Best Circles Women And Society In Victorian England:

The Best Circles; Women and Society in Victorian England Leonore Davidoff, 1973 Joshua Cobb's mother told him boarding school would be the making of him but after the first few weeks Josh felt it might well be his undoing **Women and Literature in Britain 1800-1900** Joanne Shattock, 2001-08-30 These new essays by leading scholars explore nineteenth century women's writing across a spectrum of genres The book's focus is on women's role in and access to literary culture in the broadest sense as consumers and interpreters as well as practitioners of that culture Individual chapters consider women as journalists editors translators scholars actresses playwrights autobiographers biographers writers for children and religious writers as well as novelists and poets A unique chronology offers a woman centered perspective on literary and historical events and there is a guide to further reading *British Aestheticism and the Urban Working Classes, 1870-1900* D. Maltz, 2005-11-22 This cultural study reveals the interdependence between British Aestheticism and late Victorian social reform movements Following their mentor John Ruskin who believed in art's power to civilize the poor cultural philanthropists promulgated a Religion of Beauty as they advocated practical schemes for tenement reform university settlement education Sunday museum opening and High Anglican revival Although subject to novelist's ambivalent even satirical representations missionary aesthetes nevertheless constituted an influential social network imbuing fin de siècle artistic communities with political purpose and political lobbies with aesthetic sensibility **The National Union of Women's Suffrage Societies 1897-1914 (Routledge Revivals)** Leslie Hume, 2016-04-06 First published in 1981 this book traces the history of the National Union of Women's Suffrage Societies NUWSS from 1897-1914 Whereas most historians have focused on the more militant aspect of the struggle for female enfranchisement embodied by the Women's Political and Social Union WPSU this work provides an essential overview of the often dismissed non violent and constitutional NUWSS by 1914 the largest single women's suffrage organisation The author argues that although a less dramatic organisation than the WPSU the NUWSS was far more responsible for laying the pre war groundwork for the enfranchisement of women in 1918 *Siblinghood and Sociability in Nineteenth-Century Ulster* Shannon Devlin, 2025-01-28 This book is an innovative exploration of nineteenth century family life and society The first study of its kind it uses the sibling relationship as a window into Irish society in the past Employing a creative genealogical methodology Shannon Devlin pieces together the lives of twenty five sibling sets from Ulster allowing for an exploration of power emotion and gender in the family She considers families from both Catholic and Protestant backgrounds and in urban and rural contexts shedding new light on the Ulster middle classes during a century of rapid social and economic change Through its emphasis on horizontal family relationships the book uncovers the lived experiences of individuals and reveals how the family could help navigate the social hierarchies and gendered power structures underpinning middle class society It complicates our understanding of family dynamics household formation and cultural performances of sociability and offers an exciting new

perspective on aspects of the lifecycle marriage practices inheritance family finances and Irish middle class mobility Exploring the influence of brothers and sisters on everyday life Siblinghood and Sociability in Nineteenth Century Ulster provides a unique insight into the ways in which family loyalties and obligations intersected with personal reputation aspiration and ambition **Women Who Made the News** Marjory Louise Lang,1999 However by providing news about women for women they made a distinctly female culture visible within newspapers chronicling the increasing participation of women in public affairs Women Who Made the News is the remarkable story of the achievements of those journalists who helped raise women s awareness of each other in the period ending with World War II BOOK JACKET **Fashionable Acts** Jennifer Hall-Witt,2007 A vibrant look at changes in British elite culture through the lens of opera going *Introduction to the Voluntary Sector* Rodney Hedley,Colin Rochester,Justin Davis Smith,2005-08-18 Overview of the voluntary sector its history importance and current responsibilities Practical guidance and analysis of issues facing voluntary sector including its legal framework in UK and EU fundraising management and accountability *Japanese Social Organization* Takie Sugiyama Lebra,1992-07-01 This excellent book will surely become a mainstay on the reading lists of anthropologists sociologists and Japan specialists for many years to come It provides rich and accessible ethnographic examples to illustrate basic anthropological theory The underlying theme is that although Japanese culture produced specifically Japanese social institutions these institutions can be studied using mainstream techniques The book is a model of its kind in the evenness of its contributions the quality of its writing and the thoroughness of its index Congratulations Monumenta Nipponica

Sacred to Female Patriotism Judith Schneid Lewis,2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company *Victorian Women's Fiction* Shirley Foster,2012 Annotation Focusing on the ways in which female novelists have challenged contemporary assumptions about their own sex this book s critical interest in women s fiction shows how 19th century women writers confront the conflict between the pressures of matrimonial ideologies and alternative of single or professional life British History 1815-1914 Norman McCord,Bill Purdue,A. William Purdue,2007-10-25 This fully revised and updated new edition extended to cover the period up to 1914 provides the ultimate introduction to British history between the end of the Napoleonic Wars and the outbreak of the First World War *Women Philosophers in Nineteenth-Century Britain* Alison Stone,2023 Many women wrote philosophy in nineteenth century Britain and they wrote across the full range of philosophical topics Yet these important women thinkers have been left out of the philosophical canon and many of them are barely known today The aim of this book is to put them back on the map It introduces twelve women philosophers Mary Shepherd Harriet Martineau Ada Lovelace George Eliot Frances Power Cobbe Helena Blavatsky Julia Wedgwood Victoria Welby Arabella Buckley Annie Besant Vernon Lee and Constance Naden Alison Stone looks at their views on naturalism philosophy of mind evolution morality and religion and progress in history She shows how these women interacted and developed their philosophical views in conversation with one another not only with their male contemporaries

