Burrison, 2017-06-16 For over 25 000 years humans across the globe have shaped decorated and fired clay Despite great differences in location and time universal themes appear in the world's ceramic traditions including religious influences human and animal representations and mortuary pottery In *Global Clay* Themes in World Ceramic Traditions noted pottery scholar John A Burrison explores the recurring artistic themes that tie humanity together explaining how and why those themes appear again and again in worldwide ceramic traditions The book is richly illustrated with over 200 full color cross cultural illustrations of ceramics from prehistory to the present Providing an introduction to different styles of folk pottery extensive suggestions for further reading and reflections on the future of traditional pottery around the world *Global Clay* is sure to become a classic for all who love art and pottery and all who are intrigued by the human commonalities revealed through art *Benezit Dictionary of British Graphic Artists and Illustrators* Stephen Bury, 2012-06-21 This dictionary consists of over 3000 entries on a range of British artists from medieval manuscript illuminators to contemporary cartoonists Its core is comprised of the entries focusing on British graphic artists and illustrators from the 2006 *Benezit Dictionary of Artists* with an additional 90 revised and 60 new articles Thinking Through Craft Glenn Adamson, 2019-02-07 This book is an introduction to the way that artists working in all media think about craft Workmanship is key to today's visual arts when high production values are becoming increasingly commonplace Yet craft's centrality to contemporary art has received little serious attention from critics and historians Dispensing with clichéd arguments that craft is art Adamson persuasively makes a case for defining craft in a more nuanced fashion The interesting thing about craft he argues is that it is perceived to be inferior to art The book consists of an overview of various aspects of this second class identity supplementarity sensuality skill the pastoral and the amateur It also provides historical case studies analysing craft's role in a variety of disciplines including architecture design contemporary art and the crafts themselves Contracubierta **The Grove Encyclopedia of Decorative Arts** Gordon Campbell, 2006-11-09 The Grove Encyclopedia of Decorative Arts covers thousands of years of decorative arts production throughout western and non western
