Charles Knight,1850 Finding Free Energy L.R. Torres,2019-01-16 It is incumbent upon man to become aware of the
powerful forces that surround him and may be leading him to a possible unexpected outcome He must come out of
complacency and see his purpose for what it is was meant to be by the Creator The status quo of oil should be slowly but
unequivocally phased out When it first oozed from the ground it became the driving force of the economy It was meant to be
that way God made sure of that But man has decided today to abuse that purpose by using it to manipulate economies and
start wars in the name of peace only to lead man in the path of destruction by the way of an agenda Man feels he must take
control of man contrary to the wishes of God But man can save himself by bringing about the change that is waiting to be
unveiled in the ushering in of free energy It is real but must be given the proper venue My life tells a metaphor as a
connection like thunder as the voice of God and lighting as the glare of his eyes that foretell a warning though it is so
common man tends not to see the connection He must look at things differently It is not for me to judge The Creator has the
last word on that just as He has the last word in the written prophesies However I can suggest though controversial it might
seem but not to dismiss that perhaps it is a destiny to fit within the context of prophetic events My inquisitiveness with its

very humble beginnings and all of its twists and turns brought me to these times and led me to a quest to seek a truth that must be acknowledged It is the key to avert war and bring about peace It is the simple inventions in search of that truth that so many are seeking including me It is the connection between God and man just as certain as Jesus was His begotten son to serve as the check and balance for the assurance of peace if man chooses And it is the complete story a metaphor that parallels the troubles of man with the possible outcomes and in congruence with the vigilance of the angels who don't sleep but are paying attention who will allow peace lest man bring wrath upon himself He is the magnet that holds the truth as is the physical magnet that holds that secret the secret to Finding Free Energy The Small House at Allington Anthony Trollope, 1864 Lily is the niece of Squire Dale an embittered old bachelor entrenched in the Great House at Allington His sister in law lives at the adjacent Small House with her two daughters and the action centres on the relations between the two houses and on the romantic entanglements of the girls 7 Best Short Stories: Wedding Stephen Crane, O.