The rich print and periodical culture of the period enabled these women to publish philosophy in forms accessible to a general readership despite the restrictions women faced such as having limited or no access to university education Stone explains how these women became excluded from the history of philosophy because there was a cultural shift at the end of the nineteenth century towards specialised forms of philosophical writing which depended on academic credentials that were still largely unavailable to women

Inventing Maternity Susan C. Greenfield,1999

Family Experiments Shelley Richardson,2016-11-30 Family Experiments explores the forms and undertakings of family that prevailed among British professionals who migrated to Australia and New Zealand in the late nineteenth century Their attempts to establish and define family in Australasian suburban environments reveal how the Victorian theory of separate spheres could take a variety of forms in the new world setting The attitudes and assumptions that shaped these family experiments may be placed on a continuum that extends from John Ruskin s concept of evangelical motherhood to John Stuart Mill s rational secularism Central to their thinking was a belief in the power of education to produce civilised and humane individuals who as useful citizens would individually and in concert nurture a better society Such ideas pushed them to the forefront of colonial liberalism The pursuit of higher education for their daughters merged with and in some respects influenced first wave colonial feminism They became the first generation of colonial middle class parents to grapple not only with the problem of shaping careers for their sons but also and more frustratingly what graduate daughters might do next

Emigrant Gentlewomen A. James Hammerton,2016-07-01 First published in 1979 This book examines the distressed gentlewoman stereotype primarily through a study of the experience of emigration among single middle class women between 1830 and 1914 Based largely on a study of government and philanthropic emigration projects it argues that the image of the downtrodden resident governess does inadequate justice to Victorian middle class women s responses to the experience of economic and social decline and to insufficient female employment opportunities This title will be of interest to students of history

Men, Women, and Money David R. Green,2011-04-28 There has been considerable research into the growth of limited companies in Great Britain in the 19th century but not much is known about their investors both men and women This interdisciplinary book based on new research investigates the identity and behaviour of these investors

The Victorian Governess Kathryn Hughes,2001-01-01 The figure of the governess is very familiar from nineteenth century literature Much less is known about the governess in reality This book is the first rounded exploration of what the life of the home schoolroom was actually like Drawing on original diaries and a variety of previously undiscovered sources Kathryn Hughes describes why the period 1840 80 was the classic age of governesses She examines their numbers recruitment teaching methods social position and prospects The governess provides a key to the central Victorian concept of the lady Her education consisted of a series of accomplishments designed to attract a husband able to keep her in the style to which she had become accustomed from birth Becoming a governess was the only acceptable way of earning money open to a lady

whose family could not support her in leisure Being paid to educate another woman s children set in play a series of social and emotional tensions The governess was a surrogate mother who was herself childless a young woman whose marriage prospects were restricted and a family member who was sometimes mistaken for a servant Nursing before Nightingale, 1815-1899 Carol Helmstadter, Judith Godden, 2016-05-23 Nursing Before Nightingale is a study of the transformation of nursing in England from the beginning of the nineteenth century until the emergence of the Nightingale nurse as the standard model in the 1890s From the nineteenth century on historians have considered Florence Nightingale with her training school established at St Thomas s Hospital in 1860 the founder of modern nursing This book investigates two major earlier reforms in nursing a doctor driven reform which came to be called the ward system and the reforms of the Anglican Sisters known as the central system of nursing Rather than being the beginning of nursing reform Nightingale nursing was the culmination of these two earlier reforms The Less Noble Sex M. Jeanne Peterson, 1989-05-22 Physically frail badly educated girls brought up to lead useless lives as idle gentlewomen married to dominant husbands and relegated to separate spheres of life these phrases have often been used to describe Victorian upper middle class women M Jeanne Peterson rejects such formulations and the received wisdom they embody in favor of a careful examination of Victorian ladies and their lives Focusing on a network of urban professional families over three generations this book examines the scope and quality of gentlewomen s education their physical lives their relationship to money their experience of family illness and death and their relationships to men brothers and friends as well as fathers and husbands Peterson also examines the prominent place of work in the lives of these leisured Victorian ladies both single and married Far from idle the mothers wives and daughters of Victorian clergymen doctors lawyers university dons and others were accomplished and productive members of society who made substantial public and private contributions to virtually every sphere of Victorian life
