Creating a Visual World: From Concepts to Classrooms Elena Xen, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2015 The critical role of visual literacies in the 21st century realm is widely acknowledged and the construction of the profile of the visual literate person as a responsible participant in the face of global challenges is a top listed goal in nowadays agenda Hawthorne's Visual Artists and the Pursuit of a Transatlantic Aesthetics Kumiko Mukai, 2008 Among Hawthorne's primary themes the visual arts have usually been regarded as an afterthought and have only been examined to elucidate his own personal philosophy Hawthorne's own contemporaries derided him for his mediocre aesthetics and that view has been taken as received wisdom up to the present day This study reexamines Hawthorne's aesthetics and suggests that he was much more familiar with the art and artists of the time than has previously been acknowledged by critics He developed his own eclectic and transatlantic view of art a view which incorporated decorative arts like embroidery while maintaining a modest estimation of his own talents This book examines the full range of visual artists whom Hawthorne portrays It argues that these portrayals illuminate the artist's dilemma of being fettered by New England Puritanism while at the same time being attracted to the richness and depth of both Victorian aesthetics and the artistic sense of Old World Catholicism The ambiguous destinies of his artist characters include misunderstandings and disputes while at the same time they suggest a reconciliation of the conflicting sentiments and transatlantic perspectives of the writer himself *Albany Institute of History and Art* Tammis K. Groft, Mary Alice Mackay, 1998-01-01 Founded in 1791 the Albany Institute of History and Art is one of the nation's oldest cultural institutions Today it boasts outstanding collections largely focused on New York State's Upper Hudson Valley These include Hudson River School landscape paintings portraits by Ezra Ames and Charles Loring Elliott sculpture by Erastus Dow Palmer landscape and interior paintings by Walter Launt Palmer and Albany made silver and other crafts This comprehensive overview of the Albany Institute of History and Art's American art and decorative arts collections presents color plates and essays on about 130 objects of a total exceeding 20 000 Dating from the beginning of the seventeenth century to the 1990s each object in this volume was chosen for its national significance artistic merit and relevance to the Institute's mission collecting and interpreting the art history and culture of New York State's Upper Hudson Valley through four centuries *Thomas Day* Patricia Phillips Marshall, Jo Ramsay Leimenstoll, 2010-05-22 Thomas Day 1801-61 a free man of color from Milton North Carolina became the most successful cabinetmaker in North Carolina white or black during a time when most blacks were

enslaved and free blacks were restricted in their movements and activities His surviving furniture and architectural woodwork still represent the best of nineteenth century craftsmanship and aesthetics In this lavishly illustrated book Patricia Phillips Marshall and Jo Ramsay Leimenstoll show how Day plotted a carefully charted course for success in antebellum southern society Beginning in the 1820s he produced fine furniture for leading white citizens and in the 1840s and 50s diversified his offerings to produce newel posts stair brackets and distinctive mantels for many of the same clients As demand for his services increased the technological improvements Day incorporated into his shop contributed to the complexity of his designs Day s style characterized by undulating shapes fluid lines and spiraling forms melded his own unique motifs with popular design forms resulting in a distinctive interpretation readily identified to his shop The photographs in the book document furniture in public and private collections and architectural woodwork from private homes not previously associated with Day The book provides information on more than 160 pieces of furniture and architectural woodwork that Day produced for 80 structures between 1835 and 1861 Through in depth analysis and generous illustrations including over 240 photographs 20 in full color and architectural photography by Tim Buchman Marshall and Leimenstoll provide a comprehensive perspective on and a new understanding of the powerful sense of aesthetics and design that mark Day s legacy

