Humour, Work and Organization Robert Westwood,Carl Rhodes,2013-02-01 Accessible and amusing in style Humour Work and Organization explores the critical subversive and ambivalent character of humour work and comedy as it relates to organizations and organized work It examines the various individual organizational social and cultural means through which humour is represented deployed developed used and understood Considering the relationship between humour and organization in a nuanced and radical way and this book takes the view that humour and comedy are pervasive and highly meaningful aspects of human experience The richness and complexity of this relationship is examined across three related domains They are how humour is constructed enacted and responded to in organizational settings how organizations and work are represented comedically in various types of popular culture media how humour is used in organizations where there is a more explicit relationship between the comedic and work An exciting and controversial text Humour Work and Organization will appeal to students of all levels as well as anyone interested the full complexities of human interactions in the workplace *Der Einfluß von Erdnußbutter auf die Erdrotation — Forschungen, die die Welt nicht braucht* Marc

Abrahams,2013-11-11 **Interdisciplinary Language Arts and Science Instruction in Elementary Classrooms** Valarie L. Akerson,2020-08-11 This volume brings together evidence based approaches to interdisciplinary language arts and science instruction Firmly grounded in the research showing cognitive parallels between the two subjects and reflecting the many recommendations in recent years for using interdisciplinary instruction at the elementary level its goal is to help teachers effectively use this kind of instruction in elementary classrooms The book is organized around three themes Introduction to Interdisciplinary Science and Language Arts Instruction The Influence of Interdisciplinary Science and Language Arts Instruction on Children s Learning and Research on Preparing Elementary Teachers to Use Interdisciplinary Science and Language Arts Instruction Each chapter summarizes the research on its focal topic Examples of research applied to practice and questions and prompts for discussion and reflection help readers apply what they are reading in their own classroom contexts Teacher educators and prospective and practicing elementary teachers everywhere will benefit from this overview of current research and practice in interdisciplinary science and language arts instruction *Honours Versus Money* Bruno

S. Frey, Jana Gallus, 2017 Honours fulfil one of the most fundamental desires of human beings namely to be recognised and held in esteem by others There are thousands of awards in all areas of society the state arts and media sports religion the voluntary sector academia and business Awards are well visible can raise the recipients intrinsic motivation and creativity and establish a bond of loyalty to the giver They have distinct advantages over money and other rewards Presenting empirical evidence using modern statistical techniques Honours versus Money argues that awards can significantly raise performance in different contexts even if they are purely symbolic recommending how this can be used in practice It makes the case for reorienting our focus away from the monetary or material dimensions of work and private life and towards the symbolic dimensions to celebrate and shine a light on merit and achievement Honours versus Money discusses award bestowals in their different forms and facets including as signals and as components of organisations human resource strategies It opens our perspective for motivational strategies beyond money while also outlining their potential pitfalls
