Classic Anthology Defined By Confucius:

Shih-ching, 1982 Ezra Pound here recreates for the English speaking world the great poetry of ancient China The 305 odes of the Classic Anthology are the living tradition of Chinese poetry Since the fifth century before Christ they have been as familiar to literate Chinese as the Homeric poems were to the ancient Greeks Indeed Confucius held that no man was truly educated until he had studied the odes The Confucian Odes Ezra Pound, 1954 **The Confucian Odes** Ezra Pound, 1959

Provides bold insights into Pound's Fascism **The Five "Confucian" Classics** Michael Nylan, 2008-10-01 The Five Classics associated with Confucius formed the core curriculum in the education of Chinese literati throughout most of the imperial period In this book Michael Nylan offers a sweeping assessment of these ancient texts and shows how their influence spread across East Asia Nylan begins by tracing the formation of the Five Classics canon in the pre Han and Han periods 206 B C A D 220 revising standard views on the topic She assesses the impact on this canon of the invention of a rival corpus the Four Books in the twelfth century She then analyzes each of the Five Classics discussing when they were written how they were transmitted and edited in later periods and what political historical and ethical themes were associated with them through the ages Finally she deliberates on the intertwined fates of Confucius and the Five Classics over the course of the twentieth century and shows how the contents of the Five Classics are relevant to much newer concerns *A Guide to Oriental Classics* Wm. The Pound Era Hugh Kenner,2023-07-28 Hugh Kenner s The Pound Era could as well be known as the Kenner era for there is no critic who has more firmly established his claim to valuable literary property than has Kenner to the first three decades of the 20th century in England Author of pervious studies of Joyce T S Eliot Wyndham Lewis and Pound to name a few Kenner bestrides modern literature if not like a colossus then at least a presence of formidable proportions A new book by him is certainly an event A demanding enticing book that glitters at the same time it antagonizes The Pound Era presents us with an idiosyncratic but sharply etched skeletal view of our immediate literary heritage The New York Times

The Origins of Chinese Literary Hermeneutics Martin Svensson Ekström,2024-03-01 Explores how China s oldest poetry collection was interpreted in a Confucian exegetical text the Mao Commentary in the mid second century BCE The Shijing Canon of Odes is China s oldest poetry collection traditionally considered to have been edited by Confucius himself Despite their enormous importance for Confucianism and Chinese civilization the 305 odes have for millennia also puzzled readers Why did the Sage include in the Canon apparently lewd poems about women promising men to hitch up their skirts and wade the river and men tossing and turning in bed yearning for young women What did the innumerable representations of plants beasts and birds and of various climactic and astronomical phenomena signify beyond their immediate function as natural descriptions One such puzzled reader was Mao Heng a learned Confucian employed at a minor court in the mid second century BCE The object of this study is the Commentary that Mao composed on the Odes and in particular the hermeneutic tool the xing that he invented to explain the figurality and tropes at play in them Mao s xingish interpretation of the Odes is both genuinely hermeneutic in that it explains the rhetorical organization of these poems and thoroughly ideological since it allows Mao to transform them into Confucian dogma The book also argues that the xing content function and cultural importance is comparable to the Aristotelian concept of metaphor metaphora and that the xing the Odes and the practice of shi Chinese poetry demand an intercultural comparative reading for a more nuanced understanding
