Building the Cold War Annabel Jane Wharton,2001 In postwar Europe and the Middle East Hilton hotels were quite literally little Americas For American businessmen and tourists a Hilton Hotel with the comfortable familiarity of an English speaking staff a restaurant that served cheeseburgers and milkshakes trans Atlantic telephone lines and most important air conditioned modernity offered a respite from the disturbingly alien For impoverished local populations these same features

lent the Hilton a utopian aura The Hilton was a space of luxury and desire a space that realized permanently and prominently the new and powerful presence of the United States Building the Cold War examines the architectural means by which the Hilton was written into the urban topographies of the major cities of Europe and the Middle East as an effective representation of the United States Between 1953 and 1966 Hilton International built sixteen luxury hotels abroad Often the Hilton was the first significant modern structure in the host city as well as its finest hotel The Hiltons introduced a striking visual contrast to the traditional architectural forms of such cities as Istanbul Cairo Athens and Jerusalem where the impact of its new architecture was amplified by the hotel s unprecedented siting and scale Even in cities familiar with the Modern the new Hilton often dominated the urban landscape with its height changing the look of the city The London Hilton on Park Lane for example was the first structure in London that was higher than St Paul s cathedral In his autobiography Conrad N Hilton claimed that these hotels were constructed for profit and for political impact an integral part of my dream was to show the countries most exposed to Communism the other side of the coin the fruits of the free world Exploring everything the carefully drafted contracts for the buildings to the remarkable visual and social impact on their host cities Wharton offers a theoretically sophisticated critique of one of the Cold War s first international businesses and demonstrates that the Hilton s role in the struggle against Communism was as Conrad Hilton declared significant though in ways that he could not have imagined Many of these postwar Hiltons still flourish Those who stay in them will learn a great deal about their experience from this new assessment of hotel space *Being Jewish in 21st-Century Germany* Olaf Glöckner, Haim Fireberg, 2015-09-25 Die Reihe Europ isch J dische Studien repr sentierte die international vernetzte Kompetenz des Moses Mendelssohn Zentrums f r europ isch j dische Studien MMZ Der interdisziplin re Charakter der Reihe die in Kooperation mit dem Selma Stern Zentrum f r J dische Studien Berlin Brandenburg herausgegeben wird zielt insbesondere auf geschichts geistes und kulturwissenschaftliche Ans tze sowie auf intellektuelle politische literarische und religi se Grundfragen die j disches Leben und Denken in der Vergangenheit beeinflusst haben und noch heute inspirieren Mit ihren Publikationen wei sich das MMZ der ber 250j hrigen Tradition der von Moses Mendelssohn begr ndeten J dischen Aufkl rung und der Wissenschaft des Judentums verpflichtet In den BEITR GEN werden exzellente Monographien und Sammelb nde zum gesamten Themenspektrum J discher Studien ver ffentlicht Die Reihe ist peer reviewed Those Were the Days Bill & Elin Walker, 2017-04-23 In 2016 on observing the 55th anniversary of their whirlwind courtship and marriage in 1961 Bill Elin Walker reflected on how the first half of the 1960s impacted and molded their world view as they became witnesses to history in the making in what turned into a long ride with the military This book tries to capture some essence of those times through recollections letters and stories from 1961 through 1965 **Current Policy**, 1987 Under the Divided Sky Pasquale De Marco, 2025-03-16 In the aftermath of World War II Berlin a city once pulsating with life found itself divided a stark symbol of the ideological chasm that cleaved the world in two Under the Divided Sky takes readers on a poignant

journey through this fractured metropolis seen through the eyes of Major John Turner a British intelligence officer tasked with navigating the treacherous terrain of a city yearning for unity Turner s mission is to understand the complexities of Berlin s division to bridge the growing divide between its people and to foster a fragile peace in the shadow of the looming Berlin Wall As he delves into the city s hidden corners he uncovers the clandestine battles being waged for the hearts and minds of its people The propaganda war rages fiercely each side seeking to sway public opinion and consolidate their power Turner finds himself caught in the crossfire of ideologies a witness to the human cost of a divided world The Berlin Wall a physical manifestation of division becomes a symbol of oppression and a stark reminder of the deep seated ideological divide Turner witnesses the construction of this infamous barrier a stark reminder of the Cold War s chilling reality He sees families torn apart communities severed and the free flow of ideas and people stifled Yet even in the darkest of times the human spirit endures Under the Divided Sky is a poignant tale of a city s struggle to survive and its people s unwavering belief in a unified future It is a story of resilience courage and the power of hope in the face of adversity Through Turner s eyes readers will witness the human toll of division the indomitable spirit of the Berliners and the transformative power of unity This book is a must read for anyone interested in the history of the Cold War the struggle for freedom and democracy and the resilience of the human spirit in the face of adversity It is a story that will resonate with readers long after they finish the final page If you like this book write a review
