Beside The Golden Door Policy Politics And The Homeless:

Beside the Golden Door James D. Wright, Beth A. Rubin, Joel A. Devine, Written for the general public as well as for specialists this volume details some of the numerous dimensions of the homelessness issue the rise in poverty the decline of low income housing problems in counting the homeless the role of familial estrangement mental illness substance abuse and health status and behaviors The authors conclude with discussions of rural versus urban homelessness street children in Latin America and homelessness in postindustrial societies [Encyclopedia of Homelessness](#) David Levinson, 2004-06-21 Click Additional Materials for downloadable samples This valuable reference provides an excellent overview of a serious world wide problem As such it is an essential purchase for all libraries LIBRARY JOURNAL star review Levinson s remarkable work deserves an award for tackling this complex social problem in such a very thorough and well organized way Highly Recommended CHOICE At any given moment about 3 million American women men and children are homeless And another 5 million Americans spend over 50% of their incomes on housing meaning that one missed paycheck one health crisis or one unpaid utility bill can push them out the door into homelessness Homelessness is one of the major social problems and personal and family tragedies of the contemporary world No community city or nation is immune and the lack of affordable housing and a decline in secure well paying jobs means that the problem will only get worse The Encyclopedia of Homelessness is the first systematic effort to organize and summarize what we know about this complex topic that impacts not only the homeless but all of society The Encyclopedia focuses on the current situation in the United States with a comparative sampling of homelessness around the world Key Themes Causes Lifestyle Issues Health Issues and Services History Legal Issues and Advocacy Government Policies and Programs Organizations Research Approaches Service Systems and Settings Size and Characteristics of the Homeless Population Public Perceptions of Homelessness World Issues and Perspectives Quick and Easy Regional Comparisons Additional descriptive articles cover homelessness today in a sample of American cities and a sample of cities and nations of the world allowing for quick and easy comparisons The Encyclopedia contains entries on Australia Brazil Canada Cuba France Guatemala Japan Nigeria Russia Sweden the United Kingdom Zimbabwe Tokyo Calcutta London and others around the world The Encyclopedia of Homelessness meets the needs of a broad audience offering a rich history and the data views and perspectives of experts from different disciplines and perspectives including Sociologists Anthropologists Economists Historians Social Policy Analysts and Planners Program Administrators Physicians Social Workers Lawyers who provide advocacy and services Journalists Students of history social studies and the social sciences in high school through graduate school Appendices In addition to the articles the Encyclopedia provides five carefully researched and compiled appendices that make this the key starting point for the study of homelessness Homelessness Autobiographical and Fictional Homelessness in Popular Culture Film Directory of Street Newspapers Documentary History Selection of primary source material Master Bibliography Key Features Two volumes and

over 150 entries organized alphabetically Entries written by an international team of leading authorities in the field Reader's Guide groups entries by broad topic areas Appendices offer a wealth of additional information

Finding Home: Policy Options for Addressing Homelessness in Canada, 2009 **Designing for the Homeless** Sam Davis, 2004-11-29 An eye opener The subject of homelessness has often been discussed but no one before has cut such a broad swath through the subject There is no other book that deals with the architecture of homelessness Robert Gutman author of *Architectural Practice A Critical View* Davis lays out a compelling case for us all especially designers to get involved in solutions for the problem of homelessness He discusses the plight of the homeless in terms that make them real and his chapter on the costs of homelessness lays out the argument for involvement in very practical terms Michael Underhill Professor School of Architecture at Arizona State University Ungoverned and Out of Sight Charley E. Willison, 2021 *Ungoverned and Out of Sight* explores conflicting policy solutions in the highly decentralized U S homeless policy space Alongside detailed case studies it provides recommendations for policy makers to improve existing systems and deliver policies that will successfully diminish chronic homelessness *Sociologists in Action* Kathleen Odell Korgen, Jonathan M. White, Shelley K. White, 2013-03-14 The only text to provide real life examples of how practicing sociologists use sociology to work toward social change and social justice Providing vivid examples of how sociologists are using sociological tools to make a positive impact on our society this one of a kind book helps students better understand how their study of sociology can be put to good use in today's world Each of the 14 chapters closely aligned with key topics in sociology courses is filled with stories from practicing sociologists that help students better understand how their sociology studies can be applied and provides answers to the question but what can I do with a sociology degree Discussion questions and suggested additional readings and resources at the end of each chapter give students the opportunity to delve further into the topics covered and carry out full and nuanced discussions grounded in the real world work of public sociologists Contributor to the SAGE Teaching Innovations and Professional Development Award **Poor and Homeless in the Sunshine State** James Wright, 2017-07-05 A place like Orlando Florida is not transformed from swampland to sprawling metropolis through Peter Pan like flights of fancy but through theme park expansions requiring developmental schemes that are tough minded and often worsen relationships between the wealthy and the poor The homeless arrive with their own hopes and illusions which are soon shattered The rest of the local population makes its peace with the system Meanwhile the homeless are reduced to advocacy models that neither middle nor working class folks much worry about They are modern members of Ellison's invisible men but they comprise a racial and social mixture unlike any other in the American landscape This book is primarily about the dark side of this portrait the poor near poor homeless and dispossessed who live in the midst of this verdant landscape The phrase down and out has been used to describe people who are destitute or penniless since the late nineteenth century Here the term is used in a more expansive sense as synonymous with anyone who lives near at or over the

