proposed his radical postulate of equal incomes as a solution to those twin scourges of a modern industrial society poverty and inequality Set against the backdrop of Beatrice Webb s famous Minority Report of the Royal Commission on the Poor Law 1905 1909 a publication which led to grass roots campaigns against destitution and eventually the Welfare State this book considers how Shaw worked with Fabian colleagues Sidney and Beatrice Webb and H G Wells to explore through a series of major lectures prefaces and plays the social economic political and even religious implications of human equality as the basis for modern democracy
