international celebrity an idiosyncratic collection of short pieces that create a portrait of the mercurial star From a Detroit housing project to a Connecticut mansion who is this woman who exacts such loyalty from her fans and such vitriol from her detractors There are pieces on Diana s tantrums true but also jottings on the homes she s lived in the food she eats the cars she drives even her role as muse for writers There is a collection of poetic similes commentators have employed to describe her as well as a mind boggling catalogue of garish tabloid headlines This off beat book admittedly an obsessive fan s unembarrassed send up equal parts delight and censure is a spirited yet sardonic tale that also explores the integration of black music into the white mainstream Frankly Diana led that noble charge What the author delights in is the unorthodox observation and gossipy tidbit that accompanied that revolution *new clothes for the empress* , *Bluefoot* Victor Jide Animasahun,2014-01-30 SUCCESS IS MORE THAN WHAT YOU THINK There is growing concern of mediocrity in almost every place and the need for excellence has to be stirred up once again in everyone This is because mediocrity if unchecked would certainly degenerate into idiocy and high level productivity would soon become old fashioned This book was written beginning with the end in mind The term BLUEFOOT was coined to synchronise the process and the product of career success moving from the process of resolving to live by the blueprint for a successful career to the product achieving the desired booming career Every blueprint discussed is aimed at structuring the reader to leave ineradicable footprints in the sands of their career We must begin to consider passing on the torch of excellence and optimum performance to posterity
