## **Bernard Of Clairvaux On The Spirituality Of Relationship:**

**Bernard of Clairvaux on the Spirituality of Relationship** John R. Sommerfeldt, 2004 This study argues that Bernard impacted Europe politically ecclesiastically and spiritually because his own life embodied so many of the ideals and values of his age some of which had not crystallized until his coming Bernard saw the Church as the sum of all those pursuing however feebly the path to perfection For him Noah Daniel and Job signified the three orders of church and society prelates monks and laypeople His enthusiasm for church and society was matched by his confidence that people throughout Europe could respond positively to God's invitation to perfection and thus could reach the goal of happiness no matter the social order to which they belonged or the pilgrim's path they followed BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**The Cistercian Fathers and Their Monastic Theology** Thomas Merton, 2016 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963 1964 focus mainly on the life and writings of his great Cistercian predecessor St Bernard of Clairvaux 1090 1153 Guiding his students through Bernard's Marian sermons his treatise On the Love of God his controversy with Peter Abelard and above all his great series of sermons on the Song of Songs Merton reveals why Bernard was the major religious and cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present As James Finley writes in his preface to this volume Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God

**Reclaiming Humility** Jane Foulcher, 2015-03-31 Does humility have a place in contemporary life Were Enlightenment thinkers wrong to reject humility as a monkish virtue Hume arising from a slave morality Nietzsche Australian theologian Jane Foulcher recovers the counter cultural reading of humility that marked early Christianity and examines its trajectory at key junctures in the development of Western monasticism Humility emerges

not as a moral virtue achieved by human effort but as a way opened by grace as a divine climate Christian de Cherg that we are invited to inhabit From fourth century Egypt to twentieth century Algeria via Saint Benedict and Saint Bernard of Clairvaux Dr Foulcher s compelling analysis of theology and practice challenges the church to reclaim Christian humility as essential to its life and witness today

*Volume 4: Kierkegaard and the Patristic and Medieval Traditions* Jon Stewart,2016-12-05 This volume features articles which employ source work research to trace Kierkegaard s understanding and use of authors from the Patristic and Medieval traditions It covers an extraordinarily long period of time from Cyprian and Tertullian in the second century to Thomas Kempis in the fifteenth Despite its heterogeneity and diversity in many aspects this volume has a clear point of commonality in all its featured sources Christianity Kierkegaard s relation to the Patristic and Medieval traditions has been a rather neglected area of research in Kierkegaard studies This is somewhat surprising given the fact that the young Kierkegaard learned about the Patristic authors during his studies at the University of Copenhagen and was clearly fascinated by many aspects of their writings and the conceptions of Christian religiosity found there With regard to the medieval tradition in addition to any number of theological issues medieval mysticism medieval art the medieval church troubadour poetry and the monastic movement were all themes that exercised Kierkegaard during different periods of his life Although far from uncritical he seems at times to idolize both the Patristic tradition and the Middle Ages as contrastive terms to the corrupt and decadent modern world with its complacent Christianity While he clearly regards the specific forms of this Medieval appropriation of Christianity to be misguided he is nonetheless positively disposed toward the general understanding of it as something to be lived and realized by each individual

*Meditation as Spiritual Therapy* Matthew McWhorter,Matthew R. McWhorter,2024 Christian persons today might seek spiritual development and ponder the benefit of mindfulness exercises but also maintain concerns if they perceive such exercises to originate from other religious traditions Such persons may not be aware of a long tradition of meditation practice in Christianity that promotes personal growth This spiritual tradition receives a careful formulation by Christian monastic authors in the twelfth century One such teaching on meditation is found in the treatise De consideratione written by St Bernard of Clairvaux d 1153 to Pope Eugene III d 1153 In textual passages where St Bernard exhibits a clear concern for the mental health of the Pope due to numerous ongoing ecclesial political and military problems St Bernard reminds Eugene III of his original monastic vocation and the meditation exercises associated with that vocation The advice that St Bernard gives to Eugene III can be received today in a way that provides a structure for Christian meditation practice which is relevant for personal

development spiritual direction and civil psychotherapy that integrates a client's spirituality into the course of treatment St Bernard thus might be interpreted as a teacher of a kind of Christian mindfulness that can benefit both a person's mental health as well as a person's relationship with God Meditation as Spiritual Therapy examines the historical context of Bernard's work his purpose for writing it as well as the numerous Christian sources he drew upon to formulate his teaching Bernard's teaching on the course of meditation itself is explored in depth and in dialogue with his other treatises letters and sermons Lastly a contemporary summary of Bernard's teaching is provided with reflections concerning the relationship of this teaching to contemporary spiritual direction and spiritually integrated civil psychotherapy

*Dante's Lyric Redemption* Tristan Kay, 2016-01-28 Dante s Lyric Redemption offers a re examination of two strongly interrelated aspects of the poet s work the role and value he ascribes to earthly love and his relationship to the Romance lyric tradition of his time It argues that an account of Dante s poetic journey that posits a stark division between earthly and divine love and between the secular lyric poet and the Christian auctor does little justice to his highly distinctive and often polemical handling of these categories The book firstly contextualizes traces and accounts for Dante s intriguing commitment to love poetry from the

minor works to the *Commedia*. It highlights his attempts especially in his masterpiece to overcome normative oppositions in formulating a uniquely redemptive vernacular poetics one oriented towards the eternal while rooted in his affective and indeed erotic past. It then examines how this matter is at stake in Dante's treatment of three important lyric predecessors: Guittone d'Arezzo, Arnaut Daniel, and Folco of Marseilles. Through a detailed reading of Dante's engagement with these poets, the book illuminates his careful departure from a dualistic model of love and conversion and shows his erotic commitment to be at the heart of his claims to pre-eminence as a vernacular author.

### **Spirit of the Arts**

Steven Félix-Jäger, 2017-11-01 A contribution to the field of theological aesthetics, this book explores the arts in and around the Pentecostal and charismatic renewal movements. It proposes a pneumatological model for creativity and the arts and discusses different art forms from the perspective of that model. Pentecostals and other charismatic Christians have not sufficiently worked out matters of aesthetics or teased out the great religious possibilities of engaging with the arts. With the flourishing of Pentecostal culture comes the potential for an equally flourishing artistic life. As this book demonstrates, renewal movements have participated in the arts but have not systematized their findings in ways that express their theological commitments until now. The book examines how to approach art in ways that are communal, dialogical, and theologically cultivating.

### **Crusading Spirituality in the Holy Land and Iberia, C.1095-c.1187**
