regain his standing as The Child of the King in the Golden Age If ever there was a book that can answer the questions of those who are seeking Truth in the spiritual wilderness of this world then surely The Secret History of the World and How to Get Out Alive is it
