Silent Mystery and Detective Movies Ken Wlaschin, 2009-10-21 The silent film era was known in part for its cliffhanger serials and air of suspense that kept audiences returning to theaters week after week Icons such as Douglas Fairbanks Laurel and Hardy Lon Chaney and Harry Houdini were among those who graced the dark and shadowy screen This reference guide to silent films with mystery and detective content lists more than 1 500 titles in one of entertainment s most popular and enduring genres While most of the films examined are from North America mystery films from around the world are included **Serials in the British Library** British Library. Bibliographic Services Division, 1998 **Great Britain '94** Fodor's, Fodor's Travel Publications, Inc. Staff, 1993 **Music, Travel, and Imperial Encounter in 19th-Century France** Ruth Rosenberg, 2014-09-19 This book considers the activities and writings of early song collectors and proto ethnomusicologists memoirists and other musical travelers in 19th century France Each of the book s discrete but interrelated chapters is devoted to a different geographic and discursive site of empire examining French representations of musical encounters in North America the Middle East as well as in contested areas within the borders of metropolitan France Rosenberg highlights intersections between an emergent ethnographie musicale in France and narratives of musical encounter found in French travel literature connecting both phenomena to France s imperial aspirations and nationalist anxieties in the period from the Revolution to the late nineteenth century It is therefore an excellent research tool for scholars in the fields of ethnomusicology musicology cultural studies literary history and postcolonial studies

Forthcoming Books Rose Army, 1995-02 *AIDS Bibliography*, 1994 *The French Imperial Nation-State* Gary Wilder, 2020-05-08 France experienced a period of crisis following World War I when the relationship between the nation and its colonies became a subject of public debate The French Imperial Nation State focuses on two intersecting movements that redefined imperial politics colonial humanism led by administrative reformers in West Africa and the Paris based Negritude project comprising African and Caribbean elites Gary Wilder develops a sophisticated account of the contradictory character of colonial government and examines the cultural nationalism of Negritude as a multifaceted movement rooted in an alternative black public sphere He argues that interwar France must be understood as an imperial nation state an integrated sociopolitical system that linked a parliamentary republic to an administrative empire An interdisciplinary study of colonial

modernity combining French history colonial studies and social theory The French Imperial Nation State will compel readers to revise conventional assumptions about the distinctions between republicanism and racism metropolitan and colonial societies and national and transnational processes

The Emergence of Daoism Gil Raz,2012-03-15 At the core of Daoism are ancient ideas concerning the Way the fundamental process of existence the Dao Humans as individuals and as a society should be aligned with the Dao in order to attain the fullness of life and its potential This book presents the history of early Daoism tracing the development of the tradition between the first and the fifth centuries CE This book discusses the emergence of several Daoist movements during this period including the relatively well known Way of the Celestial Master that appeared in the second century and the Upper Clarity and the Numinous Treasure lineages that appeared in the fourth century These labels are very difficult to determine socially and they obscure the social reality of early medieval China that included many more lineages This book argues that these lineages should be understood as narrowly defined associations of masters and disciples and it goes on to describe these diverse social groupings as communities of practice Shedding new light on a complex and multifaceted phenomenon the formation of Daoism as a new religion in early medieval China this book presents a major step forward in Daoist Studies

EBOOK: Higher Education Management David Warner,David Palfreyman,1996-08-16 Many higher education institutions are like small towns meeting the needs of their members by providing not only specialist teaching and research activities but also residential accommodation catering telecommunications counselling sports facilities and so on The management of these institutions is very complex requiring both generalist and specialist knowledge and skills and the move to formal strategic planning means that it is no longer acceptable for higher education managers to be aware only of their own relatively narrow areas of expertise All new managers would benefit from an holistic perspective on managing a whole institution As such individuals are promoted such helicopter vision becomes a precondition of their and their institution s success Higher Education Management provides the first comprehensive account of non academic higher education management contributions from distinguished practitioners of university management a key resource for all aspiring trainee and practising managers in higher education
