*The Best and the Brightest* David Halberstam, 2001 A study of the men who came to power during the Kennedy and Johnson administrations and of their leadership of America during the sixties **America in White, Black, and Gray** Klaus P. Fischer, 2006-01-01 Numerous studies on various aspects of the issues of the 1960s have been written over the past 35 years but few have so successfully integrated the many sided components into a coherent synthetic and reliable book that combines good storytelling with sound scholarly analysis **The Human Face of Global Mobility** Michael Peter Smith, Adrian Favell, Alongside flows of trade and capital the free movement of professionals technical personnel and students is seen as a key aspect of globalization Yet not much detailed empirical research has been completed about the trajectories and experiences of these highly skilled or highly educated international migrants What little is known about these forms of global mobility and the politics that surround them contrasts with the abundant theories and accounts of other types of international migration such as low income economic migration from less developed to core countries in the international political economy Drawing on the work of a long standing discussion group at the Center for Comparative and Global Research of UCLA s International Institute this collection bridges conventional methodological divides bringing together political scientists sociologists demographers and ethnographers It explores the reality behind assumptions about these new global migration trends It challenges widely held views about the elite characteristics of these migrants the costs

and consequences of the brain drain said to follow from the migration of skilled workers the determinants of national policies on high skilled migrants and the presumed effortlessness of professional mobility in an integrating world The volume also sheds new light on international student migration the politics of temporary non immigrant workers in the United States new international forms of regulating movement and the realities of the everyday lives of multinational employees in the world's transnational cities Key differences between the regional contexts of this migration in Europe North America and the Asia Pacific are also emphasized Michael Peter Smith is professor of community studies at the University of California Davis He has published extensively on urban theory globalization and transnationalism including *Transnationalism from Below* and *City and Nation* both available through Transaction and *Transnational Urbanism* Adrian Favell is associate professor of sociology at UCLA He is the author of *Philosophies of Integration* and has published widely on migration in Europe citizenship the integration of immigrants and on social theory

Captain of a ship haunted by its past When Wil Litang the first mate of the tramp freighter *Lost Star* reluctantly accepted the job as acting captain little did he realize that the *Lost Star* had a mysterious and dangerous past A past that had caught up with it And a future filled with danger and discoveries that would eventually lead him to the real *Lost Star* The *Bright Black Sea* is the first volume of the *Lost Star Stories* The novel is set in the *Nine Star Nebula* a compact nebula of nine stars and hundreds of planets wrapped within vast fields of asteroids gas and dust Drawing on the classic space opera motifs of space ships space pirates sentient robots and uncharted worlds of wonder C Litka crafts an epic story full of mystery danger and romance Join Captain Wil Litang and the crew of the *Lost Star* and escape to a wonder filled future in the black and bright space of the *Nine Star Nebula* The adventures of Captain Wil Litang continue in concluding volume of the *Lost Star Stories* The *Lost Star's Sea* an epic adventure novel written in the classic planetary romance motif made famous by Edgar Rice Burroughs C Litka writes old fashioned novels with modern sensibilities humor and romance His lighthearted novels of adventure mystery and travel are set in richly imagined worlds and feature a colorful cast of well drawn characters If you seek to escape for a few hours your everyday life you will not find better company nor more wonderful worlds to travel and explore than in the novels of C Litka

*Stuck in the Shallow End, updated edition* Jane Margolis, 2017-03-03 Why so few African American and Latino students study computer science updated edition of a book that reveals the dynamics of inequality in American schools The number of African Americans and Latino students receiving undergraduate and advanced degrees in computer science is disproportionately low And relatively few African American and Latino high school students receive the kind of institutional encouragement educational opportunities and preparation needed for them to choose computer science as a field of study and profession In *Stuck in the Shallow End* Jane Margolis and coauthors look at the daily experiences of students and teachers in three Los Angeles public high schools an overcrowded urban high school a math and science magnet school and a well funded school in an affluent neighborhood They find an insidious virtual segregation that maintains inequality The race

gap in computer science Margolis discovers is one example of the way students of color are denied a wide range of occupational and educational futures

*Stuck in the Shallow End* is a story of how inequality is reproduced in America and how students and teachers given the necessary tools can change the system Since the 2008 publication of *Stuck in the Shallow End* the book has found an eager audience among teachers school administrators and academics This updated edition offers a new preface detailing the progress in making computer science accessible to all a new postscript and discussion questions coauthored by Jane Margolis and Joanna Goode