edge of financial catastrophe Hard Lives, Mean Streets ,2010-05-11 The first comprehensive assessment of the experience of violence among homeless women Walkable Cities Carlos J. L. Balsas,2019-10-01 Examines how cities of various sizes on both sides of the Atlantic Ocean are making walkability improvements a part of their overall urban revitalization strategy Walkable precincts have become an important component of urban revitalization on both sides of the Atlantic In Walkable Cities Carlos J L Balsas examines a range of city scales and geographic settings on three continents focusing on the Iberian Peninsula Spain and Portugal Latin America Brazil and Mexico and the United States Phoenix and New York City He explains how this pedestrianization of Main Street approach to central locations downtowns and midtowns has contributed to strengthening various urban functions such as urban vitality pedestrian and bicyclist safety tourism and more However it has also put pressure on less affluent peripheral and fragile areas due to higher levels of consumption and waste generation Balsas calls attention to the need to base urban revitalization interventions on more spatially and socially just interventions coupled with sustainable consumption practices that do not necessarily entail high growth levels but instead aim to improve the quality of city life The notion of commercial urbanism is both novel and engaging since much of the vibrancy of cities comes from commerce consumption and entertainment The idea itself is a major contribution of the book Tridib Kumar Banerjee University of Southern California **The Handbook of Social Policy** James Midgley,Martin B. Tracy,Michelle Livermore,2000 Comprises 33 papers grouped under five themes The Nature of social policy The History of social policy Social policy and the social services The Political economy of social policy and International and future perspectives on social policy Unhealthy Places Kevin Fitzpatrick,Mark LaGory,2002-09-11 Unhealthy Places focuses on issues of health in today s cities By arguing that place matters in relation to the population s health Kevin Fitzpatrick and Mark LaGory make a convincing argument about the general unhealthiness of urban environments and thus of the urban dweller The authors offer a place oriented approach to health and cover such topics as the ecology of everyday urban life the sociology of health needs and risks of the socially disadvantaged needs and risks of children and the elderly in cities and strategies for better health services in urban environments Virtual Work and Human Interaction Research Long, Shawn,2012-04-30 Virtual Work and Human Interaction Research uses humanistic and social scientific inquiry to explore how humans communicate behave and navigate in their new virtual work spaces providing scholars and practitioners an opportunity to study virtual work from quantitative and qualitative research approaches The books explores informal and formal communication emotional psychological and physical labor rewarding and punishing virtual work behaviors group decision making socializing and organizational change in a workplace without the physical and nonverbal cues that are taken for granted in traditional face to face work arrangements Practical Lessons National Symposium on Homelessness Research,United States. Department of Housing and Urban Development,1999 **Challenges for Work and Family in the Twenty-First Century** Dana Vannoy,Paula Dubeck, Stimulated by unprecedented and complex changes in the nation s social

landscape the fourteen original papers in the present volume attempt to recast our approach to existing institutional arrangements between family and economy The authors set the stage for redefinitions that give meaning and place to individuals thus serving broader social goals

