Theology in the Context of World

Christianity Timothy C. Tennent,2009-05-26 Thinking more globally about the formation of theology enriches our understanding of what it means to be a Christian It s no secret that the center of Christianity has shifted from the West to the global South and East While the truths of the Christian faith are universal different contexts and cultures illuminate new questions understandings and expressions What does this mean for theology as Western theologians understand it Timothy Tennent argues that the Christian faith is culturally and theologically translatable Theology in the Context of World Christianity is written to expand our ecclesiastical cartography by highlighting within each of the major themes of systematic theology studies that are engaging the global church such as Anthropology with studies drawn from the different views of human identity between Eastern and Western cultures Christology with a focus on the emphases that African Christians place on the characteristics of Christ Pneumatology by looking at the role of the Holy Spirit in Latin American Pentecostalism Eschatology by focusing on how this branch of theology shapes world missions and evangelism Each of the ten chapters examines traditional theological categories in conversation with theologians from across the globe making this volume valuable for students pastors missionaries and theologians alike Theological reflection is active and exciting in the majority world church and Tennent invites you to your own reflection and celebration of Christ s global church These are perspectives

that should be heard considered and brought into conversation with Western theologians Global theology can make us aware of our own blind spots and biases and has much to offer toward the revitalization of Western Christianity *The Way of the Cross* John G. Hargis,2003-12 This is the new lectionary based offering for Lent 2004 Using the Old Testament Epistle and Gospel readings from the Revised Common Lectionary and the NRSV translation of the Bible each lesson includes commentary on each scripture and questions A separate Leader s guide is available and is designed in a way that leaders can rotate responsibilities for teaching the Psalm is used during a worshipful prayer opening or closing separate leader s guide 0687073383 Abingdon Press Cross-Shaped Leadership John A. Berntsen,2008-11-07 For Lutheran pastor John Berntsen the cross is about more than the crucifixion on Good Friday It is shorthand for the whole drama of salvation God s decisive act of reconciling the world to God s own self The cross is dying and rising with Christ but at a deeper level it is the story of the world s resistance to grace Those who lead are subject to the cross no less than others In contrast with the current fashion for visionary or purpose driven leaders cross shaped leaders are not primarily the providers of master plans nor are they master builders Cross shaped leadership is provisional contextual and fallible open ended ministry that has the character of a pilot project It is always under construction and revision Our moment by moment functioning in ministry is subject to countless deaths and resurrections few of which are heroic or glorious But Berntsen offers good news within this potentially dismal perspective He writes Once we ve accepted the truth that ministry is hard even impossible once we ve stopped living in denial of this reality or perhaps whining about it it becomes the truth that sets us free We cease being gloomy servants weighed down by our resentful conviction that we are all alone in our work the closet atheism born of the worry If I don t do it nobody will and instead become joyful coworkers of a strong wise and consoling Lord With optimism humor and deep empathy Berntsen s Cross Shaped Leadership offers hope and challenge in the midst of the rough and tumble of parish practice Chicken Soup for the Writer's Soul Jack Canfield,Mark Victor Hansen,2012-09-11 Being a writer can be a lonely and frustrating experience The stories in this book by a wide range of professional writers novelists journalists freelancers poets and screenwriters will give readers insight into the human trials tribulations and triumphs of writers and writers a source of inspiration and commiseration Concepts for Air Force Leadership ,1990 **Subject Guide to Books in Print** ,1971 *Humor and Cartoon Markets, 1990* Bob Staake,1990-02 This first edition is filled with 600 listings of magazine newsletter greeting card and comic book publishers advertising agencies for jingles and slogans comedians managers radio d j s who use humorous material and more **International Journal of Comic Art** ,2006
