

The Ant and the Dove

One hot day, an ant was searching for some water. After walking around for some time, she came to a spring. To reach the spring, she had to climb up a blade of grass. While making her way up, she slipped and fell into the water.

She could have drowned if a dove up a nearby tree had not seen her. Seeing that the ant was in trouble, the dove quickly plucked off a leaf and dropped it into the water near the struggling ant. The ant moved towards the leaf and climbed up there. Soon it carried her safely to dry ground. Just at that time, a hunter nearby was throwing out his net towards the dove, hoping to trap it.

Guessing what he was about to do, the ant quickly bit him on the heel. Feeling the pain, the hunter dropped his net. The dove was quick to fly away to safety.

One good turn deserves another.

Collins,Gavin Jones,2023-05-25 This Companion offers students and scholars a comprehensive introduction to the development and the diversity of the American short story as a literary form from its origins in the eighteenth century to the present day. Rather than define what the short story is as a genre or defend its importance in comparison with the novel, this Companion seeks to understand what the short story does, how it moves through national space, how it is always related to other genres and media, and how its inherent mobility responds to the literary marketplace and resonates with key critical themes in contemporary literary studies.
