O PROCESSO CIVIL NOS ESTADOS UNIDOS LUIZ DELLORE, 2024-08-19

O interesse de cada um dos autores pelo processo norte americano surgiu em momentos diversos mas convergiu para a publicação deste livro. Há no Brasil um crescente interesse pelo modelo judicial norte americano. Nos últimos anos diversos institutos de inspiração norte americana foram introduzidos no Brasil. Operar esses institutos sem tomar consciência de suas origens e dos resultados aos quais conduzem como dirigir sem enxergar o caminho preciso portanto compreender o processo norte americano para apreciá-lo criticamente. Apesar de o processo norte americano ter inspirado o recente desenvolvimento do processo civil brasileiro há grande desconhecimento quanto ao processo civil nos Estados Unidos. A mera observação do procedimento sem compreensão do contexto gera equívocos. Esta obra tenta aproximar o leitor brasileiro do sistema norte americano oferecendo uma explicação contextualizada do processo civil. Há uma lacuna no direito brasileiro de uma obra que traga uma visão geral do processo civil nos Estados Unidos. Este é o intuito deste livro: explicar o processo norte americano a partir da perspectiva de juristas brasileiros de modo contextualizado. O objetivo dos autores apresentar em linhas gerais como tramita um processo civil nos Estados Unidos e por que o processo se desenvolve de tal modo. Seja para aquele leitor que busca apenas ter uma visão geral do processo americano seja para aquele leitor que precisa aprofundar sua compreensão para avançar em sua pesquisa. Assim este livro pretende ser uma introdução ao direito processual civil norte americano. Seja para compreender criticamente os filmes de tribunal seja para trabalhar com o processo americano este livro

busca desmistificar os equívocos comuns do jurista brasileiro quando olha para o direito estrangeiro Considerando ainda as especificidades do processo civil norte americano os autores apresentam uma síntese dos principais precedentes sobre direito processual Assim desejamos uma boa leitura e esperamos sugestões e comentários dos leitores *Internet and the Law* Aaron Schwabach, 2014-01-15 The world of Internet law is constantly changing and is difficult to follow even for those for whom doing so is a full time job This updated everything you need to know reference removes the uncertainty Internet and the Law Technology Society and Compromises Second Edition is the go to source for anyone who needs clear explanations of complex legal concepts related to online practices and content This wide ranging alphabetical reference explores diverse areas of law including territorial jurisdiction and taxation that are relevant to or affected by advances in information technology and the rise of the Internet Particular emphasis is placed on intellectual property law and laws regarding freedom of expression The Internet as this book shows raises questions not only about how to protect intellectual creations but about what should be protected Entries also discuss how the Web has brought First Amendment rights and free expression into question as society grapples with attempts to control leaks and to restrict content such as pornography spam defamation and criminal speech **The AALS Directory of Law Teachers**, 2007 **Legal Origins and the Efficiency Dilemma** Nuno Garoupa, Carlos Gómez Ligüerre, Lela Mélon, 2016-12-08 Inherent flaws of the legal origins in researching the field of corporate law the taxonomy of countries Inherent flaws of the legal origins in researching the field of corporate law coding errors The inherent dangers of the persisting influence of legal origins theory on the international level The US and EU legal origins and individual institutes in US and EU corporate laws Bibliography Index **Transformation of Civil Justice** Alan Uzelac, Cornelis Hendrik (Remco) van Rhee, 2018-09-03 National civil justice systems are deeply rooted in national legal cultures and traditions However in the past few decades they have been increasingly influenced by integration processes at the regional supra national and international level As a by product of the emergence of economic and political unions and globalisation processes there is pressure to harmonise or even unify the way in which national civil justice systems operate In an attempt to create a genuine area of justice new unified procedures are being developed which operate in parallel with national civil procedures and sometimes even strive to replace them As a reaction to the forces that endeavour to harmonise and unify procedural laws and practices an opposing trend is gaining momentum one that insists on diversity and pluralism of national civil procedures This book focuses on the evolution of procedural reforms in various jurisdictions and the ongoing transformation of national civil justice systems