*The Icarus Syndrome* Peter Beinart, 2010 In *The Icarus Syndrome* Peter Beinart tells a tale as old as the Greeks a story about the seductions of success Beinart describes Washington on the eve of three wars World War I Vietnam and Iraq three moments when American leaders decided they could remake the world in their image Each time leading intellectuals declared that history was over and the spread of democracy was inevitable Each time a president held the nation in the palm of his hand And each time a war conceived in arrogance brought untold tragedy In dazzling colour Beinart portrays three extraordinary generations the progressives who took America into World War I led by Woodrow Wilson the lonely preacher's son who became the closest thing to a political messiah the world had ever seen The Camelot intellectuals who took America into Vietnam led by Lyndon Johnson who lay awake night after night shaking with fear that his countrymen considered him weak And George W Bush and the post cold war neoconservatives the romantic bullies who believed they could bludgeon the Middle East and liberate it at the same time Like Icarus each of these generations crafted wings a theory about America's relationship to the world They flapped carefully at first but gradually lost their inhibitions until giddy with success they flew into the sun But every era also brought new leaders and thinkers who found wisdom in pain They reconciled American optimism our belief that anything is possible with the realities of a world that will never fully bend to our will In their struggles lie the seeds of American renewal today Based on years of research *The Icarus Syndrome* is a provocative and strikingly original account of hubris in the American century and how we learn from the tragedies that result

**Through the Eyes of a Tiger** Jay Hoyland, 2009-05-04 In August of 1962 civilian medical doctor Jay Hoyland became an active duty captain and medical officer in the U S Army Medical Corps during the Vietnam War For the next twelve months Hoyland provided medical support as a flight surgeon to the Ninety Third Helicopter Company the Soc Trang Tigers It was a year that would prove to be pivotal for Vietnam the United States and Hoyland himself *Through the Eyes of a Tiger* is the story of one man's tour of duty in the Mekong Delta from November of 1962 through November of 1963 With the help of Hoyland's wartime journals and letters sent home to his family he recreates an unvarnished account of his life during this tumultuous time Whether it is a heartbreaking visit to a Catholic orphanage the adrenaline of combat the unique relationship between brothers in arms or the horrors of the hospital ward Hoyland's vivid imagery and thoughtful prose paint a realistic portrait of war Set against the broader historical context of the Vietnam War *Through the Eyes of a Tiger* is a worthy addition to the scholarship available on the Vietnam War But more importantly it

reveals the dramatic impact of war both present and future on the soldier himself      **The Last Patrician** Michael Knox Beran, 2025-06-25 Overview In this provocative reassessment of one of the most controversial figures of twentieth century American politics Michael Knox Beran shows how Bobby Kennedy was shaped by values of the aristocratic class to which he had been brought up to belong He was one of them until he realized that the welfare state they had helped to create at home and the empire they had helped to found abroad were undermining some of America's most cherished traditions In denouncing the welfare system as a second rate set of social services and hand outs and in questioning the imperial commitments that the patricians made in places like Vietnam Bobby Kennedy was a prophet who accurately foresaw the changing direction of American politics Challenging the work of Arthur Schlesinger Jr Jack Newfield and others Beran demonstrates that Bobby was neither a pious liberal martyr nor a would be revolutionary He was a man who drew on the wisdom of Emerson the ancient Greeks and his own father's ideas about the transformative power of free markets and used them to create a compelling vision of a better America      *Kill for Peace* Matthew Israel, 2013-07-15 The book addresses chronologically the most striking reactions of the art world to the rise of military engagement in Vietnam then in Cambodia Guillaume LeBot Critique d'art The Vietnam War 1964-1975 divided American society like no other war of the twentieth century and some of the most memorable American art and art related activism of the last fifty years protested U.S. involvement At a time when Pop Art Minimalism and Conceptual Art dominated the American art world individual artists and art collectives played a significant role in antiwar protest and inspired subsequent generations of artists This significant story of engagement which has never been covered in a book length survey before is the subject of *Kill for Peace* Writing for both general and academic audiences Matthew Israel recounts the major moments in the Vietnam War and the antiwar movement and describes artists' individual and collective responses to them He discusses major artists such as Leon Golub Edward Kienholz Martha Rosler Peter Saul Nancy Spero and Robert Morris artists groups including the Art Workers Coalition AWC and the Artists Protest Committee APC and iconic works of collective protest art such as AWC's *Q And Babies* APC's *A And Babies* and APC's *The Artists Tower of Protest* Israel also formulates a typology of antiwar engagement identifying and naming artists' approaches to protest These approaches range from extra-aesthetic actions advertisements strikes walk outs and petitions without a visual aspect to advance memorials which were war memorials purposefully created before the war's end that criticized both the war and the form and content of traditional war memorials Accessible and informative Art Libraries Society of North America      *Army*, 1999      **First Magnitude: A Book Of The Bright Sky** James B Kaler, 2012-11-27 *First Magnitude* is an entry level book for readers with brightly lit skies Its purpose is to show them that all is not lost that they can still enjoy personal astronomy and have an appreciation of the heavens no matter where they live It concentrates on the Sun Moon the five bright planets and on the 23 brightest stars which are visible from just about anywhere The book concludes with bright ephemeral phenomena meteors comets and exploding stars The concept is a platform for introducing

