L. Moore](#) ,1976 **The Best of C.L. Moore and Henry Kuttner** C. L. Moore, Henry Kuttner, 2024-12-20 Two legendary masters of science fiction and fantasy come together in this landmark anthology filled with gems from the *Weird Tales* era and beyond During the weird fiction boom that gave birth to H P Lovecraft's *Necronomicon* and Robert E Howard's *Conan the Barbarian* Henry Kuttner and C L Moore produced some of the most enduring pieces of speculative fiction in the genre's history the sagas of Jirel of Joiry Northwest Smith of Earth Galloway Gallagher and more Working closely Kuttner and Moore became a husband and wife team whose work appeared in everything from television and print to the Cthulhu mythos Both Moore and Kuttner have a legacy that is as acclaimed as it is widely read Moore received a World Fantasy Award for Lifetime Achievement by the SFWA while Ray Bradbury called Kuttner a neglected master Now for the first time some of their best work is collected in one anthology including *Black God's Kiss* *Shambleau* *Graveyard Rats* *Mimsy Were the Borogoves* and *The Proud Robot* **Where No Man has Gone Before** Lucie Armitt, 2012-11-12 How do women writers use science fiction to challenge assumptions about the genre and its representations of women To what extent is the increasing number of women writing science fiction reformulating the expectations of readers and critics What has been the effect of this phenomenon upon the academic establishment and the publishing industry These are just some of the questions addressed by this collection of original essays by women writers readers and critics of the genre But the undoubted existence of a recent surge of women's interest in science fiction is by no means the full story From Mary Shelley onwards women writers have played a central role in the shaping and reshaping of this genre irrespective of its undeniably patriarchal image Through a combination of essays on the work of writers such as Doris Lessing and Ursula Le Guin with others on still neglected writers such as Katherine Burdekin and C L Moore and a wealth of contemporaries including Suzette Elgin Gwyneth Jones Maureen Duffy and Josephine Saxton this anthology takes a

step towards redressing the balance Perhaps above all what this collection demonstrates is that science fiction remains as particularly well suited to the exploration of woman as alien or other in our culture today as it was with the publication of *Frankenstein* in 1818
