# Berlioz Master Musicians Series

**François Le Roux, Romain Raynaldy**

## **Berlioz Master Musicians Series:**

**Berlioz** Hugh Macdonald, 1991 Covering Berlioz's musical style and influence and drawing on his literary works and extensive correspondence this is a compelling study of both man and music from the time when he was a medical student to his serene compositions of later life      **The Music of Berlioz** Julian Rushton, 2001 This text offers an overall assessment of Berlioz's musical achievement as we approach the bicentary of his birth in 2003 This is a full length musical study of the composer taking into account the rediscovered Messe solennelle      *Berlioz* John Harold Elliot, 1972      Berlioz on Music Hector Berlioz, 2015 Hector Berlioz was not only a composer but a renowned writer and critic and his Memoirs and Evenings with the Orchestra are particularly well known and loved This book provides new translations of his criticism in English taking him from his student days as a participant in musical polemics over Rossini to his first years of mature success      The Diaries of Giacomo Meyerbeer: The last years, 1857-1864 Giacomo Meyerbeer, 1999 Volume 4 is devoted to the last years 1857-64 while age and declining health saw a waning of the composer's personal optimism It contains a series of glossaries listing his compositions and the musical and theatrical works he attended throughout his life as well as a bibliography

The Cambridge Companion to Berlioz Peter Bloom, 2000-08-24 Provides a comprehensive view of Berlioz the man the composer the critic and the writer      Berlioz D. Kern Holoman, 1989 A captivating and sumptuously illustrated biography Berlioz is not only a complete account of the Romantic era composer but also an acute analysis of his compositions and a description of his work as a conductor and critic 139 halftones 3 maps 160 musical examples      **Berlioz** Peter Bloom, 2008 Presented in six contrasting and complementary pairs the essays treat such matters as Berlioz's aesthetics and what it means to write about the meaning of his music the political implications of his fiction and the affinities of his projects as composer and as critic what the Germans thought of his work before his travels in Germany and what the English made of him when he visited their capital city We learn in explicit detail how Berlioz deployed the mezzo soprano voice what he seems to have written immediately after encountering Shakespeare's Romeo and Juliet a surprise and where he benefited from Beethoven in what later became Romeo et Juliette      Le Chant Intime François Le Roux, Romain Raynaldy, 2021 In this translation of the groundbreaking *Le Chant Intime* internationally renowned baritone François Le Roux in conversation with journalist Romain Raynaldy presents a master class on French art song with a thorough analysis of 60 selected songs that deviate from the traditionally narrow repertoire of the m-lodie genre Taking an approach that goes far beyond the typical limiting conventions Le Roux and Raynaldy adhere to composer Francis Poulenc's principle that a song should always be a love affair not an arranged marriage Neither theoretical nor purely academic this guide instills in its readers a deep appreciation for the historical and artistic context of each piece by enriching each analysis with the full text of the lyrical poem and several musical examples as well as fascinating details of historic premieres concert halls singers and poets Paired with intensive and practical notes related to the nuances of melody and vocal delivery each analysis provides an essential reference for

performers and listeners alike The translation is due to the expertise of musicologist and pianist Sylvia Kahan Professor of Music at the Graduate Center and College of Staten Island CUNY      *Reader's Guide to Music* Murray Steib, 2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3-20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology      **Roméo Et Juliette** Julian Rushton, 1994-08-26 Berlioz's dramatic symphony *Roméo et Juliette* is regarded by many as his finest work it is certainly among the most original It is played less often than his earlier symphonies because it requires solo voices and chorus yet at its heart is some of the most inspired orchestral music of the nineteenth century This book summarises the complex genesis of the work before examining the music closely and always with a view to understanding its dramatic implications The early and later critical reception is quoted and discussed and Julian Rushton concludes by suggesting a way of hearing the work which recognises the value of its mixed genre The complete libretto is provided in both English and French      **The Musical Madhouse** Hector Berlioz, 2003 This is the first complete translation into English of Berlioz's second collection of musical articles originally published in 1859 The work is a uniquely Berliozian combination of light hearted journalism and serious musical comment and analysis      **Giacomo Meyerbeer** Marco Clemente Pellegrini, 2008-10-01 This Guide has resulted from years of research on the papers and music of Giacomo Meyerbeer and aims to provide a bibliographical aid and point of reference for further research The first part presents the private papers connected to the composer and his principal librettist Eugène Scribe both archival and printed with working papers and correspondence as found in Berlin Paris and some of the famous libraries of the world The body of Part 2 draws together all the known resources on Meyerbeer's life and historical reputation from full scale biographies and entries in reference books through critical discussions to website resources to records of symposia The third part provides material about his background with its unique mixture of Jewish and Prussian elements the powerful role of the city of Berlin in his life and work The fourth part lists bibliographic material for Meyerbeer's music looking at his operas grouped as German Italian and French with each individual entry providing a record of the scores available both modern and historical the various arrangements made from the operas during the heyday of their popularity reviews of modern performances discography and bibliography of studies and publications pertinent to the wider cultural and historical contexts of the works The next two sections constitute an extended record of material pertinent to the contemporaries of Meyerbeer In the fifth section are select bibliographies of composers authors artists performers politicians those who played some part in the composer's life or anyone of significance in his wider contemporary circumstances This is continued in the sixth part where the cultural and