the reader to the wonders of the nighttime and daytime skies and serves as an introduction to general astronomy James Kaler takes delight in sharing with us his extensive knowledge and infectious enthusiasm for the study of the skies He further discusses his thoughts on the evolving field of astronomy and expresses his surprise at having an asteroid named after him in honor of his outreach activities     Where Have All the Flowers Gone John Guinane,2015-06-04 Where Have All the Flowers Gone tells the tale of war soldiering and coming home the story of the Vietnam War as seen by one soldier Being a soldier in Vietnam left an indelible impression on John Guinane A Vietnam Vet John visited a hospital on June 4 2012 for a checkup A male nurse was taking his blood He was about forty years old a college graduate who had majored in Journalism He asked John what he was doing with his life John told him he was writing a book about Vietnam and had just finished a chapter on the My Lai Massacre The young man had never heard of the My Lai massacre This was the only incentive John needed to finish the tale about his life Where Have All the Flowers Gone is an unbiased and concise summary of the Vietnam conflict written in the hopes that a young reader would gain some knowledge and a better understanding of this tragic period in American history Why would anybody wish to write about Vietnam Because as Santayana has warned Those who do not learn from history are condemned to repeat it And this nation great as it is cannot afford another Vietnam     *Manhood and American Political Culture in the Cold War* K.A. Cuordileone,2012-11-12 *Manhood and American Political Culture in the Cold War* explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti Communism but acute anxieties about manhood and sexuality Reading major figures like Arthur Schlesinger Jr Adlai Stevenson Joseph McCarthy Norman Mailer JFK and many lesser known public figures Cuordileone reveals how the era s cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior     *The Poultry Book; Comprising the Characteristics, Management, Breeding and Medical Treatment of Poultry ... with Coloured Representations ... Drawn ... by H. Weir* William WINGFIELD (and JOHNSON (George William)),1853     Second Line Rescue Barry Jean Ancelet,Marcia Gaudet,Carl Lindahl,2013-05-16 Second Line Rescue *Improvised Responses to Katrina and Rita* chronicles the brave and creative acts through which Gulf Coast people rescued their neighbors during the chaotic aftermath of Hurricanes Katrina and Rita Ordinary citizens joined in with whatever resources they had Unlike many of the official responders vernacular rescuers found ways around paralysis produced by a breakdown in communications and infrastructure They were able to dispel unfounded fears produced by erroneous or questionable reporting The essays personal narratives media reports and field studies presented here all have to do with effective and often ingenious answers that emerged from the people themselves Their solutions are remarkably different from the hamstrung government response and their perspectives are a tonic to sensationalized media coverage The first part of the collection deals with Gulf Coast rescuers from outside stricken communities those who safe in their own homes and neighborhoods marshaled their resources to help their

fellow citizens It includes some analysis and scholarly approaches but it also includes direct responses and firsthand field reports The second part features the words of hurricane survivors displaced from New Orleans and other Gulf Coast communities to Houston Texas In many cases the victims themselves were the first responders rescuing family friends and strangers All of the stories whether from the outside or inside responders reveal a shared history of close knit community bonds and survival skills sharpened by hard times This book is about what went right in the aftermath of Katrina and Rita in spite of all that went so wrong
