Sharing the Easter Faith with Children Carolyn C. Brown, 2011-07-01 Sharing the Easter Faith with Children is theologically sound biblically focused educationally on target and developmentally appropriate Carolyn Brown writes clearly and helpfully with conviction and passion for what to share and how to share one's faith with children It should be required reading for every parent educator and pastor who wants to communicate and celebrate the Easter faith with children Brown packs a lot of practical suggestions insights and activities into this very readable resource I am confident children will mature in their understanding and affirmation of the Easter faith when they have been nurtured in families and congregations that take seriously what Brown offers Donald Griggs author of Teaching Today's Teachers to Teach It is easy to share the

Christmas story and faith with children The story is beautiful and lends itself well to pageants and other celebratory events for children It is not so easy to share the Easter story and faith with children because the message and images are complex Many parents have trouble articulating what Easter means to them personally much less answering their children's questions In many congregations children are featured in palm parades on Palm Sunday but they are not specifically planned for at other Holy Week services When schools schedule an Easter break many families go away and thus unintentionally bypass the whole Easter message for years This book explores what the Easter message can mean to children as they grow up The author helps congregations and families share the Easter message with their children and include the children meaningfully in Lent Holy Week and Easter observances Included are materials for children from birth in the church nursery to age 12 and reproducible pages to create a booklet for parents The first section of the book describes the particular parts of the Easter faith that are important to children at different ages and comments on the biblical Easter texts from a child's point of view The second part of the book works through the Lenten season describing ways congregations can include children and providing program and worship plans including Lenten disciplines for children and their families Ash Wednesday Celebrating Palm Sunday or looking ahead on Passion Sunday Maundy Thursday Recalling the Last Supper Keeping Good Friday The church sponsored Easter Egg Hunt Easter Sunday Morning Another part of the book offers help to leaders who want to share the content with teachers parents or committees Also included is a comprehensive list of related resources This carefully researched and well grounded practical resource from a highly regarded Christian educator will strengthen your educational ministry with children and support parents as they shape the faith of their children *Organists' Review*, 2006 **Great Sacred Music** Samuel Wells, Andrew Earis, 2025-01-16 Great Sacred Music a free lunchtime event of spoken word and music for choirs and congregations is a regular feature of the life at witness of St Martin in the Fields Each week a themed programme is offered which combines music with stories of how the pieces came to be written and some reflections on the theme As well as a celebration of music it has proved to be instrumental in the mission of St Martin's attracting many people to the church *Anthems for Choirs: Fifty anthems for mixed voices* Francis Jackson, Philip Ledger, 1973 **A Blow Anthology** John Blow, 1996 John Blow was arguably London's most influential musician during the last four decades of the seventeenth century as highly regarded as his famous pupil Henry Purcell Their full anthems reveal the last great flowering of the English choral tradition of Byrd and Gibbons and the eight pieces in this anthology show a uniquely individual expressive style with unexpected dissonances and harmonic turns All these anthems are easy and appealing with texts that are suitable for general purpose liturgical use by church and cathedral choirs The anthology also has an introduction which puts the music in its historical context *The British Catalogue of Music*, 2002 **As We Gather to Pray** Clayton L. Morris, Marilyn L. Haskel, 2000-01-01 The thirteen fascinating essays in this book bring together theoretical articles and practical planning strategies to create a how to guide for worship The editors have compiled the work of eighteen lay people

and clergy actively serving the Church today in a variety of ministries Article topics include style in worship liturgical space the role of the arts dance small church issues etc The planning strategies describe how to form a parish worship committee to evaluate worship to welcome children to design service leaflets to compose intercessions to celebrate the Triduum etc The book carries the publisher's permission for non commercial reprinting of articles for local parish use It is ideal for instruction or discussion in the worship committee or parish study groups

The Easter Jesus and the Good Friday Church Gregory S. Athnos, 2023-05-26 Is the turning point of human history the Jesus of the cross or the Christ of the resurrection We live on this side of the resurrection yet we act as if we are on the far side of the crucifixion Staring into the cross from the Good Friday perspective makes it difficult to see beyond it It consumes us It blocks our vision Even though we understand in our minds there was a Sunday we continue to stand in our hearts on Friday Are we missing life in the brilliant light of the resurrection Try to imagine the profound transformation from the disciples broken spirit on Friday to their heart stopping joy on Sunday evening Transformation was truly so wrenching there could never be a return to their pre resurrection world They began to see the cross through the lens of the resurrection every time The risen Lord became their launching pad for faith and from that glorious platform they reached back and embraced his crucifixion It should be the same for us

Gothic Arches, Latin Crosses Ryan K. Smith, 2011-01-20 Crosses candles choir vestments sanctuary flowers and stained glass are common church features found in nearly all mainline denominations of American Christianity today Most Protestant churchgoers would be surprised to learn however that at one time these elements were viewed with suspicion as foreign implements associated strictly with the Roman Catholic Church Blending history with the study of material culture Ryan K Smith sheds light on the ironic convergence of anti Catholicism and the Gothic Revival movement in nineteenth century America Smith finds the source for both movements in the sudden rise of Roman Catholicism after 1820 when it began to grow from a tiny minority into the country's largest single religious body Its growth triggered a corresponding rise in anti Catholic activities as activists representing every major Protestant denomination attacked popery through the pulpit the press and politics At the same time Catholic worship increasingly attracted young genteel observers around the country Its art and its tangible access to the sacred meshed well with the era's romanticism and market based materialism Smith argues that these tensions led Protestant churches to break with tradition and adopt recognizably Latin art He shows how architectural and artistic

features became tools through which Protestants adapted to America's new commercialization while simultaneously defusing the potent Catholic threat. The results presented a colorful new religious landscape but they also illustrated the durability of traditional religious boundaries.
