Bibliography for the whole volume comprises a library of references which will have been reviewed and discussed in the essays

Sacred and Profane in Chaucer and Late Medieval Literature Will Robins, 2010-01-01 Literary depictions of the sacred and the secular from the Middle Ages are representative of the era's widely held cultural understandings related to religion and the nature of lived experience Using late Medieval English literature including some of Chaucer's writings these essays do not try to define a secular realm distinct and separate from the divine or religious but instead analyze intersections of the sacred and the profane suggesting that these two categories are mutually constitutive rather than antithetical With essays by former students of John V Fleming the collection pays tribute to the Princeton University professor emeritus through wide ranging scholarship and literary criticism Including reflections on depictions of Bathsheba Troilus and Criseyde the Legend of Good Women Chaucer's Pardoner and Margery Kempe these essays focus on literature while ranging into history philosophy and the visual arts Taken together the work suggests that the domain of the sacred as perceived in the Middle Ages can variously be seen as having a hierarchical or a complementary relationship to the things of this world

The Poetics of Philosophical Language Zacharoula A. Petraki, 2011 A close analysis of the Republic's diverse literary styles shows how the peculiarities of verbal texture in Platonic discourse can be explained by Plato's remolding of tropes and techniques from poetry and the Presocratics This book argues that Plato smuggles poetic language into the Republic's prose in order to characterize the deceitful coloration and polymorphy that accompanies the world of Becoming as opposed to the Real Plato's distinctive discourse thus can transmit even to those figures focused on the visual within his Republic the shiftiness of the base and the unjust

Truth or Consequences M. Dunn, Anil Gupta, 1990-10-31 The essays in this collection are written by students colleagues and friends of Nuel Belnap to honor him on his sixtieth birthday Our original plan was to include pieces from former students only but we have deviated from this ever so slightly for a variety of personal and practical reasons Belnap's research accomplishments are numerous and well known He has founded together with Alan Ross Anderson a whole branch of logic known as relevance logic He has made contributions of fundamental importance to the logic of questions His work in modal logic formal pragmatics and the theory of truth has been highly influential And the list goes on Belnap's accomplishments as a teacher are also distinguished and well known but by virtue of the essential privacy of the teaching relationship not so well understood We would like to reflect a little on what makes him such an outstanding teacher

The Cambridge Companion to Chaucer Piero Boitani, Jill Mann, 2003 The Cambridge Companion to Chaucer is an extensively revised version of the first edition which has become a classic in the field This new volume responds to the success of the first edition and to recent debates in Chaucer Studies Important material has been updated and new contributions have been commissioned to take into account recent trends in literary theory as well as in studies of Chaucer's works New chapters cover the literary inheritance traceable in his works to French and Italian sources his style as well as new approaches to his work Other topics covered include the social and literary scene in England

in Chaucer's time and comedy pathos and romance in the *Canterbury Tales*. The volume now offers a useful chronology and the bibliography has been entirely updated to provide an indispensable guide for today's student of Chaucer. **Boccaccio's and Chaucer's Cressida** Laura Dowell Kellogg, 1995 During the Middle Ages the story of Cressida's infidelity to Troilus intrigued writers and different versions of this tale continued to be retold and reworked through the Renaissance. This study focuses on the figure of Cressida in two fourteenth-century works: Boccaccio's *Filostrato* and Chaucer's *Troilus and Criseyde* and devotes particular attention both to classical and medieval prototypes for Cressida and to each narrator's role in shaping her. The study's originality derives from its compelling demonstration of the tensions between a Cressida defined by literary history and convention and a Cressida recast through perceptually limited narrators. Offering Dido as a dynamic model for Cressida, this book provides an extensive treatment of Boccaccio's *Dido*. **Classical Mythology in English Literature** Geoffrey Miles, 2002-09-11 *Classical Mythology in English Literature* brings together a range of English versions of three classical myths. It allows students to explore the ways in which they have been reinterpreted and reinvented by writers throughout history. Beginning with a concise introduction to the principal Greco-Roman gods and heroes, the anthology then focuses on three stories: Orpheus, the great musician and his quest to free his wife Eurydice from death; Venus and Adonis, the love goddess and the beautiful youth she loved; Pygmalion, the master sculptor who fell in love with his creation. Each section begins with the classical sources and ends with contemporary versions showing how each myth has been used, abused, or appropriated since its origins. **Torture and Brutality in Medieval Literature** Larissa Tracy, 2015 A new look at the way in which medieval European literature depicts torture and brutality. **The Cambridge Introduction to Chaucer** Alastair Minnis, 2014-10-16 A lively, accessible, and wide-ranging introduction to the life and work of the fourteenth-century poet Geoffrey Chaucer. **Classics in Media Theory** Stina Bengtsson, Staffan Ericson, Fredrik Stiernstedt, 2024-06-21 This comprehensive collection introduces and contextualizes media studies' most influential texts and thinkers from early 20th-century mass communication to the first stages of digital culture in the 21st century. The volume brings together influential theories about media mediation and communication, as well as the relationships between media culture and society. Each chapter presents a close reading of a classic text written by a contemporary media studies scholar. Each contributor presents a summary of this text, relates it to the traditions of ideas in media studies, and highlights its contemporary relevance. The text explores the core theoretical traditions of media studies in particular: cultural studies, mass communication research, medium theory, and critical theory, helping students gain a better understanding of how media studies has developed under shifting historical conditions and giving them the tools to analyse their contemporary situation. This is essential reading for students of media and communication and adjacent fields such as journalism studies, sociology, and cultural studies. **Chaucer and His Readers** Seth Lerer, 2020-10-06 Challenging the view that the fifteenth century was the Dark Age of English literary history, Seth Lerer seeks to recover the late medieval literary system that defined the canon of Chaucer's work and the

canonical approaches to its understanding Lerer shows how the poets scribes and printers of the period constructed Chaucer as the poet laureate and father of English verse Chaucer appears throughout the fifteenth century as an adviser to kings and master of technique and Lerer reveals the patterns of subjection childishness and inability that characterize the stance of Chaucer's imitators and his readers In figures from the Canterbury Tales such as the abused Clerk the boyish Squire and the infantilized narrator of the Tale of Sir Thopas in the excuse ridden narrator of Troilus and Criseyde and in Chaucer's cursed Adam Sciveyn the poet's inheritors found their oppressed personae Through close readings of poetry from Lydgate to Skelton detailed analysis of manuscript anthologies and early printed books and inquiries into the political environments and the social contexts of bookmaking Lerer charts the construction of a Chaucer unassailable in rhetorical prowess and political sanction a Chaucer aureate and laureate
