Jimmie Killingsworth, 2010-05-06 In *Performing Prose* authors Chris Holcomb and M Jimmie Killingsworth breathe new life into traditional concepts of style Drawing on numerous examples from a wide range of authors and genres Holcomb and Killingsworth demonstrate the use of style as a vehicle for performance a way for writers to project themselves onto the page while managing their engagement with the reader By addressing style and rhetoric not as an editorial afterthought but as a means of social interaction they equip students with the vocabulary and tools to analyze the styles of others in fresh ways as well as create their own Whereas most writing texts focus exclusively on analysis or techniques to improve writing Holcomb

and Killingsworth blend these two schools of thought to provide a singular process of thinking about writing. They discuss not only the benefits of conventional methods but also the use of deviation from tradition, the strategies authors use to vary their style, and the use of such vehicles as images, tropes, and schemes. The goal of the authors is to provide writers with stylistic footing, an understanding of the ways writers use style to orchestrate their relationships with readers, subject matter, and rhetorical situations. Packed with useful tips and insights, this comprehensive volume investigates every aspect of style and its use to present an indispensable resource for both students and scholars. *Performing Prose* moves beyond customary studies to provide a refreshing and informative approach to the concepts and strategies of writing.

Conversations with Barry Lopez William E. Tydeman, 2013-08-26 Known as an advocate for the endangered earth, Barry Lopez is one of America's preeminent writers on nature. This invigorating book invites readers to sit down with Lopez and his friend William E. Tydeman to engage with their conversations about activism, the life of the mind, and all things literary. Even readers who think they know everything there is to know about Lopez will learn much from this richly informative book, both from Tydeman's concise biography of Lopez and from the dialogue about Lopez's ideas and experiences. The three interviews and Tydeman's reflections on other discussions with Lopez gathered here address nature, human beings' relationship to the land, the tension between political activism and the life of the intellectual, memory and reconciliation, the artist's social responsibility, and the business of authorship. What is the nature of the relationship between the writer and the reader? Lopez asks. It's reciprocal, contractual, and moral. Lopez's thoughts on the importance of authenticity will resonate with every reader or writer, as will his deep commitment to story in all his work. He and Tydeman engage in illuminating exchanges on style and genre, the publication process, and relationships among authors, editors, and publishers. Both men are interested in photography and its relationship to writing, a subject on which they offer thought-provoking comments. A comprehensive annotated bibliography of Lopez's writings by archivist Diane Warner rounds out the volume.
