**Transforming Preschool Storytime** Betsy Diamant-Cohen, Melanie A. Hetrick, 2013-06-18 According to recent research the best way to make new connections in a child's brain is by building on something already known. A child who loves a book will listen to it repeatedly maintaining interest. Using a selected book in a number of consecutive preschool storytimes but presenting it differently each time can help children learn new skill sets. This book presents a new approach to storytime one that employs repetition with variety to create an experience which helps children connect and engage with the story on a higher level. Diamant-Cohen recently awarded the 2013 ASCLA Leadership and Professional Achievement Award and Hetrick offer a year's worth of activities specifically designed to address multiple intelligences through a repetition-based process. Incorporating recent theories on developmental learning this book includes Scripts for 8 different books with enough activities to repeat each one for six weeks along with lists of optional alternative books. Planning aids such as outlines of storytime sessions a fill in the blanks planning sheet questions for evaluation and tips for enhanced storytimes using props and crafts. Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents caregivers and other stakeholders. From setup to execution here's everything you need to create and implement a successful elevated storytime.

**At a Loss for Words** Carol Off, 2025-10-07 AN INSTANT 1 NATIONAL BESTSELLER A rallying cry for those who believe truth matters. Tanya Talaga The voice of Canada Carol Off delivers a thoughtful yet searing examination of the power of words and the existential need for humanity to communicate with care in these decisive and troubling times. General Romeo Dallaire Award winning author and broadcast journalist Carol Off digs deep into six words whose meanings have been distorted and weaponized in recent years including democracy freedom and truth and asks whether we can reclaim their value. As co host of CBC Radio's *As It Happens* Carol Off spent a decade and a half talking to people in the news five nights a week. On top of her stellar writing and reporting career those 25 000 interviews have given her a unique vantage point on the crucial subject at the heart of her new book how in these polarizing years words that used to define civil society and social justice are being put to work for a completely different political agenda. Or they are being bleached of their meaning as the values they represent are mocked and distorted. As Off writes If our language doesn't have a means to express an idea then the idea itself is gone even the range of thought is diminished. And as she argues that's a dangerous loss. In six wide ranging chapters Off explores the mutating meanings and the changing political impact of her six chosen words freedom democracy truth woke choice and taxes unpacking the forces from right and left that have altered

them beyond recognition She also shows what happens when we lose our shared political vocabulary we stop being able to hear each other let alone speak with each other in meaningful ways This means we stop being able to reckon with the complexity of the crises we face leaving us prey to conspiracy theories autocrats and the machinations of greed At a Loss for Words is both an elegy and a call to arms      School Library Media Quarterly ,1985      **Children's Books in Print** R R Bowker Publishing,Bowker,1999-12      On Cassette ,1990      **Fiction, Folklore, Fantasy & Poetry for Children, 1876-1985: Authors, illustrators** ,1986      **Happy Bear, Christmas Star** Jane E.