aesthetic elements of the composer's milieu or life in the theatre during seventy years of the nineteenth century are listed. The seventh part adds a bibliography of social and historical background where the incidental issues of Judaism in nineteenth century Europe and the wider political historical and geographical circumstances of Meyerbeer's life, his relentless travelling and closely recorded experiences in Germany, France, Italy, Belgium, England and Austria. The eighth section provides a thematic key to this extensive material. Part 9 provides an extended tripartite series of lists of the published scores, arrangements and some special studies of Meyerbeer over the period 1820 to 2005 in alphabetical, chronological and thematic ordering. The last two sections furnish the modern equivalent of this record of Meyerbeer and his compositions, showing in Part 11 the list of performances of his operas since the Second World War and in Part 12 listing the recordings of the operas, both commercial and private for the same period. The thirteenth and last section is iconographical pictures that represent an interesting survey of the popular response to Meyerbeer in the 19th century. Stagebill, 1991. The Musical Times and Singing-class Circular, 1880. The Oxford Handbook of Opera, Helen M. Greenwald, 2014. What is opera? Contributors to *The Oxford Handbook of Opera* respond to this deceptively simple question with a rich and compelling exploration of opera's adaption to changing artistic and political currents. Fifty of the world's most respected scholars cast opera as a fluid entity that continuously reinvents itself in a reflection of its patrons, audience and creators. The synergy of power, performance and identity recurs thematically throughout the volume's major topics: Words, Music and Meaning; Performance and Production; Opera and Society; and Transmission and Reception. Individual essays engage with repertoire from Monteverdi, Mozart and Meyerbeer to Strauss, Henze and Adams in studies of composition, national identity, transmission, reception, sources, media, iconography, humanism, the art of collecting, theory, analysis, commerce, singers, directors, criticism, editions, politics, staging, race and gender. The title of the penultimate section, *Opera on the Edge*, suggests the uncertainty of opera's future: is opera headed toward catastrophe or have social and musical developments of the last hundred years stimulated something new and exciting and well-operated? In an epilogue to the volume, a contemporary opera composer speaks candidly about opera composition today. *The Oxford Handbook of Opera* is an essential companion to scholars, educators, advanced students, performers and knowledgeable listeners, those who simply love opera.

**My Road to Radio and The Vocal Scene** George Jellinek, 2015-01-09. Born in Ujpest, Hungary, in 1919, George Jellinek began his musical career playing violin with gypsies in the family's garden restaurant. He spent his adolescence doing much the same, honing his talent and enriching his own musical education with frequent trips to the Hungarian Royal Opera House. But when Hitler and Chamberlain signed the Munich Pact in 1938, Jellinek's quiet life was shattered. How the exiled teenager survived World War II, worked his way up from a poor Hungarian immigrant in Cuba and became one of the most important and influential musical administrators in New York is an unconventional but truly American success story. This memoir documents the inspiring life of George Jellinek, beginning with his childhood in his beloved Hungary. The crisis of World War II soon invaded

his life and leaving behind his family and homeland he fled west Having been finally allowed to enter the United States he was drafted into the U S Army in 1942 obligated to bear arms against the country of his birth This ironic turn of events culminated in his firsthand role in the capture of Ferenc Szalasi the leader of Hungary s Hitlerite faction The latter half of the book reveals how music helped Jellinek piece back together his broken life in America After rising to the post of musical director for radio station WQXR he went on to become the producer and host of The Vocal Scene His 36 years with that program established it as a revered fixture of New York s opera life The epilogue documents the day on which Hungary s president bestowed upon Jellinek the Knight s Cross of the Order of Merit of the Republic of Hungary

**Beyond Price** Michael Hutter, David Throsby, 2008 This book explores the tensions between economic and cultural value from a range of disciplines

**The International Cyclopedia of Music and Musicians** Oscar Thompson, 1943

*The Other Worlds of Hector Berlioz* Inge van Rij, 2015-02-19 Inge van Rij s book demonstrates how Berlioz used the sights and sounds of the orchestra to explore other worlds

## Embracing the Track of Expression: An Mental Symphony within **Berlioz Master Musicians Series**

In a global eaten by screens and the ceaseless chatter of quick interaction, the melodic splendor and mental symphony created by the prepared term frequently disappear into the backdrop, eclipsed by the constant noise and disruptions that permeate our lives. Nevertheless, nestled within the pages of **Berlioz Master Musicians Series** a stunning literary prize filled with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, this fascinating masterpiece conducts readers on a mental trip, skillfully unraveling the concealed songs and profound affect resonating within each carefully crafted phrase. Within the depths of the poignant evaluation, we shall examine the book is central harmonies, analyze their enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
