Communities, 1070-1180 Micol Long,2021-10-11 In this study Micol Long looks at Latin letters written in Western Europe between 1070 and 1180 to reconstruct how monks and nuns learned from each other in a continuous informal and reciprocal way during their daily communal life The book challenges the common understanding of education as the transmission of knowledge via a hierarchical master disciple learning model and shows how knowledge was also shared exchanged jointly processed and developed Long presents a new and more complicated picture of reciprocal knowledge exchanges which could be horizontal and bottom up as well as vertical and where the same individuals could assume different educational roles depending on the specific circumstances and on the learning contents See inside the book **The History of the Christian Church ...** Philip Smith,1885 [The History of the Christian Church During the Middle Ages](#) Philip Smith,1885 **Christ and the Altar Fire: Sacrifice as Deification in Matthias Scheeben** David Augustine,2025-01-01 For renowned nineteenth century German dogmatic theologian Matthias Scheeben the divinely instituted liturgical cult of the Old Testament is replete with soteriological import figuratively signifying not only Christ s saving work and the sacramental worship of the New Testament but also the transformation and elevation of the rational creature by divine grace Scheeben s distinctive use of sacrificial concepts is rooted in his underlying view of sacrifice as primarily perfective directed to the glorification of God and constituted by the conversion of the offering into a pleasing and acceptable aroma via ritual burning with God given fire In *Christ and the Altar Fire* David Augustine offers an in depth study of Scheeben s soteriology of sacrifice providing a comprehensive analysis of his theology of sacrifice as well as a detailed examination of his sacrificial construal of Christ s person his saving work and its application to others At the heart of this account is Scheeben s understanding of Christ s sacrifice as encompassing his entire paschal mystery passion death resurrection and ascension itself a passage of glorification that serves as the site and source of deifying and latreutic nuptial union As he shows Scheeben employs the altar fire typology to establish a unity of cross and glory that fully maintains the atoning and meritorious significance of Christ s saving death Displaying careful attentiveness to Scheeben s historical context and to the contours of his substantial corpus Augustine also brings Scheeben s biblically inflected dogmatic theology into dialogue with contemporary biblical and theological scholarship showcasing the enduring relevance of his thought **The Penny Cyclopaedia of the Society for the Diffusion of Useful Knowledge** ,1835 *The Penny Cyclopaedia of The Society for the Diffusion of Useful Knowledge* Society for the Diffusion of Useful Knowledge (Great Britain),1835 **The Penny Cyclopaedia of the Society for the Diffusion of Useful Knowledge** Society for the Diffusion of Useful Knowledge,1835 **Bulletin of the National Association of Wool Manufacturers** National Association of Wool Manufacturers,1887 [Culture, Power and Personality in Medieval France](#) John F. Benton,1991-01-01 This collection is a notable example of how the cultural history of the middle ages can be written in terms that satisfy both the historian and the literary scholar John Benton s knowledge of the personnel structure and finance of medieval courts complemented his understanding of the

Colish, 1994 The first general study of Peter Lombard c 1100 1160 in a century this book places Peter s thought in the context of the intellectual debates of his time in the effort to understand the substance of Lombardian theology and the reasons why his principal work the Sentences immediately became a classic of early scholastic theology with a durable influence doing more to shape the education of university theologians and philosophers than any other work of systematic theology for the next four centuries Attention is paid to the sentence collection as a genre of theological literature the problem of theological language with which Peter and his contemporaries wrestled and his contribution to early scholastic biblical exegesis as well as to the development of his systematic theology in the Sentences **The Church Quarterly Review** Arthur Cayley Headlam, 1894
