Clairvoyance And Consciousness The Tao Impulse In Evolution:

Clairvoyance and Consciousness T. H. Meyer, 2012 The Tao is something that was considered a distant goal of the world and humanity the highest element that human beings carried as a seed within them and that would one day develop into a fully opened blossom from the innermost depths of human nature Rudolf Steiner The recent explosion of spiritual teachings has offered countless paths to clairvoyant and metaphysical states of consciousness This spiritual renaissance including a renewed interest in Taoism can be seen as a reflection of the modern individual's need to become aware of spiritual modes of perception and knowing However Meyer insists that many of these teachings lead to an ancient form of hazy indistinct clairvoyance in direct opposition to clear rational but spiritualized thinking Between Goethe's Taoism and Fritjof Capra's Tao of Physics Meyer guides the reader to the most modern form of Taoism which is inherent in Rudolf Steiner's work particularly his Philosophy of Spiritual Activity Intuitive Thinking as a Spiritual Path Meyer traces the evolution of human consciousness from the dreamy clairvoyance of ancient Atlantis to the modern ability for clear abstract thinking and to humanity's newly unfolding clairvoyant faculties

Luciferic Verses Eric Cunningham, 2023-02-07 It is a significant momentous fact that in the third millennium before Christ an incarnation of Lucifer in the flesh actually took place in the east of Asia And from this incarnation of Lucifer in the flesh for this being became a teacher there went forth what is described as the pre Christian pagan culture that still survived in the gnosis of the earliest Christian centuries Rudolf Steiner The Influences of Lucifer and Ahriman In the West today Laozi who lived sometime between the 6th and 4th centuries BC is perhaps the best known along with Confucius ancient Chinese philosopher owing to numerous modern renderings of his Daodejing or Tao Te Ching Eric Cunningham relates the substance of Laozi's classic work to modern philosophers and thinkers especially Rudolf Steiner and his esoteric cosmology and philosophy drawing significant and surprising parallels and contrasts with regard to Steiner's modern path of inner development and to aspects of popular culture In doing so he also sheds light on the evolution of consciousness and the universality of Laozi's wisdom of more than two millennia ago Cunningham combines a new translation of the Chinese classic Daodejing with a unique interpretation of the Dao for today innovatively employing perspectives of Rudolf Steiner's Anthroposophy interwoven with esoteric world history Inspirations for this singular reading of the Daodejing includes the suggestion by contemporary esoteric scholars that the mythical Yellow Emperor of Chinese history was a human incarnation of the spirit called Lucifer in the West This argument has been used to explain the ways in which demigods have inserted themselves into the earthly sphere to affect human evolution and history This theory resonates with certain readings of Genesis 6 and the idea that fallen angels have penetrated the human world and promoted the establishment of ruling classes and elite bloodlines throughout history The Luciferic Verses considers such claims from the perspective of esoteric history The author evaluates them on the basis of their convergence with kindred concepts including Zen enlightenment mysticism and the simulation hypothesis depicted in the Matrix films revealing the

activities and historical implications of Gnosticism He makes a bold case for this common thread in various consciousness only concepts of mind from Plato and the ancient Skeptics to Daoism Zen and even the idealism of the 1960s leading directly to postmodern hypotheses of digital consciousness Today philosophers are exploring such topics as virtual reality and digital simulation as new ways of discussing the contours of reality suggested in the Daodejing Rather than leading us to a more humanistic vision of reality as the Daoist scholars traditionally maintain this theory of mind might be the root of a systematic anti humanist impulse that has operated throughout world history The Luciferic Verses offers fresh perspectives on Laoze s classic guide to life and inner development describing its relevance and meaning for today s cultural milieu and modern esoteric thought

Christ and the Maya Calendar Kevin Dann,2009-03 Cosmic Christianity describes the relationship between the earthly and supra earthly cosmic worlds by showing the relationship between the cosmos as expressed in the movements of the stars and the activities of Christ during his three years of ministry on Earth The gesture of each astrological planet during those years is worked out and correlated with specific acts of the Christ as recorded in the Gospels The apparent looping movements of Mercury for example are connected with the seven signs of St John s gospel The author goes on to explore the many ways in which these healing acts which have been inscribed in the heavens continue to work in evolution through the events of history and through our individual human lives By studying this we begin to understand our responsibility for developing the new Christian mysteries and consequently renewing the starry cosmos Sucher presents a real foundation for modern star wisdom Topics include the evolution of cosmology the origins of the planetary symbols our new relationship to the stars as revealed in human lives and historical events and the role of the Archangel Michael in our individual relationship to the stars This is an excellent place to begin one s study of the stars and their meaning for both our individual lives and for the world