The Bookrunner Nancy Vogeley,2011-01-01 In the first decade of the 19th century the U S and Mexico reached out to one another to initiate diplomacy trade and cultural borrowings Each faced the task of decolonization and nation building This book explores the political and cultural history of Mexico at the time of its independence from Spain At the center of the study are letters written to the Philadelphia book publisher Mathew Carey by Thomas Robeson a book agent Carey sent to Mexico in 1822 Author Vogeley demonstrates the important role that the inter American book trade played in the formation of post colonial national identities in the Americas and casts a new light on the historical interconnections between print capitalism and nationalism Illustrations

Reading Women Heidi Brayman Hackel,Catherine E. Kelly,2011-08-02 In 1500 as many as 99 out of 100 English women may have been illiterate and girls of all social backgrounds were the objects of purposeful efforts to restrict their access to full literacy Three centuries later more than half of all English and Anglo American women could read and the female reader was emerging as a cultural ideal and a market force While scholars have written extensively about women s reading in the nineteenth and twentieth centuries and about women s writing in the early modern period they have not attended sufficiently to the critical transformation that took place as female readers and their reading assumed significant cultural and economic power Reading Women brings into conversation the latest scholarship by early modernists and early Americanists on the role of gender in the production and consumption of texts during this expansion of female readership Drawing together historians and literary scholars the essays share a concern with local specificity and material culture Removing women from the historically inaccurate frame of

exclusively solitary silent reading the authors collectively return their subjects to the activities that so often coincided with reading shopping sewing talking writing performing and collecting With chapters on samplers storytelling testimony and translation the volume expands notions of reading and literacy and it insists upon a rich and varied narrative that crosses disciplinary boundaries and national borders

Monumental Controversies Harriet F. Senie, 2023-04 Amid modern day racial unrest a national pandemic and a political divisiveness that seems to have become a dominant feature of American discourse Harriet F Senie offers a thoughtful reflection on the complex legacies of the four presidents memorialized on Mount Rushmore

[The Man Who Had Been King](#) Patricia Tyson Stroud, 2014-01-28 Joseph Bonaparte King of Naples and Spain claimed that he had never wanted the overpowering roles thrust upon him by his illustrious younger brother Napoleon Left to his own devices he would probably have been a lawyer in his native Corsica a country gentleman with leisure to read the great literature he treasured and oversee the maintenance of his property When Napoleon s downfall forced Joseph into exile he was able to become that country gentleman at last but in a place he could scarcely have imagined It comes as a surprise to most people that Joseph spent seventeen years in the United States following Napoleon s defeat at Waterloo In [The Man Who Had Been King](#) Patricia Tyson Stroud has written a rich account drawing on unpublished Bonaparte family letters of this American exile much of it passed in regal splendor high above the banks of the Delaware River in New Jersey Upon his escape from France in 1815 Joseph arrived in the new land with a fortune in hand and shortly embarked upon building and fitting out the magnificent New Jersey estate he called Point Breeze The palatial house was filled with paintings and sculpture by such luminaries as David Canova Rubens and Titian The surrounding park extended to 1 800 acres of luxuriously landscaped gardens with twelve miles of carriage roads an artificial lake and a network of subterranean tunnels that aroused much local speculation Stroud recounts how Joseph became friend and host to many of the nation s wealthiest and most cultivated citizens and how his art collection played a crucial role in transmitting high European taste to America He never ceased longing for his homeland however Despite his republican airs he never stopped styling himself as the Count de Survilliers a noble title he fabricated on his first flight from France in 1814 when Napoleon was exiled to Elba nor did he ever learn more than rudimentary English Although he would repeatedly plead with his wife to join him he was not a faithful husband and Stroud narrates his affairs with an American and a Frenchwoman both of whom bore him children Yet he continued to feel the separation from his two legitimate daughters keenly and never stopped plotting to ensure the dynastic survival of the Bonapartes In the end the man who had been king returned to Europe where he was eventually interred next to the tomb of his brother in Les Invalides But the legacy of Joseph Bonaparte in America remains and it is this that Patricia Tyson Stroud

has masterfully uncovered in a book that is sure to appeal to lovers of art and gardens and European and American history