Seasons Such As These Cynthia J. Bogard, Homelessness had become a social problem that was primarily not about solving the nation's housing crisis The pressing question becomes How and why did homelessness become the social problem in its own right one that was only tangentially related to the problem of inappropriate or insufficient housing Why when people demanded that something be done about homelessness did they get specific policies and unintended outcomes Cynthia Bogard is not content with the shorthand answers that rested on bias and ideology such as conservative politics bred conservative policies or American individualism precludes government investment in housing This did not explain homelessness sufficiently especially given all the advocacy and research that had occurred in the 1980s and 1990s Examining these claimsmaking activities as constructionists call them however is a daunting task because the activities engaged in by people in the attempt to persuade others are fluid subtle and complicated as are the responses to these social actions This raised a second set of issues that the author is concerned with How can we adequately represent and sociologically examine this very complicated human activity of social problems construction Who does the construction and to what effect Bogard's answer to these questions is a book that can be read in two ways and on multiple levels For those who are interested in the story of the career of homelessness as a social problem in America's two national cities the book should be read from the beginning through the conclusion as a straight narrative The technical matter in the appendix can be ignored But for those readers with an interest in social problems constructionism however this book is meant as a cook book of sorts Each chapter emphasizes a feature of constructionism such as an important group of claims makers or an important aspect of the claims making process The work highlights a major feature in advanced societies the intersection of interests and claims Social constructions may be real but they are comprised of no less real social interests The work marks a real departure and advance over the original formulations of construction theory in social research Cynthia J Bogard is associate professor of sociology at Hofstra University

Practicing Social Justice Ellen Burkemper, William J Hutchison, Jan Wilson, John J Stretch, 2013-04-15 Examine new research and innovative programs targeted to serve vulnerable populations This collection highlights innovative programs and interventions targeted toward underserved vulnerable and marginalized populations including the homeless immigrants refugees female ex offenders people with developmental disabilities who are entering the criminal justice system homicidal youth and children whose parents are involved in high conflict custody disputes In addition Practicing Social Justice raises critical questions on how society should justly provide for the economic well being of our most valuable human asset our children with an incisive look at the Temporary Aid for Needy Families legislation and its long term impact on disadvantaged children This book also evaluates the Bridges Across Racial Polarization Programs and explores a wide selection of important social justice issues that the social workers of today and

tomorrow need to understand Specifically this well referenced book details the mission and guiding principles of the Emmet and Mary Doerr Center for Social Justice at the Saint Louis University School of Social Service with a focus on the Center s innovative partnered approach examines nine models theories of justice with varying philosophical sectarian and nonsectarian orientations illustrates innovative approaches to community economic development for previously neglected poor communities including an inclusive community plan structured to bring about home ownership macro enterprises and the accumulation of capital through savings documents the rise of homelessness in the state of Missouri in spite of an unprecedented period of economic growth and general prosperity explores social justice concerns for immigrants and refugees entering the United States with a focus on providing positive community commitment and response describes an empowering strengths based program that can help female ex offenders to find and develop support from the community champions the social rights of people with developmental disabilities who are entering the criminal justice system proposes systemic reform for homicidal youth in terms of prevention intervention and remediation describes a program designed to provide a safe environment for the supervised visitation of children in high conflict custody disputes providing security for both parents and children advocates for innovative inpatient staff participatory decision making in mental health hospitals offering an approach designed to increase patient control over decisions directly affecting their well being and more

Housing for the Elderly Philip McCallion, 2013-12-19 Find out how housing options for the elderly are changing and not always for the better To maintain or improve their quality of life many seniors in the United States will move to new locations and into new types of housing *Housing for the Elderly* addresses the key aspects of the transitions they ll face examines how housing programs can help and looks at the role social workers can play to ensure they remain healthy happy and productive as they age *Housing for the Elderly* provides the tools to build a comprehensive understanding of how housing is changing to support the growing number of elderly persons in the United States This unique resource examines a full range of housing options including assisted living communities elder friendly communities and homelessness looks at the effects of the Olmstead Decision of 1999 which requires states to place persons with disabilities in community settings rather than in institutions and summarizes current research on Naturally Occurring Retirement Communities NORCs The book also presents a historical perspective of housing issues for the elderly with a special focus on the discrimination of African Americans Topics in *Housing for the Elderly* include creating elder friendly communities homelessness among the elderly in Toronto housing disparities for older Puerto Ricans in the United States grandparent caregiver housing programs how the Olmstead Decision affects the elderly social workers and health care providers New York State s experience with NORCs relocation concerns of people living in NORCs the integration of services for the elderly into housing settings particularly low income housing moving from a nursing home to an assisted living facility assisted living and Medicaid and much more *Housing for the Elderly* is an essential resource for social work practitioners administrators researchers and academics who