New Daoism Kwan-Yuk

Claire Sit,2023-10-10 The Dao that can be a road is not the eternal Dao The word Dao can be a method to talk about or can be a road to walk on yet neither meaning can convey the full significance of Dao the Primal Wisdom New Daoism analyzes the old Daoist classic Laozi also called Daodejing through the prism of the modern anthroposophic teaching of Rudolf Steiner The author Kwan Yuk Claire Sit has spent more than twenty years diligently studying these two subjects Such resolute research has enabled her to bring refreshingly new perspectives to both Daoism and Anthroposophy She cogently explains why Daoism can now be regarded as esoteric Christianity and how the practice of Daoism can lead to the mystical union with the Christ spirit within Claire Sit provides practical advice on matters such as how to manifest one s wishes She presents a so called persist resist principle what one persists in wanting will resist appearing illustrating how calmness and quietude of the mind are conducive to the fulfillment of one s goals The author s simple and plain language explores deep and subtle aspects of Dao incorporating numerous anecdotes to illustrate this path of self realization Whether a seasoned or new student of Laozi and Anthroposophy readers will find this book inspiring and informative Freemasonry and Rudolf Steiner N.V.P

Franklin,2020-10-16 Today some six million Freemasons around the world continue to perform their rituals regularly an enormous legacy of spiritual endeavour kept largely in secret In Britain alone there are over 7 000 lodges with a quarter of a million members What is this wealth this appeal and how did the philosopher and spiritual scientist Rudolf Steiner reinterpret or reconstruct Freemasonry s time worn legacy Unless one is a Freemason the masonic world with its arcane conventions and language remains largely unknown an obscurity that is almost impossible to fathom Yet understanding its traditions and style are invaluable when approaching Goethe Mozart Herder Lessing and Novalis as well as Rudolf Steiner Steiner himself renewed the Royal Art of Freemasonry from 1906 to 1914 through his ritual work known as Mystica terna When Steiner invigorated education medicine the social order and religion he fully intended that committed and professional individuals should assume responsibility for the new initiatives But this was not the case with the Masonic Order he founded whose leadership he took upon himself Even the celebration of his passing in 1925 led by Marie Steiner was entirely Masonic in character In the context of continuing resistance and misrepresentation N V P Franklin uncovers the living heart of Freemasonry and reveals why it was and still is immensely relevant to anthroposophy With profound research into its older rituals and teachings this detailed and conscientious study is a unique contribution to comprehending freemasonry and anthroposophy both historically and in the present day The Development of Anthroposophy since Rudolf Steiner's Death

T.H. Meyer,Paul V. O'Leary,2014-11-01 This volume begins with Thomas Meyer s assessment of Anthroposophy s evolution since Rudolf Steiner s death and its future prospects He offers an overview of the eighty seven years of the development of the anthroposophic movement and the Anthroposophical Society the worldwide organization headquartered in Dornach Switzerland since the death of its founder The Society went through a very difficult and controversial period in the ten years following Steiner s death which culminated at its Annual Meeting in 1935 The result was the expulsion from the Society of

two members appointed by Rudolf Steiner to its Executive Board Vorstand Ita Wegman and Elizabeth Vreede as well as the British and Dutch branches of the Society and many important anthroposophists who opposed the expulsions Meyer whose many books include Rudolf Steiner's Core Mission reveals the extraordinary concordance of four November 17 dates highly significant in the development of Anthroposophy On November 17 1901 the anniversary of the founding of the Theosophical Society in 1875 Marie von Sivers asked Rudolf Steiner to create an esoteric path suited to the Western mind which set Steiner on his mission On November 17 1923 Ita Wegman urged Steiner to establish a new Society with Steiner himself joining as both a member and its president Twelve years later on November 17 1935 the remaining three individuals of the Executive Board wrote to Adolf Hitler to plea for the Society's continued existence in Germany after being banned in Germany by the Nazi regime Profound connections underlie these events Four appendices supplement the present volume Appendix 1 presents a Chronology that denotes by year and day significant episodes in Steiner's life and in the development of Anthroposophy The remaining appendices feature for the first time in English in one volume significant documents pertinent to the Anthroposophical Society's Easter 1935 Annual Meeting Appendix 2 contains the Memorandum written by supporters of Marie Steiner setting forth a list of grievances in support of the expulsion motions adopted at the 1935 Annual Meeting Appendix 3 records Ludwig Polzer Hoditz's address in response to the 1935 Annual Meeting counseling against the expulsion measures Appendix 4 contains the letter in English and German written by the Society's Executive Board to Adolf Hitler This important book offers profound insights into the struggles for individual freedom and voice during the early years of the Anthroposophical Society Seeing the dynamics of that struggle can help us today to overcome differences to work toward common purpose both in the context of our everyday lives and within a spiritually oriented community
