Berlitz, 2016-05-03 A river cruise is undoubtedly the most civilized way to see the best of Europe you can relax in the comfort of a small vessel as you glide through picturesque towns and spectacular scenery But how do you choose which cruise company which kind of rivership and where to go This thoroughly updated and expanded new edition of the Berlitz guide to River Cruising in Europe will tell you everything you need to know about taking a cruise along Europe's beautiful rivers and waterways The book cuts through the brochures hype almost every river cruise company promises you luxury But what does luxury really mean The guide gives you unbiased advice on the different kinds of river vessels and the facilities they offer helping you to make an informed choice We take you on a journey along Europe's rivers and waterways describing the highlights along the way the historic cities and majestic scenery of the Danube the castles and vineyards of the romantic Rhine and much more Also included are listings for over 200 riverships which are described and impartially rated so that you can easily compare them and their facilities *Obstructive Marketing* Maitland Hyslop, 2016-05-23 In *Obstructive Marketing* Maitland Hyslop deals with a very negative kind of activity which embraces activities legal or otherwise designed to prevent or restrict the distribution of a product or service temporarily or permanently against the wishes of the product manufacturer service provider or customer When the author defined this phenomenon as Obstructive Marketing and started to research it more than a decade ago it was seen as a valid concept that was perhaps ahead of its time The World has moved on and in the era of globalization a study of this negative aspect of marketing is now required Obstructive Marketing is now seen as the business equivalent of asymmetric warfare which is increasingly understood because the rise of the South and East at the expense of the North and West has brought some Obstructive Marketing stratagems into sharp focus Using the author's own research this book explains what Obstructive Marketing is and why it is not called Anti Marketing The author explains who practises Obstructive Marketing where when and how and why businesses are particularly vulnerable when entering new markets and engaging in change and innovation Intriguing concepts such as cultural risk are illuminated along with formal

links between Obstructive Marketing asymmetric warfare and terrorism This all leads to identification of the need for a strong Government Business partnership to counter the effects of this darkest kind of marketing *Berlitz: River Cruising in Europe* Douglas Ward,2014-08-27 A river cruise is undoubtedly the most civilized way to see the best of Europe you can relax in the comfort of a small vessel as you glide through picturesque towns and spectacular scenery But how do you choose which cruise company which kind of rivership and where to go The Berlitz guide to River Cruising in Europe will tell you everything you need to know about taking a cruise along Europe s beautiful rivers and waterways The book cuts through the brochures hype almost every river cruise company promises you luxury But what does luxury really mean The guide gives you unbiased advice on the different kinds of river vessels and the facilities they offer helping you to make an informed choice We take you on a journey along Europe s rivers and waterways describing the highlights along the way the historic cities and majestic scenery of the Danube the castles and vineyards of the romantic Rhine and much Also included are listings for over 200 riverships which are described and impartially rated so that you can easily compare them and their facilities Public Opinion ,1887 **Journal of Education** ,1882 Catalog of Copyright Entries.
