Elizabeth Willis, 2008-10. When Lorine Niedecker died in 1970, the British poet and critic Basil Bunting eulogized her warmly. In England, he wrote she was in the estimation of many the most interesting woman poet America has yet produced. Aesthetically linked with the New York Objectivist poets, Niedecker remained committed to her community in rural Wisconsin despite the grinding poverty that dogged her throughout her life. Largely self-taught, Niedecker formed attachments through her voracious reading and correspondence but she also delighted in the disruptive richness of vernacular usage and in the homegrown improvisational aesthetics that thrived within her immediate world. Niedecker wrote from a highly attenuated concern with biological, cultural, and political sustainability and in her stridently modernist poems anticipated many of the most urgent concerns in twenty-first-century poetics. In *Radical Vernacular*, Elizabeth Willis collects essays by leading poets and scholars that make a major contribution to the study of an important but long-overlooked American poet. This pathbreaking volume contains essays by seventeen leading scholars: Rae Armantrout, Glenna Breslin, Michael Davidson, Rachel Blau DuPlessis, Ruth Jennison, Peter Middleton, Jenny Penberthy, Mary Pinard, Patrick Pritchett, Peter Quartermain, Lisa Robertson, Elizabeth Robinson, Eleni Sikelianos, Jonathan Skinner, Anne Waldman, Eliot Weinberger, and Elizabeth Willis.

Shout, Sister, Shout! Roxane Orgill, 2001. Biographical sketches of ten outstanding female singers of popular music in the twentieth century. Cultures in Babylon Hazel V. Carby, 1999-08-17. For a decade and a half since she first appeared in the Birmingham Centre's collective volume *The Empire Strikes Back*, Hazel Carby has been on the frontline of the debate over multicultural education in Britain and the US. This book brings together her most important and influential essays ranging over such topics as the necessity for racially diverse school curricula, the construction of literary canons, Zora Neale Hurston's portraits of the folk, C. L. R. James and Trinidadian nationalism, and black women blues artists, and the necessity for racially diverse school curricula. Carby's analyses of diverse aspects of contemporary culture are invariably sharp and provocative; her political insights shrewd and often against the grain. A powerful intervention, *Culture in Babylon* will become

a standard reference point in future debates over race ethnicity and gender *The ^AHistory of Music Production* Richard James Burgess,2014-06-25 The History of Music Production offers an authoritative concise and accessible overview of nearly 140 years of production of recorded music It describes what role the music producer has played in shaping the creation perception propagation business and use of music and discusses the future of the music production industry **The Art of Music Production** Richard James Burgess,2013-10 In this book veteran music producer Richard James Burgess gives readers the tools they need to understand the complex field of music production He defines the many roles that fall to the music producer by focusing first on the underlying theory of music production before offering a second section of practical aspects of the job Becoming American Howard Dodson,2010-09-10 Far too many Americans of all races are unaware of the pivotal role that people of African descent have played in shaping the US and the world Even less is known about the role of African peoples in the history of all humankind *Becoming American* The African American Journey will open their eyes and enlighten even the already knowledgeable It features two side by side chronological timelines that uniquely contrast the major events and personalities in both African American and Global African Diasporan history spanning from 4 million BCE to Barack Obama s momentous presidential campaign In addition a carefully chosen collection of key political historical cultural and literary texts quotes speeches and songs document the impact of the black presence in American and world history
